**Comments for Public Posting:** We need to make the house where Marilyn Monroe lived and died a landmark. Too much of our history has been erased to build a pool or parking lot. Marlyn is part of the history of Los Angeles and I support stopping its destruction.

**Comments for Public Posting:** Please approve the HCM designation for the Marilyn Monroe residence. It would be disastrous for the City of aLA and Hollywood glamour to demolish this residence. Please preserve Marilyn Monroe legacy.

**Comments for Public Posting:** We need to have a connection with our past history and NOT protecting this historical monument will permanently tear out a piece of the heart of Los Angeles.

**Comments for Public Posting:** I am writing in support of allowing the owner of this property to do with it as they please; the city should not be in the business of forcing property owners to keep their property locked in time, via a Historic-Cultural Monument designation or any other way, particularly when there is no public interest in the property (e.g., maintaining access or opening the house to public visits etc.). The city should also not force owners to maintain or open their property to public access if they would prefer not to.
