A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Summary: Don't make the same mistakes again. Don't let more of our neighbors be injured or killed by traffic violence. Don't keep bankrupting the city. Don't abandon Vision Zero and double down on the same mistakes that led us here. Los Angeles deserves better, and we all know it. For years, we have implored you to take traffic violence seriously, from exhorting former Mayor Garcetti to truly commit to the vision of Los Angeles without any traffic deaths that he promised, to urging Mayor Bass to not fall into the rut of failure. But, per the recent KPMG audit, Vision Zero has failed due to a lack of leadership — and the proposed budget returns to old LA mistakes instead of executing the leadership we need. Cutting

Vision Zero to the bone while adding LAPD helicopters? That's a recipe for more traffic deaths, more city liability settlements, and video game priorities better suited to Los Santos than to the city we all live in and love. As written, the budget will kill and maim more in Los Feliz, entail more payments to grieving families, all because you ignored previous pleas to envision a real future for our neighborhood and the city. Don't make the same mistakes again.

Title: Budget Proposal Fiscal Year 2024-25

Position: Opposed

Summary:

Don't make the same mistakes again. Don't let more of our neighbors be injured or killed by traffic violence. Don't keep bankrupting the city. Don't abandon Vision Zero and double down on the same mistakes that led us here.

Los Angeles deserves better, and we all know it.

For years, we have implored you to take traffic violence seriously, from exhorting former Mayor Garcetti to truly commit to the vision of Los Angeles without any traffic deaths that he promised, to urging Mayor Bass to not fall into the rut of failure.

But, per the recent KPMG audit, Vision Zero has failed due to a lack of leadership – and the proposed budget returns to old LA mistakes instead of executing the leadership we need.

Cutting Vision Zero to the bone while adding LAPD helicopters? That's a recipe for more traffic deaths, more city liability settlements, and video game priorities better suited to Los Santos than to the city we all live in and love.

As written, the budget will kill and maim more in Los Feliz, entail more payments to grieving families, all because you ignored previous pleas to envision a real future for our neighborhood and the city.

Don't make the same mistakes again.
