**Comments for Public Posting:** I am writing to express strong support for Councilmember Raman's motion. As a local mutual aid organizer and former co-chair of my Neighborhood Council's renters committee, I have seen the immense stress Angelenos are under trying to stay in their homes as the cost of living drives up in our City. I would welcome the chance for LA to streamline affordable housing to make sure we are catching up to the demand. Los Angeles is falling behind the rest of the country when it comes to affordability and inequality. The people worst affected by this issue have very few options left, and time is running out for us to solve these problems without it negatively affecting our entire City. This is one solution that will help us solve this. Please pass this motion. Thank you for considering this feedback. Sincerely,
