

## ADOPTED BUDGET RECOMMENDATION

Instruct the Department of Transportation, with the assistance of the City Administrative Officer, to report to the Transportation Committee and the Government Operations Committee on the five-year investment plan regarding vehicle and passenger electrification; and include proposed locations, alternative funding sources, details on which fossil fuel vehicles should be replaced, and a method to track the conversion of fossil fuel miles to electric miles for both vehicles and the bus fleet.

(Pursuant to Council Action of June 16, 2023)
