**Comments for Public Posting:** It is undeniable that Los Angeles does not have enough affordable housing and that we need to create much more. It is clear that many of our residents struggle to keep a roof over their heads, while others fall into homelessness. The solution to homelessness is affordable housing. As a resident of Valley Village, I urge passage of this motion.

**Comments for Public Posting:** I urge the full Council to support 21-0658 to expedite the development of affordable housing and streamline 100% deed-restricted affordable housing projects in the City of Los Angeles. There is a dire shortage of affordable housing in our city and the current restrictions do nothing to ensure a permanent stock of housing supply. I encourage ALL members to be Bold and find appropriate properties for affordable housing development in your district. Vote Yes on 21-0658

**Comments for Public Posting:** The best solutions to our current housing crisis are those that create more affordable housing as quickly as possible. Therefore, Council File 21-0658 is one action the City must pursue to tackle this crisis. As a Studio City resident and constituent of CD 2, I am in full support of Council File 21-0658.
