RE: Council File No. 23-1391

On January 26, 2024, the Energy and Environment Committee considered Motion (Raman – Yaroslavsky) relative to instructing the Department of Building and Safety to report on updating the Los Angeles Green Building Code to create a framework that sets limits on the embodied carbon allowed for new construction and major additions to buildings larger than 50,000 square feet, and related matters.

After consideration, and having provided an opportunity for public comment, the Committee moved to approved the recommendations listed in Motion (Raman – Yaroslavsky), attached to the Council file. This file is now transmitted to the Planning and Land Use Management Committee.
