## MANAGEMENT DISTRICT PLAN SUMMARY

The South Los Angeles Industrial Tract (“SLAIT BID”) is a Property and Business Improvement District (PBID) being renewed for a 6-year term by a consortium of property and business owners within the SLAIT BID. The SLAIT BID is an industrial/manufacturing/heavy commercial district bounded roughly by Slauson Avenue on the north, Florence Avenue on the south, Central Avenue and McKinley Avenue on the east and Avalon Boulevard on the west. The purpose of the SLAIT BID is to continue to provide and manage “clean and safe” programs and improvements for this important industrial center, including Security/Maintenance and Marketing/Operations/Management. The SLAIT BID will enable the SLAIT BID property owners, working as a unit, to continue to fund needed property and business related programs above what is provided by tax supported City of Los Angeles base level services.

**Name:** The name of the proposed renewed District is the South Los Angeles Industrial Tract Business Improvement District (SLAIT BID)

**Location:** The proposed renewed SLAIT BID encompasses all parcels bounded roughly by Slauson Avenue on the north, Florence Avenue on the south, Central Avenue on the east and Avalon Boulevard on the west - excluding the US Postal Facility property between Gage Avenue and Florence Avenue from just east of McKinley Avenue to Central Avenue. There are no changes proposed to the existing SLAIT BID boundaries. (A map showing the SLAIT BID boundaries is shown in Appendix 2 attached to this Plan).

**Zones:** There is one benefit zone within the proposed renewed SLAIT BID

**Services:** Security/Maintenance and Marketing/Operations/Management

**Finance:** Benefit assessment of real property (271 parcels). No bonds shall be issued to fund SLAIT BID programs.

**Budget:** SLAIT BID assessment revenue for Year 1 (2025) is projected to be \$1,006,205. It is noted that the Assessment Engineer has determined that general benefits equate to 2.5% of the total benefit value of \$1,032,005 or \$25,800 (See attached Engineer’s Report for more details on special and general benefits). Program costs associated with general benefits shall be derived from non-assessment revenue sources.

**Year 1 – 2025 PROPOSED BUDGET (ASSESSMENT REVENUES/SPECIAL BENEFITS)**

SECURITY & MAINTENANCE	MARKETING, OPERATIONS & MANAGEMENT	TOTAL
89.4228%	10.5772%	100.00%
\$899,777	\$106,428	\$1,006,205

**Benefits:** “General Benefit” is defined as: “A benefit to properties in the area and in the surrounding community or benefit to the public in general resulting from the improvement, activity, or service to be provided by the assessment levied”. “Special Benefit” as defined by the California State Constitution means a distinct benefit over and above general benefits conferred on real property located in the SLAIT BID or to the public at large.

**Formula:** The proposed SLAIT BID assessments are based on one factor: parcel land area. The Year 1 – 2025 SLAIT BID assessment rate per parcel is as follows:

FORMULA FACTOR	YR 1 - 2025 RATE/SF
Parcel Land Area Sq Ft (Unit A)	\$0.1137

**Cap:** Assessment increases are capped at a maximum of 5% per year, subject to approval by the SLAIT BID Property Owner Association Board of Directors.

**Renewal:** The SLAIT BID renewal is a two-step process. First, petitions signed by SLAIT BID property owners representing at least 50% of the total assessment to be levied must be secured. Second, property owners will be sent a ballot to vote on the SLAIT BID renewal. Returned ballots in support of the SLAIT BID renewal must outweigh those in opposition based on the amount of assessment to be levied.

**Duration:** The renewed SLAIT BID will have a term of six (6) years. After six years, the petition and balloting process must be repeated in order to renew the SLAIT BID and levy assessments again at that time. Future renewals may extend up to 10 years at a time.

## **II. SLAIT BID BOUNDARIES**

### **Setting and Boundary Description**

The South Los Angeles Industrial Tract Business Improvement District (“SLAIT BID”) is approximately 22 blocks consisting of 271 identified assessed parcels. It encompasses all parcels bounded roughly by Slauson Avenue on the north, Florence Avenue on the south, Central Avenue on the east and Avalon Boulevard on the west - excluding the US Postal Facility property between Gage Avenue and Florence Avenue from just east of McKinley Avenue to Central Avenue. The US Post facility parcel is not included in the SLAIT BID and services will not be provided to this because of restricted access and Federal security measures. There are no changes proposed to the existing SLAIT BID boundaries.

This industrial area is clearly and distinctively defined by industrial land uses and building types. The SLAIT BID is bounded by general commercial, retail and residential properties on the east, west, and south and separated from other parcels by railroad tracks on the north.

### **Benefit Zones**

There is one benefit zone within the SLAIT BID.

### **Boundary Rationale**

#### **Northern Boundary**

The northern boundary of the SLAIT BID is defined by the centerline of Slauson Avenue between the centerline of Avalon Boulevard on the west and the centerline of Central Avenue on the east. The northern boundary was chosen because all parcels to the south of Slauson Avenue are industrial land uses and zoning while those north of Slauson Avenue are separated from those south of Slauson Avenue by railroad tracks and represent more general commercial, retail and residential land uses and zoning with much different service needs than are provided by the industrial based SLAIT BID. No SLAIT BID services will be provided north of the centerline of Slauson Avenue.

#### **Eastern Boundary**

The eastern boundary of the SLAIT BID is defined by the centerline of Central Avenue between the centerline of Slauson Avenue on the north and Gage Avenue on the south; the centerline of Gage Avenue between the centerline of Central Avenue on the east and the eastern property line of the abandoned railroad right of way on the west which is approximately parallel to and east of McKinley Avenue; and, the eastern property line of said abandoned railroad right of way between the centerline of Gage Avenue on the north and the centerline of Florence Avenue on the south. The eastern boundary was chosen because all parcels to the west of Central Avenue and said abandoned railroad right of way are industrial land uses and zoning while those east of Central Avenue between Slauson Avenue and Gage Avenue represent more general commercial, retail and residential land uses and zoning with much different service needs than are provided by the industrial based SLAIT BID. The US Postal Facility property between Gage Avenue and Florence Avenue from the east property line of said abandoned railroad right of way to Central Avenue is not included in the SLAIT BID because of restricted access and Federal security measures. In addition, the US Attorney General has opined that in accordance with the Supremacy Clause of the US Constitution, federally owned properties are exempt from local property taxes and assessments. No SLAIT BID services will be provided east of the centerline of Central Avenue between Slauson Avenue and Gage Avenue nor will SLAIT BID services be provided to the US Postal facility parcel as described above.

Southern Boundary

The southern boundary of the SLAIT BID is defined by the centerline of Florence Avenue between the eastern property line of the abandoned railroad right of way which lies approximately parallel to and east of McKinley Avenue on the east and the centerline of Avalon Boulevard on the west. The southern boundary was chosen because all parcels to the north of Florence Avenue between said abandoned railroad right of way and Avalon Boulevard are industrial land uses and zoning while those south of Florence Avenue represent more general commercial, retail and residential land uses and zoning with much different service needs than are provided by the industrial based SLAIT BID. No SLAIT BID services will be provided south of the centerline of Florence Avenue.

Western Boundary

The western boundary of the SLAIT BID is defined by the centerline of Avalon Boulevard between the centerline of Florence Avenue on the south and the centerline of Slauson Avenue on the north. The western boundary was chosen because all parcels to the east of Avalon Boulevard between Florence Avenue and Slauson Avenue are industrial land uses and zoning while those west of Avalon Boulevard represent more general commercial, retail and residential land uses and zoning with much different service needs than are provided by the industrial based SLAIT BID. No SLAIT BID services will be provided west of the centerline of Avalon Boulevard.

A list of all parcels included in the proposed renewed SLAIT BID is shown as Appendix 1, attached to this Plan identified by their respective Los Angeles County assessor parcel number and common street address. The boundary of the proposed renewed SLAIT BID is shown on the map of the proposed renewed SLAIT BID attached as Appendix 2 to this Plan.

All identified assessed parcels within the above-described boundaries shall be assessed to fund supplemental special benefit programs, services and improvements as outlined in this Plan and in the Management District Plan. All SLAIT BID funded services, programs and improvements provided within the above described boundaries shall confer special benefit to identified assessed parcels inside the SLAIT BID boundaries and none will be provided outside of the SLAIT BID. Each assessed parcel within the SLAIT BID will proportionately specially benefit from the SLAIT BID funded programs and services (i.e. Security/Maintenance and Marketing/Operations/Management). These services, programs and improvements are intended to improve commerce, employment, rents and occupancy rates and investment viability of individually assessed parcels and businesses on them within the SLAIT BID. The SLAIT BID confers special benefits on each and every individually assessed parcel by deterring crime, and reducing litter, debris and graffiti, each considered detractions if not contained and properly managed. All SLAIT BID funded services programs and improvements are considered supplemental, above normal base level services provided by the City of Los Angeles and are only provided for the special benefit of assessed parcels within the boundaries of the proposed renewed SLAIT BID.

The SLAIT BID includes 271 parcels, all of which are identified as assessable within one Benefit Zone and which are listed in the Assessment Roll included as Appendix 1. A SLAIT BID Boundary Map is included as Appendix 2.

### **III. Proposed 6-Year SLAIT BID Work Plan and Budget**

#### **Overview**

The services, programs and improvements to be funded by the SLAIT BID include Security/Maintenance and Marketing/Operations/Management. The property uses within the boundaries of the SLAIT BID that will receive special benefits from SLAIT BID funded programs, services and improvements are currently a mix of industrial, manufacturing and heavy commercial. Services, programs and improvements provided and funded by the SLAIT BID are primarily designed to provide special benefits as described below to identified assessed parcels within the boundaries of the SLAIT BID.

These special benefits are particular and distinct to each and every identified assessed parcel within the SLAIT BID and are not provided to non-assessed parcels outside of the SLAIT BID. These programs, services and improvements will only be provided to each individual assessed parcel within the SLAIT BID boundaries and, in turn, confer proportionate "special benefits" on each assessed parcel.

The very nature of the purpose of the SLAIT BID is to fund supplemental programs, services and improvements to assessed parcels within the SLAIT BID boundaries above and beyond the base line services provided by the City of Los Angeles. The City of Los Angeles does not provide these supplemental programs and services. All benefits derived from the assessments to be levied on assessed parcels within the SLAIT BID are for services, programs and improvements directly and specially benefiting each individual assessed parcel within the SLAIT BID. No SLAIT BID funded services, activities or programs will be provided outside of the SLAIT BID boundaries.

The program special benefit cost allocations of the SLAIT BID assessment revenues for Year 1 (2025) are shown in the Table on page 9 of this Plan. The projected program special benefit cost allocations of the SLAIT BID assessment revenues for the 6-year SLAIT BID term, assuming a 5% maximum annual assessment rate increase, are shown in the Table on page 10 of this Plan.

#### **WORK PLAN DETAILS**

The property uses within the boundaries of the SLAIT BID which will receive special benefits from SLAIT BID funded programs and services are currently almost entirely industrial based or heavy commercial. Services, programs and improvements provided by the SLAIT BID (i.e. Security/Maintenance and Marketing/Operations/Management) are designed to provide special benefits as described below to identified assessed parcels and the industrial/commercial land uses within the boundaries of the SLAIT BID. It is noted that 100% of the SLAIT BID funds are allocated to "clean and safe" programs and related marketing, operation and management expenses.

The following programs, services and improvements are proposed by the SLAIT BID to specially benefit each and every individually assessed parcel within the SLAIT BID boundaries. SLAIT BID services, programs and improvements will not be provided to parcels outside the SLAIT BID boundary.

**1) SECURITY AND MAINTENANCE    \$922,848    (Special and General Benefits)**

**Security**

The Security program provides services 24 hours per day, 7 days per week to each and every assessed parcel within the SLAIT BID through a combination of bicycle and vehicular patrols. These services are intended to deter property theft, scavenging, illegal dumping and other related issues. Uniformed safety patrol officers provide a variety of security and safety services by assisting property owners, patrons, visitors and employees and support police crime prevention efforts to reduce the incidence of crime and quality of life issues.

In addition to the security patrols, the SLAIT BID has installed a 40-camera, video surveillance system that is placed strategically throughout the SLAIT BID. The system assists the security patrol and law enforcement as a crime deterrent and could be helpful in documenting criminal activity.

Security also includes operation and maintenance of over a dozen automatic opening security gate arm pairs that serve as a “traffic calming” measure after dark to slightly delay access to interior roadways within the SLAIT BID to deter speeding/racing within the SLAIT BID. The gates serve the same purpose as “speed bumps” in residential neighborhoods but which are impractical in a heavy industrial area such as the SLAIT BID with an abundance of heavy trucking traffic and loads in and out of the area all hours of day and night.

It is noted that, included in the cost of security features, i.e. cameras, security software, and street crossing gates (arms, cabinets and mechanisms), is an allowance to replace and upgrade these features when they become excessively worn and/or obsolete. The cameras, gate mechanisms and operating software, while fully integrated, no longer require a universal upgrade of all components at the same time in order to operate properly in a synchronized manner. They can now be upgraded in a phased or piecemeal fashion in any given year as needed.

Since the SLAIT BID’s inception, the Security program element has been extremely effective in helping to deter local crime within the SLAIT BID. This has been accomplished through a combination of the SLAIT BIDs effective interaction with LAPD and the presence of SLAIT BID funded security patrols and monitoring systems within the SLAIT BID.

The SLAIT BID funded Security program element will confer proportionate special benefits to each and every identified and assessed parcel within the proposed SLAIT BID. As a result of the SLAIT BID funded Security program element, assessed parcels may attract more commercial and industrial clients, employees, tenants and investors and thereby may increase business volumes, sales transactions, industrial/commercial occupancies, industrial/commercial rental income and return on investments.

The SLAIT BID funded Security program element is designed to improve industrial commerce, security and safety of assessed parcels for their tenants, patrons, visitors and employees within the SLAIT BID which may reduce criminal activity and criminal elements, both considered detractions to commerce, industrial/commercial occupancy and rental rates and investment return if not contained and properly managed.

Maintenance

Maintenance includes regular programmed and response oriented sidewalk sweeping and pressure washing, graffiti abatement, removal of trash and discarded bulky items, and other related streetscape related issues that may arise. Maintenance services are provided directly to and for the special benefit of each and every assessed parcel within the SLAIT BID.

SLAIT BID funded maintenance services will confer proportionate special benefits to each and every identified and assessed parcel within the proposed renewed SLAIT BID. As a result of the SLAIT BID funded Streetscape Services program element, assessed parcels may attract more industrial clients, employees, tenants and investors which may increase business volumes, sales transactions, industrial/commercial occupancies, industrial/commercial rental income and investment viability.

SLAIT BID funded maintenance services are designed to improve industrial commerce and aesthetics and appearance of assessed parcels within the SLAIT BID for their tenants, patrons, visitors and employees by reducing litter, debris and graffiti, all considered detractions to commerce, industrial/commercial occupancy and rental rates and investment viability if not contained and properly maintained and managed.

**2) Marketing, Operations and Management** \$109,157 (Special and General Benefit Costs)

Marketing includes production of a quarterly newsletter that is distributed to all property owners in the SLAIT BID and maintaining the SLAIT BID’s website – [www.slaitbid.com](http://www.slaitbid.com). Marketing also includes the cost of conducting the annual meeting of property and business owners.

This component is designed to specially benefit and improve the informational needs of property and business owners within the SLAIT BID. This special benefit program is designed to inform owners, employees and tenants of localized issues including safety and security which, in turn, may increase business volumes, sales transactions, commercial occupancies, commercial rental income and return on investments for each parcel and business within the SLAIT BID. Marketing programs will only be provided for parcels and businesses located within the SLAIT BID boundaries.

Operations includes the costs associated with operating a successful and professional SLAIT BID such as legal services, printing, postage, supplies, production of the Annual Planning Report and Budget and quarterly reports. It also covers the costs associated with SLAIT BID renewal, as well as City and/or County fees associated with their oversight of the SLAIT BID

This component is key to the proper expenditure of SLAIT BID assessment funds and to provide the operation structure for SLAIT BID programs and activities that are intended to provide consistent and effective “clean and safe” services for the safety and appeal of assessed properties within the SLAIT BID which may in turn, increase business volumes, industrial occupancies and rental income and investment viability for each parcel and business within the SLAIT BID. Operations pertain only to the operation of the SLAIT BID and will only be provided for matters pertaining to each individual assessed parcel within the SLAIT BID boundaries that will, in turn, specially benefit from this activity.

Management includes the cost of personnel to oversee implementation of this Management District Plan and the various programs, services and improvement projects delineated in this Plan during the SLAIT

## SOUTH LOS ANGELES INDUSTRIAL TRACT BID – MANAGEMENT DISTRICT PLAN

BID’s 6-year term. This element also includes oversight of the Owners’ Association’s compliance with the terms of its contract with the City. Management also includes accounting/bookkeeping fees and Directors & Officers and General Liability insurance.

This component is key to the proper expenditure of SLAIT BID assessment funds and the administration of SLAIT BID programs and activities that are intended to provide consistent and effective “clean and safe” services for the safety and appeal of assessed properties within the SLAIT BID which may in turn, increase business volumes, industrial occupancies and rental income and investment viability for each parcel and business within the SLAIT BID. Operations pertain only to the operation of the SLAIT BID and will only be provided for matters pertaining to each individual assessed parcel within the SLAIT BID boundaries that will, in turn, specially benefit from this activity.

In summary, all SLAIT BID funded services, programs and improvements described above confer special benefits to identified assessed parcels inside the SLAIT BID boundaries and none will be provided outside of the SLAIT BID. Each assessed parcel within the SLAIT BID will proportionately specially benefit from Security/Maintenance and Marketing/Operations/Management. These services, programs and improvements are intended to improve commerce, employment, rents, occupancy rates and investment viability of assessed parcels within the proposed renewed SLAIT BID. SLAIT BID funded programs, services and improvements are intended to improve industrial commerce and aesthetic appeal for each assessed parcel within the SLAIT BID and its tenants, patrons, visitors and employees by deterring crime and reducing litter/debris/graffiti, each considered detractors to commerce, industrial/commercial occupancy and rental rates and investment viability if not contained and properly managed. All SLAIT BID funded services programs and improvements are considered supplemental, above normal base level services provided by the City of Los Angeles and are only provided for the special benefit of each and every assessed parcel within the boundaries of the proposed renewed SLAIT BID.

### **WORK PLAN BUDGET**

Each identified assessed parcel within the SLAIT BID will be assessed the full amount of the proportionate special benefit conferred upon it based on the level of SLAIT BID funded services provided. The projected SLAIT BID program special benefit (assessments) allocation budget for Year 1 (2025) is shown in the following Table:

**SLAIT BID Year 1 (2025) Special Benefit Assessment Budget**

<b>SECURITY &amp; MAINTENANCE</b>	<b>MARKETING, OPERATIONS &amp; MANAGEMENT</b>	<b>TOTAL</b>
89.4228%	10.5772%	100.00%
\$899,777	\$106,428	\$1,006,205

In order to carry out the SLAIT BID programs outlined in the previous section, a Year 1-2025 assessment budget of \$1,006,205 is projected. Since the SLAIT BID is planned for a 6-year term, projected program costs for future years (Years 2-6) are set at the inception of the SLAIT BID. While future inflationary and other program cost increases are unknown at this point, a built in maximum increase of 5% per year,

## SOUTH LOS ANGELES INDUSTRIAL TRACT BID – MANAGEMENT DISTRICT PLAN

commensurate to special benefits conferred on each assessed parcel, is incorporated into the projected program costs and assessment rates for the 6-year SLAIT BID term.

During the proposed 6-year renewal term, funding carryovers, if any, may be reapportioned the following year for related programs, services and improvements in accordance with City policy and the Management District Plan. Detailed annual budgets, including any anticipated carryovers, will be prepared by the Owners' Association Board and included in the Annual Report for the City Council's review and approval.

It is recognized that market conditions may cause the cost of providing goods and services to fluctuate from year to year during the 6-year term of the proposed SLAIT BID. Accordingly, the Owners' Association shall have the ability to reallocate up to 10% of any budget line item, within the budget categories, based on such cost fluctuations subject to the review and approval by the Owners' Association Board. Such reallocation will be included in the Annual Planning Report for the approval by the Los Angeles City Council pursuant to the Streets and Highways Code Section 36650. Any accrued interest or delinquent payments may be expended in any budget category in accordance with City policy.

It is estimated that up to \$80,000 may be carried over from the current 4-year term ending December 2024 to the first year of the proposed 6-year renewal term. Because there is no certainty as to the actual amount of any term carryover, such surplus carryover funds are not reflected in the 2025 budget. Carryover funds, if any, will be applied to the same budget line item(s) that was the source of the carryover funds. Carryover funds, if any, would be only expected from Security and/or Maintenance activities and thus the 2025 budget for Security & Maintenance could increase from the proposed 2025 amount of \$899,777 to as much as \$979,777 should such a surplus be carried over from 2024 to the renewed term beginning in 2025.

A 6-year projected SLAIT BID special benefit budget is shown in the following Table:

### **YEAR 1-6 PROJECTED SLAIT BID ASSESSMENT BUDGET SUMMARY (Special Benefits)**

(Assumes 5% max rate increase per year)

YEAR		SECURITY & MAINTENANCE	MARKETING, OPERATIONS & MANAGEMENT	TOTAL
		89.4228%	10.5772%	100.00%
<b>1</b>	<b>2025</b>	\$899,777	\$106,428	\$1,006,205
<b>2</b>	<b>2026</b>	\$944,766	\$111,749	\$1,056,515
<b>3</b>	<b>2027</b>	\$992,004	\$117,336	\$1,109,340
<b>4</b>	<b>2028</b>	\$1,041,604	\$123,203	\$1,164,807
<b>5</b>	<b>2029</b>	\$1,093,684	\$129,363	\$1,223,047
<b>6</b>	<b>2030</b>	\$1,148,368	\$135,831	\$1,284,199

## SOUTH LOS ANGELES INDUSTRIAL TRACT BID – MANAGEMENT DISTRICT PLAN

The SLAIT BID assessments may increase for each individual parcel each year during the 6-year effective operating period, but not to exceed 5% per year, commensurate to special benefits received by each assessed parcel, and must be approved by the Owners’ Association Board of Directors, included in the Annual Report and approved by the City of Los Angeles City Council. The Owners’ Association Board of the Directors (“Property Owners’ Association of the SLAIT BID) shall determine the percentage increase, if any, to the annual assessment, not to exceed 5% per year. The Owners’ Association Executive Director shall communicate the annual increase to the City each year in which the SLAIT BID operates at a time determined in the Administration Contract held between the Owners’ Association and the City of Los Angeles. No bonds are to be issued in conjunction with the proposed SLAIT BID.

Pursuant to Section 36671 of the Streets and Highways Code, any funds remaining after the 6th year of operation of the proposed renewed SLAIT BID will be rolled over into the renewal budget or returned to stakeholders in accordance with City policy and State Law. SLAIT BID assessment funds may be used to pay for costs related to the following SLAIT BID renewal term. If the SLAIT BID is not renewed or terminated for any reason, unencumbered/unexpended funds will be returned to the property owners in accordance with City policy and State Law

### **Special/General Benefits**

The Assessment Engineer (see attached Engineer’s Report) has determined that the general benefits (i.e. general benefits to assessed parcels within the SLAIT BID, the general public and surrounding parcels outside the SLAIT BID) of the proposed programs, services and improvements (i.e. Security/Maintenance and Marketing/Operations/Management) represent 2.5% of the total benefits generated and, in turn, 2.5% (\$25,800) of the total benefits of the SLAIT BID funded improvements, activities and services provided.

Total Year 1 benefits are estimated at \$1,032,005. General benefits are factored at 2.5% of the total benefits (see Finding 2 starting on page 5 of the attached Engineer’s Report) with special benefits set at 97.5%. Article XIID Section 4(b) of the California Constitution limits the levy of property assessments to costs attributed to special benefits only. The 2.5% general benefit value is computed to be \$25,800 with a resultant 97.5% special benefit limit computed at \$1,006,205. Based on current property data, this is the maximum amount of Year 1 (2025) revenue that can be derived from property assessments from the subject SLAIT BID.

All program costs associated with general benefits will be derived from sources other than SLAIT BID assessments. A breakdown of projected special and general benefits for each year of the 6-year renewal term is shown in the following Table:

### **6 Year Special + General Benefits (Assumes max of 5% Annual Increase)**

YR		PROGRAM CATEGORY	SPECIAL BENEFIT ASSESSMENT COSTS	GENERAL BENEFIT NON- ASSESSMENT COSTS	TOTAL ADJUSTED COSTS	% OF TOTAL
1	2025	SECURITY & MAINTENANCE	\$899,777	\$23,071	\$922,848	89.4228%
		MARKETING, OPERATIONS & MANAGEMENT	\$106,428	\$2,729	\$109,157	10.5772%
		TOTAL	\$1,006,205	\$25,800	\$1,032,005	100.00%

# SOUTH LOS ANGELES INDUSTRIAL TRACT BID – MANAGEMENT DISTRICT PLAN

2	2026	SECURITY & MAINTENANCE	\$944,766	\$24,225	\$968,991	89.4228%
		MARKETING, OPERATIONS & MANAGEMENT	<u>\$111,749</u>	<u>\$2,865</u>	<u>\$114,614</u>	<u>10.5772%</u>
		TOTAL	\$1,056,515	\$27,090	\$1,083,605	100.00%
3	2027	SECURITY & MAINTENANCE	\$992,004	\$25,436	\$1,017,440	89.4228%
		MARKETING, OPERATIONS & MANAGEMENT	<u>\$117,336</u>	<u>\$3,008</u>	<u>\$120,344</u>	<u>10.5772%</u>
		TOTAL	\$1,109,340	\$28,444	\$1,137,784	100.00%
4	2028	SECURITY & MAINTENANCE	\$1,041,604	\$26,708	\$1,068,312	89.4228%
		MARKETING, OPERATIONS & MANAGEMENT	<u>\$123,203</u>	<u>\$3,158</u>	<u>\$126,361</u>	<u>10.5772%</u>
		TOTAL	\$1,164,807	\$29,866	\$1,194,673	100.00%
5	2029	SECURITY & MAINTENANCE	\$1,093,684	\$28,043	\$1,121,727	89.4228%
		MARKETING, OPERATIONS & MANAGEMENT	<u>\$129,363</u>	<u>\$3,316</u>	<u>\$132,679</u>	<u>10.5772%</u>
		TOTAL	\$1,223,047	\$31,359	\$1,254,406	100.00%
6	2030	SECURITY & MAINTENANCE	\$1,148,368	\$29,445	\$1,177,813	89.4228%
		MARKETING, OPERATIONS & MANAGEMENT	<u>\$135,831</u>	<u>\$3,482</u>	<u>\$139,313</u>	<u>10.5772%</u>
		TOTAL	\$1,284,199	\$32,927	\$1,317,126	100.00%

## **Duration**

As allowed by State PBID Law, the SLAIT BID will have a six (6) year operational term from January 1, 2025 to December 31, 2030. The proposed renewed SLAIT BID operation is expected to begin services on January 1, 2025. If the SLAIT BID is not renewed again at the end of the proposed 6-year renewal term, services will end on December 31, 2030.

## **Time and Manner of Collecting Assessments**

As provided by State Law, the SLAIT BID assessment will appear as a separate line item on annual property tax bills prepared and issued by the County of Los Angeles. The Los Angeles City Clerk's Office may direct bill the first year's assessment for all property owners and will direct bill any property owner whose special assessment does not appear on the tax rolls for each year of the SLAIT BID term.

Assessments shall be collected at the same time and in the same manner as ad valorem taxes paid to the County of Los Angeles. SLAIT BID assessments shall provide for the same lien priority and penalties for delinquent payment as is provided for ad valorem property taxes. Any delinquent assessments owed for the first year will be added to the property tax roll for the following year as delinquent. Property owner means any person shown as the owner/taxpayer on the last equalized assessment roll or otherwise known to be the owner/taxpayer by the County. The City of Los Angeles is authorized to collect any assessments not placed on the County tax rolls, or to place assessments, unpaid delinquent assessments, or penalties on the County tax rolls as appropriate to implement this Plan.

#### **IV PROPOSED ASSESSMENT FORMULA**

The SLAIT BID programs and services described in this Plan will be funded through benefit assessments against real property in the SLAIT BID and non-assessment revenues to fund the costs associated with general benefits conferred on assessed parcels within the SLAIT BID, the public at large and surrounding parcels outside of the SLAIT BID boundaries. The assessment formula has been developed by the Assessment Engineer to ensure that no parcel will be assessed an amount that exceeds the cost of the proportional special benefit that parcel derives from the programs, services and improvements to be funded by the proposed benefit assessments. The assessment rates are based on the anticipated benefit to be derived by each individual parcel within the boundary of the SLAIT BID.

Based on the specific needs and corresponding nature of the program activities to be funded by the proposed renewed SLAIT BID (i.e. Security/Maintenance and Marketing/Operations/Management) it is the opinion of the Assessment Engineer that the assessment factor on which to base assessment rates relate directly to the proportionate amount of parcel land area within one Benefit Zone.

The “Basic Benefit Unit” will be expressed as a function of land square footage (Benefit Unit “A”). Based on the shape of the proposed renewed SLAIT BID, as well as the nature of the SLAIT BID program elements, it is determined that all identified assessed properties will gain a direct and proportionate degree of special benefit based on the respective amount of parcel land area within one Benefit Zone.

For the singular land use types (i.e. industrial/manufacturing) within the SLAIT BID and the low profile building patterns, parcel land area quantity is an appropriate method of fairly and equitably spreading special benefit costs to these beneficiaries of SLAIT BID funded services, programs and improvements. This single factor directly relates to the degree of special benefit each assessed parcel will receive from SLAIT BID funded activities.

Land area is a direct measure of the current and future development capacity of each parcel and its corresponding impact or draw on SLAIT BID funded activities. In the opinion of the Assessment Engineer, the targeted weight of this factor, parcel land area, should generate 100% of the total SLAIT BID revenue.

Taking into account all identified specially benefiting parcels within the SLAIT BID and their respective assessable benefit units, rates, quantities and assessment revenues are shown in the following Tables:

**Year 1 – 2025 - Assessable Benefit Units**

<b>LAND AREA (SF)</b>	<b># OF PARCELS</b>	<b># OF ASSESSABLE PARCELS</b>
8,849,645	271	271

**Year 1 – 2025 Projected Assessment Revenue**

<b>LAND AREA ASSMT REVENUE</b>
\$1,006,205
100.00%

The number of Benefit Units for each identified benefiting parcel within the proposed renewed SLAIT BID was computed from data extracted from County Assessor records and maps. These data sources delineate current land uses, property areas and dimensions of record for each tax parcel. While it is understood that this data does not represent legal field survey measurements or detailed title search of recorded land subdivision maps or building records, it does provide an acceptable basis for the purpose of calculating property-based assessments. All respective property data being used for assessment computations will be provided to each property owner in the SLAIT BID for their review. If a property owner believes there is an error on a parcel’s assessed footages, the SLAIT BID may confirm the data with the LA County Assessor’s office. If SLAIT BID data matches Assessor’s data, the property owner may opt to work with the Assessor’s office to correct the data so that the SLAIT BID assessment may be corrected.

### **Assessment Formula**

In the opinion of the Assessment Engineer the assessment formula for the proposed renewed SLAIT BID is as follows:

Assessment = Land Area (Unit A) Sq Ft x Unit A Rate,

#### **YEAR 1 –2025 Assessment Rate**

<b>LAND AREA ASSMT RATE (\$/SQ FT)</b>
\$0.1137

### ***Changes to Parcel Size***

Any changes in parcel size as a result of land adjustments including but not limited to lot splits, consolidations, subdivisions, street dedications, right of way setbacks shall have their assessment adjusted upon final City approval of such parcel adjustments.

### ***Other Future Development***

Other than future maximum rates and the assessment methodology delineated in this Report, per State Law (Government Code Section 53750), future assessments may increase for any given parcel if such an increase is attributable to events other than an increased rate or revised methodology, such as a change in the density, intensity, or nature of the use of land. Any change in assessment formula methodology or rates other than as stipulated in this Report would require a new Proposition 218 ballot procedure in order to approve any such changes.

The complete Year 1 – 2025 assessment roll of all parcels to be assessed by this SLAIT BID is included in this Plan as Appendix I.

**Assessment Formula Unit Rate**

Using figures from the Assessable Benefit Units Table and the Projected Assessment Revenue Table on page 13 of this Plan, the assessment rate is calculated as follows:

**Land Area Rate (Unit A)**

$$(\$1,006,204.64 \times 100\%) / 8,849,645 \text{ units} = \$0.1137/\text{sq ft land area}$$

Since the SLAIT BID is planned for a 6-year term, maximum assessment rates for future years (Years 2-6) must be set at the inception of the SLAIT BID. While future inflationary and other program cost increases are unknown at this point, a built in maximum increase of 5% per annum is incorporated into the projected program costs and, in turn, the resultant assessment rates for the 6-year term of the SLAIT BID. These figures are shown in the Table below. Assessment rates may not exceed those indicated below.

In addition, any annual budget surplus or deficit will be incorporated into the subsequent year's SLAIT BID budget. Within the constraints of the annual adjustment, annual assessments will be set to account for surpluses or deficits carried forward in accordance with City policy.

**SLAIT BID – 6 Year Maximum Assessment Rates  
(Includes a 5%/Yr. Max Increase)**

<b>LAND AREA ASSMT RATE (\$/SQ FT)</b>
<u>YR 1 - 2025</u>
\$0.1137
<u>YR 2 - 2026</u>
\$0.1194
<u>YR 3 - 2027</u>
\$0.1254
<u>YR 4 - 2028</u>
\$0.1317
<u>YR 5 - 2029</u>
\$0.1383
<u>YR 6 - 2030</u>
\$0.1452

**SAMPLE ASSESSMENT CALCULATIONS:**

A 50,000 sq ft lot

$$\text{Land} = 50,000 \times 11.37\text{¢}/\text{SF} = \$ 5,685.00$$

$$\text{TOTAL YEAR 1 ASSESSMENT} = \underline{\underline{\$ 5,685.00}}$$

The complete Year 1 – 2025 assessment roll of all parcels to be assessed by the SLAIT BID is included in this Plan as Appendix I.

**V. PUBLICLY OWNED PARCELS**

Article XIID states that “parcels within a District that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly-owned parcels in fact receive no special benefit.”

There are currently no publicly owned parcels within the boundaries of the proposed renewed SLAIT BID. It is the opinion of the Assessment Engineer that there is no clear and convincing evidence that future publicly owned parcels and public facilities (if any) would not receive special benefits and thus, would not be exempt from assessments and would be assessed in the same manner as privately owned parcels.

**VI. SLAIT BID GOVERNANCE**

The governance or management of the SLAIT BID requires an “Owner’s Association” to carry out the SLAIT BID funded services and activities. State PBID Law (36600 Streets & Highways Code) also requires that the Owner’s Association carry out specific additional functions. For the SLAIT BID this includes preparation of an Annual Report to the City Council on the SLAIT BID activities for the past fiscal year and those proposed for the next fiscal year. The Owner’s Association may also recommend to the City Council from time to time, changes to the SLAIT BID boundaries, benefit zones, assessment formula or SLAIT BID programs and activities, all subject to public notification and, in some cases petition/balloting requirements.

Meetings of the Owner’s Association and its standing Committees shall be subject to the State of California “Brown Act” open meeting law.

**VII. PROPOSED RULES AND REGULATION APPLIED TO THE SLAIT BID**

There are no specific rules or regulations applied to the SLAIT BID

**VIII. OTHER ITEMS**

No bonds will be issued for any SLAIT BID projects in conjunction with this renewal.

**IX. PLAN AUTHOR**

The author and preparer of this Plan is Ed Henning of Edward Henning & Associates

**X. IMPLEMENTATION TIMETABLE**

The renewed SLAIT BID is expected to begin operation by January 1, 2025. In order to meet this goal, the following procedural timeline is proposed:

<b><u>Date</u></b>	<b><u>Action/Task</u></b>
Aug-Sept '23	• Develop/finalize SLAIT BID Management District Plan/Engineer's Report
Fall 2023	• Strategize support campaign/meetings etc.
Late 2024	• Initiate petition drive
Early 2024	• Collect petitions signed by property owners
March 2024	• Submit majority support petitions to City
April 2024	• City Council adopts Ordinance of Intention to renew the SLAIT BID
April 2024	• City sends notice of SLAIT BID public hearing and a ballot to property owners within SLAIT BID
Mid 2024	• City Council conducts hearing (ballots due by this date)
Mid 2024	• Providing no majority ballot protest is filed at the hearing, Council approves Ordinance of Renewal for the SLAIT BID
Mid 2024	• Assessment roll submitted to LA County Assessor
Dec 10/Apr 10 (due)	• Assessments billed and collected by LA County with property taxes
1st Qtr 2025	• Revenues remitted to Owner's Association per contract with City
(6 Years)	• Owner's Association carries out renewed SLAIT BID programs and services
