Summary: In a regular monthly meeting of the Westside Neighborhood Council, the board voted to support the Council motion CF# 21-0658 if it is amended to require: (1) that streamlined projects must conform with existing zoning; (2) that streamlined project conforms with established design criteria and that the design criteria be applied to all streamlined projects (not as unenforceable suggestions, but as requirements), and that there be an opportunity for community input into the design review process; and (3) that recommendations for a shortened appeal process be omitted.
