Comments for Public Posting: Please see letter of support attached! Council File: 14-1371-S13
April 15, 2024 West LA Democratic Club (WLADC) is writing in strong support for the LA City Council motion to amend the Los Angeles Living Wage Ordinance and the Los Angeles Hotel Worker Minimum Wage Ordinance requiring \$25/hr now & \$30/hr by 2028, quality health care, and worker protections, as a matter of economic justice, housing justice, and public safety. West LA Democratic Club is in full support of this ordinance and the work of the Los Angeles Alliance for a New Economy organization . As the largest Democratic Club on the westside we are committed to economic , environmental and racial justice for all members working in the Tourism (hotel, travel) Industry. We believe these workers must receive wages and benefits which they can support themselves and their families in the current economy. We advocate for fair and equitable benefits for all Los Angeles workers to create and maintain good health, fairness, safety and justice in all our communities. This motion was introduced in April of 2023, almost a year ago. Meanwhile, tourism workers, despite being the backbone of our economy in Los Angeles, are struggling to keep a roof over their heads as housing costs continue to skyrocket in Los Angeles. LA City Council has the power to ensure these members of our community are healthy and housed, and we urge you to do everything you can to move this policy forward without delay. The tourism industry's recovery from the pandemic was supported with billions of dollars of public investment and it is now assured a future of growth with major events like the 2028 Olympics attracting visitors from around the world to our beautiful city. It's time for the workers at LAX and hotels to get their fair share of the profitable tourism industry that wouldn't be possible without them. If our community members are not making enough money to afford rent, they will continue to be displaced or risk losing their homes. LA already has the highest number of unhoused people in the nation, and it's unacceptable that the workers who are the backbone of a major economic engine are already disproportionately rent-burdened. With the current state of the housing crisis and rising cost of rent, employers in such a profitable and growing industry must pay their workers enough so they can afford to live where they work. Tourism workers were

among many frontline workers and communities of color who bore the brunt of the pandemic, yet many still lack quality health care. We're calling for the council's support to ensure our tourism workers receive family-sustaining wages, quality health care, and workplace protections. Our tourism workers are heads of households, many of them are single parents, and they're our neighbors, friends, and family members. Los Angeles should be a place where everyone can thrive. West LA Democratic Club calls on the City Council to rise to the occasion and move this policy forward as soon as possible to ensure that tourism workers are healthy and housed. Sincerely, _____

April 15, 2024

West LA Democratic Club (WLADC) is writing in strong support for the LA City Council motion to amend the Los Angeles Living Wage Ordinance and the Los Angeles Hotel Worker Minimum Wage Ordinance requiring \$25/hr now & \$30/hr by 2028, quality health care, and worker protections, as a matter of economic justice, housing justice, and public safety.

West LA Democratic Club is in full support of this ordinance and **the work of the Los Angeles Alliance for a New Economy organization**. **As the largest Democratic Club on the westside we are committed to economic, environmental and racial justice for all members working in the Tourism (hotel, travel) Industry. We believe these workers must receive wages and benefits which they can support themselves and their families in the current economy. We advocate for fair and equitable benefits for all Los Angeles workers to create and maintain good health, fairness, safety and justice in all our communities.**

This motion was introduced in April of 2023, almost a year ago. Meanwhile, tourism workers, despite being the backbone of our economy in Los Angeles, are struggling to keep a roof over their heads as housing costs continue to skyrocket in Los Angeles. LA City Council has the power to ensure these members of our community are healthy and housed, and we urge you to do everything you can to move this policy forward without delay.

The tourism industry's recovery from the pandemic was supported with billions of dollars of public investment and it is now assured a future of growth with major events like the 2028 Olympics attracting visitors from around the world to our beautiful city. It's time for the workers at LAX and hotels to get their fair share of the profitable tourism industry that wouldn't be possible without them. If our community members are not making enough money to afford rent, they will continue to be displaced or risk losing their homes. LA already has the highest number of unhoused people in the nation, and it's unacceptable that the workers who are the backbone of a major economic engine are already [disproportionately rent-burdened](#). With the current state of the housing crisis and rising cost of rent, employers in such a profitable and growing industry must pay their workers enough so they can afford to live where they work.

Tourism workers were among many frontline workers and communities of color who bore the brunt of the pandemic, yet many still lack quality health care. We're calling for the council's support to ensure our tourism workers receive family-sustaining wages, quality health care, and workplace protections.

Our tourism workers are heads of households, many of them are single parents, and they're our neighbors, friends, and family members. Los Angeles should be a place where everyone can thrive.

West LA Democratic Club calls on the City Council to rise to the occasion and move this policy forward as soon as possible to ensure that tourism workers are healthy and housed.

Sincerely,

Connie L. Thomas, Chair - WLADC Local Issues
