Comments for Public Posting: I am strongly opposed to Metro's TCN digital billboards. The ordinance has moved from committee to council at warp speed and that is unacceptable. More time is needed. This is a 20-year contract that has not been reviewed by the Budget & Finance Committee or the Transportation Committee - and that is not just irresponsible, it's ignorant and disrespectful to treat such a contented matter so lightly. As a citizen of Los Angeles I oppose this ordinance and urge every representative of the people to do right by the people and oppose this.

Comments for Public Posting: I oppose Metros TCN and the associated billboards. The added billboards are a visual blight that lowers property values, distracts drivers and disturbs residents and nearby wildlife at night.
