The Advisory Agency determines based on the administrative record, the project meets the requirements of Government Code Section (GCS) 66411.7 and qualifies as an urban lot split subject to a ministerial review pursuant to GCS 66411.7. In accordance with the provisions of GCS 66411.7 and Los Angeles Municipal Code (LAMC) Section 17.50, the Advisory Agency approved Urban Lot Split Preliminary Parcel Map No. ADM-2022-8749-PMUL, located at 5040 and 5050 North Corbin Avenue, for the subdivision of a single lot to create two (2) separate lots (Parcel A and Parcel B) as shown on the map stamp-dated December 7, 2022, in the Encino – Tarzana Community Plan. The Advisory Agency determines based on the whole of the administrative record, that the Project is statutorily exempt from the California Environmental Quality Act (CEQA) as a ministerial project pursuant to Public Resources Code Section 21080(b)(1). This subdivision is based on the existing RA-1 Zone. (The subdivider is hereby advised that the LAMC may not permit this maximum approved density. Therefore, Verification should be obtained from the Department of Building and Safety, which will legally interpret the Zoning Code as it applies to this particular property.) The Advisory Agency's approval is subject to the following conditions:

**Note on clearing conditions:** When two or more agencies must clear a condition, subdivider should follow the sequence indicated in the condition. For the benefit of the applicant, subdivider shall maintain record of all conditions cleared, including all material supporting clearances and be prepared to present copies of the clearances to each reviewing agency as may be required by its staff at the time of its review.

The final map must be recorded within 36 months of this approval, unless the subdivider requests a time extension and it is granted before the end of such period, if applicable. Time Extensions may not always be granted
