Comments for Public Posting: I am writing to enthusiastically support the designation of Clinton Manor Courtyard Apartments as an L.A. Historic-Cultural Monument (HCM). Completed in 1940, the American Colonial Revival-style property has significant ties to the early development of Hollywood and reveals how Depression-Era builders made elements of the Garden City Movement accessible to studio workers and their families. It was also home to Ruth and Elliot Handler – the founders of Mattel and inventors of the iconic Barbie doll – during the early, experimental phase of their careers. Designating Clinton Manor as an HCM will help preserve a remarkable community that is more than 80 years in the making. It will also send a powerful message to our city that these kinds of historic housing complexes and the communities they create matter as we look ahead to the future of housing and green space in Los Angeles.

Comments for Public Posting: RE: CHC-2024-6020-HCM - Public Comment in Favor of Landmark Status I am writing to express my deep appreciation and support for the historic designation of our apartment community, Clinton Manor. This home is an integral part of the cultural and architectural heritage of our community, and its preservation will significantly contribute to the legacy of Los Angeles. Designating our community as a historic landmark will ensure its protection for future generations, allowing them to appreciate our past. It will also highlight the importance of preserving our city's rich architectural history, encouraging others to value and safeguard the historic buildings in their care. I hope this committee will consider my request favorably, recognizing the potential this designation holds for our community and its heritage. Thank you for your time and consideration. Sincerely, -- Sang W. Shin Resident of 5156 1/2 Clinton St Dir: (213) 631-0443 email: Sang6921@gmail.com

We are so tired of seeing beautiful, historic old buildings torn down for the sake of "progress." Please designate this complex an LA Historic-Cultural Monument.
