Comments for Public Posting: I am writing to protect single-family neighborhoods throughout Los Angeles and in support of Draft #3 of the CHIP/Housing Element Rezoning ordinance without the included the Exhibit D "options" (Council File 21-1230-S5) that would open up single-family neighborhoods to needless development. The Planning Department, in its report, clearly states that they have identified enough opportunities throughout our city to rezone to meet the State's mandate for housing without the need to rezone our single-family areas. Here are some facts to consider. 1. The Department of City Planning has already acknowledged that rezoning single-family neighborhoods is not necessary to achieve the housing goals CHIP set out to reach. 2. State law already allows a duplex and two ADUs on each and every residential property. Single-family zones do and will continue to contribute to the housing inventory with thousands of ADUs. 3. An "unholy alliance" of housing-at-any-and-all-costs-any-time-anywhere ideologues using an inflammatory narrative and greedy investor / developers seeking to increase the value of their R1 real estate holdings by deregulating single-family neighborhoods to allow more density are collaborating to re-zone R1. Allowing apartments in single-family neighborhoods will not right the wrongs that in the past prevented people from buying homes. Instead, it keeps more people as renters. People need the opportunity to buy affordable homes so they can build generational wealth. Ending single-family zones will take away upward economic mobility from current and future generations of Angelenos. 4. Draft # 3 without Exhibit D options already includes a comprehensive plan for adding housing in all our high resource areas on our commercial corridors. If planned correctly new, vibrant neighborhoods can be created in each of our communities that include new affordable single-family homes for sale along corridors that abut existing single-family neighborhoods. We must help families, who have lost hope of owning their own home, achieve that goal. You are deciding on an existential issue affecting hundreds of thousands of Angelenos. I ask you to respect the diversity of housing which makes Los Angeles the remarkable city that it is. The Department of City Planning, the City Planning Commission, the Council's PLUM Committee and the State Housing Board have all approved Draft

#3 without Exhibit D. Please vote to Approve Draft #3 without the options contained In Exhibit D. Respectfully, David Grant
