Dear City Council,

As someone who cares deeply about our community, I believe our Council Meetings should be a space where collaboration, respect, and meaningful dialogue thrive. These gatherings have the potential to bring people together, spark solutions, and create lasting positive change. However, too often, disruptive behavior and hostility overshadow the opportunity for real progress, making it difficult for voices to be heard and ideas to be shared.

We all deserve a space where diverse perspectives can be expressed in an atmosphere of mutual respect. A space where discussions lead to action, where differing opinions can coexist without fear or intimidation, and where our collective time is spent productively.

I urge you to prioritize and uphold these values by setting clear expectations for civility and ensuring that Council Meetings remain a place where all members of our community feel welcome and empowered to participate. Together, we can create a space that reflects the best of who we are and what we strive to achieve.

Sincerely,

Kalani Robinson
