Comments for Public Posting: This is an emergency - people are dying outside in the rain and the next Homelessness & Poverty Committee meeting isn't until 1/28. Shouldn't expanding winter shelters be a part of the Mayor's emergency declaration? If you're going to draft motions that lag in committee you may as well be drafting motions NOW for summer cooling stations, not drafting motions in mid-DECEMBER for winter shelter expansion. This a SEASON that happens EVERY SINGLE YEAR for goodness sake, and no one in our city government even thinks to address it until the crisis is in full swing.
