The Honorable Members of City Council of the City of Los Angeles
c/o Office of the City Clerk
City Hall, Room 395

Dear Honorable Members:

This is the Investment Report for the month ending December 31, 2024. It is provided to ensure the City Council is informed of the Department's activities. It satisfies the recommended reporting requirements of the City of Los Angeles Administrative Code, Chapter 5.1, Article 1, Section 20.90, which addresses the City Council's request for monthly financial information.

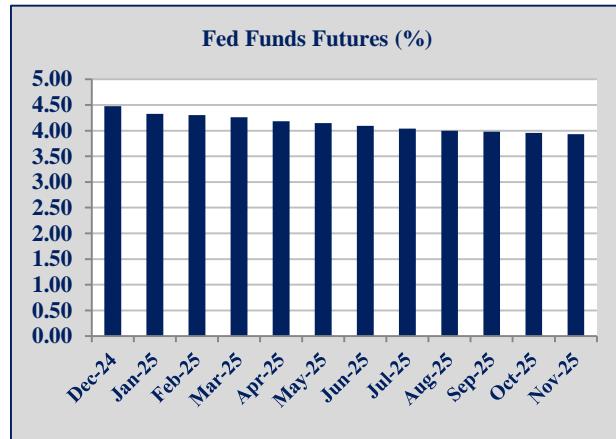

ECONOMIC ENVIRONMENT¹

The U.S. economy (as measured by the Gross Domestic Product-GDP) increased 3.1% on an annualized basis for the third quarter of 2024. The current anticipated growth rate for all of 2024 is 2.7% which is 0.1% higher than last month's 2024 full-year forecast. The U.S. unemployment rate for December 2024 was 4.1%. The Consumer Price Index (CPI) increased 2.9% for the twelve months ending December 2024. Prices were up in large part due to shelter, education, and services. U.S. consumer spending, as measured by Retail Sales, increased 3.9% over the past twelve months.

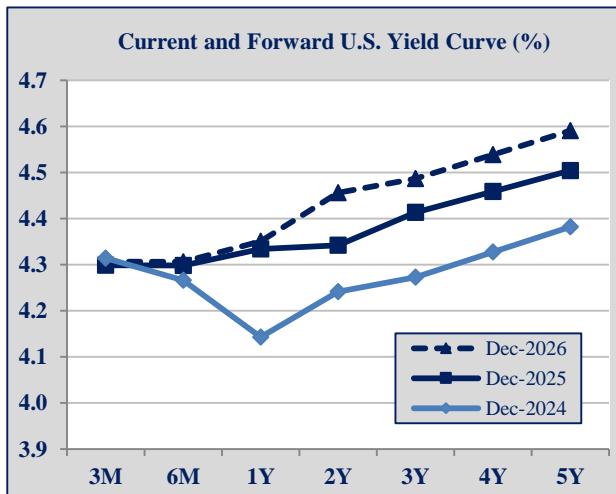

¹ Sources: Bloomberg Finance L.P.

The Federal Reserve cut the Fed Funds rate by 0.25% to the 4.25% to 4.50% range at its December 18, 2024 meeting. The Committee stated, "Recent indicators suggest that economic activity has continued to expand at a solid pace. Since earlier in the year, labor market conditions have generally eased, and the unemployment rate has moved up but remains low. Inflation has made progress toward the Committee's 2 percent objective but remains somewhat elevated. The Committee seeks to achieve maximum employment and inflation at the rate of 2 percent over the longer run. The Committee judges that the risks to achieving its employment and inflation goals are roughly in balance. The economic outlook is uncertain, and the Committee is attentive to the risks to both sides of its dual mandate."

CURRENT AND FORWARD INTEREST RATES

The current U.S. Treasury yield curve is inverted on the front end of the curve and upward sloping on the longer end of the curve, giving longer term investors more yield as they realize more interest rate risk than shorter term investors. Forward yield curves, which are based upon the current rates, indicate higher short-term rates and higher long-term rates in the future.

COMPLIANCE

Investment transactions were executed in accordance with the California State Government Code and the City's Investment Policy. The City Treasurer believes the General Pool contains sufficient cash flow liquidity to meet the next six months of expected expenditures.

REVIEW AND MONITORING

Meeder Public Funds, the City's investment advisor, currently monitors the Department's investment activities.

GENERAL POOL CHARACTERISTICS

The Office of Finance invests in a variety of fixed income securities in accordance with current policy and guidelines. The following table summarizes the key characteristics of the City's investment portfolios as of December 31, 2024.

¹ Performance, as measured by total rate of return, is calculated according to Global Investment Performance Standards, which is published by the CFA Institute and is widely accepted as the source of industry standard performance metrics. Section 2.A.1 states that total return, including realized and unrealized gains and losses must be used. Returns are calculated to the last business of the month. Figures may not total due to rounding.

The City measures investment returns on a book yield and a total return basis. Book yield is measured primarily for budgetary purposes, while total return is used primarily to measure risk. Investment performance calculated on a book yield basis is measured to custom benchmarks using industry-recognized benchmarks. Investment performance calculated on a total return basis is measured to established industry-recognized benchmarks. The tables on the previous page summarize the December 31, 2024 portfolio book yield and total rate of return for the City's General Pool.

Market prices are provided by the City's custodian. Additional investment information may be found on pages 6 through 41 of this report.

The objective of the Core Portfolio is to preserve capital, maintain liquidity, and earn income. The 3-month T-bill index is the most appropriate available index to use. The Core Portfolio does not mirror the investments in the total return index due to limited (Thursday) maturities, and the large daily cash flows of the City, which require the placement, and subsequent maturity of securities daily.

Respectfully,

Diana Mangioglu
City Treasurer/Director of Finance
