Comments for Public Posting: The tour buses on Mulholland Dr. are for lack of better words "out of control" and a risky to human safety. They do not abide by any traffic rules. They block the road, illegally stop behind blind turns, block the bike lane, block pedestrians , block the intersections and wave/push people into oncoming traffic. I live off Mulholland Dr and frequent the road daily in car, on foot and even pushing a stroller. I have had tour buses brush my shoulder while on a run, pull right in front of me and stop, and even block the shoulder and push me to push a stroller into the street. It's outrageous. I feel like someone will have to die in order for something to officially happen. I am glad this action if finally happening against the tour buses but I want to know how we are going to enforce it? There are already posted signs that clearly state " No Stopping" and they do not abide by them. Posting more signs just seems silly. LAPD can't even enforce the excessive speeding on Mulholland Dr. Why would they care about tour buses?
