RE: COUNCIL FILE TRANSMITTAL

On February 4, 2025, the Energy and Environment Committee considered a City Administrative Officer report relative to the strategy for integrating climate considerations into the City budgeting process, Council file No. 22-1402. After consideration, the Committee moved to approve the following recommendations.

1. AMEND the prior Council Action of February 22, 2023, Council file No. 22-1402, to change the last sentence of Recommendation No. 1 to read as follows: The inventory should be finalized and presented to the Council by March 1 of each year and used to inform the subsequent year's budget process.
2. INSTRUCT the Bureau of Sanitation, Los Angeles Fire Department, Department of General Services, and other relevant departments, with assistance from the Chief Legislative Analyst, to report on the existence and feasibility of using vehicles that can reduce municipal emissions that will help achieve the City's net-zero emissions goals.
3. NOTE and FILE the City Administrative Officer report dated August 7, 2024, relative to the strategy for integrating climate considerations into the City budgeting process.

This file is now transmitted to the Budget and Finance Committee.
