Council File No: 23-1244

Comments for Public Posting: Thank you for this motion. I recently gave my car to my children and have been using transit, walking and cycling instead. Its so important to ensure that these voter-approved monies are used for critical pedestrian and cycling improvements to promote walking and cycling from Metro stops and the city of LA is the right entity to make sure that that happens. Please implement these critical facilities rather than sending the money to Metro!
