Comments for Public Posting: Our group, the Friends of the Sepulveda Basin Off-Leash Dog Park is a non profit that has worked for the best interests of this park for over a decade. We think we have earned the right to be heard and think there are serious issues with a bike path right up against a dog park and there is an alternative, just put it on the south. We are grateful that Councilmember Padilla, who's history is being a community advocate has made this motion that will offer considerate attention to this issue. We have a petition of 1,900 plus and respectfully request the Public Works Committee that this was referred to to take the same time to listen to the community concerns. On the previous post, I am ashamed that I have to compete on a public comment forum to our city council with unproductive insults.
