**New Construction
Council District 3**

PROJECT DESCRIPTION

18722 Sherman Way will be a new construction, modular development with 63 units of permanent supportive housing in the Reseda neighborhood of the City of Los Angeles. The site is near various amenities such as Lake Balboa Park and the lot is approximately 30,000 square feet in size. It is a corner lot with three parcels zoned as [Q]C2-1VL-CDO-RIO and P-1VL-CDO-RIO allowing for multi-family residential development and parking lots/structures. The site is in Council District 3 jurisdiction along a commercial corridor and borders single family homes to the south.

The proposed development will set aside 63 studio units for chronically homeless and homeless individuals, as well as one two-bedroom manager's unit. The studio units will be approximately 306-309 sf and the two-bedroom manager's unit will be approximately 803 sf. The design currently includes ten surface parking spaces and 74 short-term and long-term bike parking spaces. Units will be at 30% and 50% AMI and the development team has secured 63 HACLA Project Based Vouchers

There is one, one-story commercial structure on site that is currently utilized as an Auto Repair shop. The southern end of the site is used as a surface parking lot. There is one commercial tenant on site that may require relocation benefits. There are no residential uses or buildings on site. The development team has hired a relocation consultant to determine if commercial relocation benefits will be due and a relocation plan has been obtained. The plan indicated a preliminary relocation estimate of \$130,000 that will be covered by the development budget.

The project will consist of modular design and construction. The design includes three residential stories above ground floor supportive services and community programming. There will be ten surface parking spaces in a tuck-under parking structure and both long-term and short-term bicycle parking. The project's residential units are all modular studios. The studios will include a furnished kitchen, restroom and living space area. Unit furnishings will include but are not limited to a full-size bed, nightstand, lamp, dining table and dining chairs.

Per City and Federal Regulations, a percentage of the units will comply with the Uniform Federal Accessibility Standards requirement for mobility accessibility and sensory accessibility. The remaining units will be adaptable. Building amenities will include: a community room with computer access, a space for an entertainment center and reading, a laundry room equipped with seven washers and seven dryers, and a courtyard for outdoor activities and barbecue grilling. The project will provide substantial supportive services which will include a minimum of four case management offices and two property management offices. The project will be pursuing LEED Gold Certification.

STAFF REPORT

January 19, 2024

**New Hampshire PSH
701 S New Hampshire Avenue
Los Angeles, CA 90005**

**New Construction and Adaptive Re-Use
Council District 10**

PROJECT DESCRIPTION

New Hampshire PSH is a new construction, 95-unit permanent supportive housing project funded by Proposition HHH. The project includes ninety-three (93) units designated for homeless individuals and transitional aged youth (TAY) that are at or below 30% of Area Median Income (AMI) and two unrestricted manager's unit. The 32,250 square foot site is located in the Koreatown Neighborhood in the City of Los Angeles, 2 blocks from the Wilshire/Vermont Metro station.

The site is currently occupied by two vacant commercial buildings that formerly hosted the Children's Institute childcare center and administrative offices for staff. The Children's Institute has relocated its offices and services to a new location and BRIDGE Housing has entered into a Purchase and Sale Agreement to acquire the site at the close of construction financing. HHH New Hampshire will include both a 6-story new construction building as well as the adaptive reuse of an existing 3-story Mansion building for a total of 67,521 square feet with Type III-A over 1-A construction. The existing building to the north of the site will be adaptively reused to accommodate 12 residential units and residential-serving amenities. The C-Shaped existing mansion building will feature a 1st floor courtyard wrapped by generous amenity spaces including a large community room, a services hub, and management offices. The existing building to the south features a partially subterranean parking garage that will be adaptively reused to accommodate 12 parking spaces. The building above the parking will be demolished to make way for the 6-story tower, which will include the remaining 83 of the 95 units. Bike parking will be provided in a first-floor bike room. The project will be both ADA and Title 24 compliant. Each of the 93 units will be furnished with a nightstand, dining table and dining chairs, a bed frame and mattress at no cost to the tenants. The project will include a street-facing main, secured entry. Open air corridors and stairwells will remain a design priority to encourage use by residents and staff and increase safety.

All ninety-three (93) units will be subsidized by Project Based Section 8 Vouchers from the Housing Authority of the City of Los Angeles. PATH Ventures will be the on-site lead services provider for all units.

New Hampshire PSH is a project being developed by BRIDGE Housing Corporation. In August 2019, BRIDGE was selected by the Mayor's Office of City Homelessness Initiatives to receive \$12.98MM in funding by/through the Proposition HHH Challenge Program in support of innovative housing typologies that respond to the urgency of the City's homelessness crisis. It is expected that these projects will be developed faster and more efficiently through standardized site selection, replicable scalable design programs and service prototypes, and streamlined, ministerial "By-right" land use entitlements to help compress the development timeline.

BORROWER AND PROPOSED OWNERSHIP STRUCTURE

BRIDGE Housing Corporation is the applicant and lead developer. The ownership structure is a limited partnership (BRIDGE New Hampshire, L.P.) that will consist of BRIDGE New Hampshire LLC with BRIDGE Housing Corporation as the managing member of the General Partner. At closing, the Limited Partnership will admit an investor as the Investor Limited Partner.

The long-term ownership structure will consist of the following:

1. BRIDGE New Hampshire LLC, as Managing General Partner (0.01%)
2. TBD, as Investor Limited Partner (99.99%)

PROJECT FINANCE SUMMARY

The financing plan includes \$12.98 MM in in HHH funding from LAHD (secured), \$18.85 MM from HCD's Affordable Housing and Sustainable Communities program (secured), 9% federal Low Income Housing Tax Credits, and a construction and permanent loan from lenders to be determined.
