

PUBLIC WORKS

MOTION

Pursuant to State Vehicle Code Section 21101.4, the City is authorized to undertake the temporary closure of public streets, alleys, and walkways to mitigate criminal activity. When necessary for the continued mitigation of criminal activity, temporary closures authorized under Section 21101.4 may be extended for “eight additional consecutive periods of not more than 18 months each.”

On December 9, 2022, the City Council approved the temporary street closure of 121st Street between Figueroa Street and Hoover Street for a period of 18 months (C.F. 14-0958). The street closure was requested by nearby residents and was supported by the Los Angeles Police Department who both reported numerous crimes occurring at this location including robberies, assaults, prostitution, and theft from vehicles.

The street closure authorization will expire on June 9, 2024. Nearby residents support the continuation of this street closure to prevent crime in this area and to enhance the quality of life within the neighborhood. In order to continue this important street closure, the City Council should authorize the City Engineer to extend the closure period.

I THEREFORE MOVE that the City Engineer be instructed to report with recommendations on extending the temporary closure of 121st Street between Figueroa Street and Hoover Street for an additional eighteen months for reasons of public safety.
