

Dear City Council,

Today we are here to urge you to raise the wage for tourism workers, who are the backbone of a thriving industry but struggling to survive.

We are tourism workers and members of the community calling upon you to pass this ordinance as quickly as possible. As of today we have gathered over **4,000 signatures**, collected through three petitions circulated by SEIU-USWW members, UNITE HERE Local 11 members, and LAANE with support from our coalition of 60+ organizations from across Los Angeles. This demonstrates the outpouring of public support to raise the wage and ensure tourism workers have access to quality family health care.

This crisis is more urgent than ever, with reports of workers sleeping in their cars or forced to commute for hours because they can't afford to live in Los Angeles, and often forced to work multiple jobs because wages are too low.

Council can and must address this crisis. We urge you to move forward without delay to update our living wage laws. Please stand with us in this historic fight to ensure tourism workers are healthy and housed.

Sincerely,

A NEW ECONOMY FOR ALL

TOURISM WORKERS RISING

I stand with L.A.'s tourism workers fighting to raise the Living Wage!

Dear Los Angeles City Councilmembers:

Tourism is booming in Los Angeles and will keep growing as we prepare to host global events like the 2026 World Cup and the 2028 Olympics. Unfortunately, the people who make tourism possible, L.A.'s airport and hotel workers, are struggling. Workers don't earn enough to pay rent during an unprecedented housing crisis, and healthcare costs are spiraling faster than health coverage can keep up. Many are struggling to survive on the city's current living wage. Tourism workers often face food and housing insecurity, and many are forced to work two jobs. Too many tourism workers are one medical emergency away from bankruptcy. Los Angeles must do better.

I urge the City Council to pass the Tourism Workers Rising Ordinance to raise the living wage and ensure tourism workers have access to quality family health care and workplace protections.

***¡Apoyo a los trabajadores del turismo de Los Ángeles que luchan por
aumentar el salario digno!***

Estimados Concejales de la Ciudad de Los Ángeles:

El turismo prospera en Los Ángeles y seguirá creciendo mientras nos preparamos para albergar eventos mundiales como la Copa Mundial de 2026 y los Juegos Olímpicos de 2028. Desafortunadamente, las personas que hacen posible el turismo, los trabajadores de aeropuertos y hoteles de Los Ángeles, están

tratando de sobrevivir. Los trabajadores no ganan lo suficiente para el costo de vivienda durante una crisis sin precedentes, y los costos de atención médica está aumentando más rápido de lo que la cobertura de salud puede mantener. Muchos luchan por sobrevivir con el salario actual de la ciudad. Los trabajadores del turismo a menudo se enfrentan a la inseguridad alimentaria y de vivienda, y muchos se ven obligados a trabajar en dos trabajos. Demasiados trabajadores del turismo están al borde de de la bancarrota sobre una emergencia médica. Los Ángeles debe hacerlo mejor.

Insto al Concejo Municipal a que apruebe la Ordenanza de Aumento de Trabajadores del Turismo para aumentar el salario digno y garantizar que los trabajadores del turismo tengan acceso a atención médica familiar de calidad y protecciones en el lugar de trabajo.

PASS THE NEW \$25 LIVING WAGE NOW!

We, the concessions, lounge and airline catering workers at LAX, work hard to welcome travelers from all over the world to the Los Angeles region. Billions of dollars are being spent to upgrade and expand the airport to handle more passengers and prepare for major events like the Olympics, but we can't even afford to live in Los Angeles on what we currently make. We don't need a study to tell us that food, gas and especially the cost of housing is skyrocketing and that we and our families cannot keep up. We call on ALL City Council members to pass our new \$25 minimum Living Wage AS SOON AS POSSIBLE.

We, the concessions, lounge and airline catering workers at LAX, work hard to welcome travelers from all over the world to the Los Angeles region. Billions of dollars are being spent to upgrade and expand the airport to handle more passengers and prepare for major events like the Olympics, but we can't even afford to live in Los Angeles on what we currently make. We don't need a study to tell us that food, gas and especially the cost of housing is skyrocketing and that we and our families cannot keep up. We call on ALL City Council members to pass our new \$25 minimum Living Wage AS SOON AS POSSIBLE.

We, the concessions, lounge and airline catering workers at LAX, work hard to welcome travelers from all over the world to the Los Angeles region. Billions of dollars are being spent to upgrade and expand the airport to handle more passengers and prepare for major events like the Olympics, but we can't even afford to live in Los Angeles on what we currently make. We don't need a study to tell us that food, gas and especially the cost of housing is skyrocketing and that we and our families cannot keep up. We call on ALL City Council members to pass our new \$25 minimum Living Wage AS SOON AS POSSIBLE.

We, the concessions, lounge and airline catering workers at LAX, work hard to welcome travelers from all over the world to the Los Angeles region. Billions of dollars are being spent to upgrade and expand the airport to handle more passengers and prepare for major events like the Olympics, but we can't even afford to live in Los Angeles on what we currently make. We don't need a study to tell us that food, gas and especially the cost of housing is skyrocketing and that we and our families cannot keep up. We call on ALL City Council members to pass our new \$25 minimum Living Wage AS SOON AS POSSIBLE.

PASS THE NEW \$25 LIVING WAGE NOW!

We, the concessions, lounge and airline catering workers at LAX, work hard to welcome travelers from all over the world to the Los Angeles region. Billions of dollars are being spent to upgrade and expand the airport to handle more passengers and prepare for major events like the Olympics, but we can't even afford to live in Los Angeles on what we currently make. We don't need a study to tell us that food, gas and especially the cost of housing is skyrocketing and that we and our families cannot keep up. We call on ALL City Council members to pass our new \$25 minimum Living Wage AS SOON AS POSSIBLE.
