Comments for Public Posting: It is my understanding the City of Los Angeles is about to embark on doing a massive city clean in preparation for the 2026 World Cup Football (it is NOT called soccer ok – please get it right) and the 2028 Olympics. This will no doubt cost us, the taxpayer many \$millions or even get into the \$billions. If the City is so darn broke with over a \$billion plus deficit and is laying off 1000s of people/cutting back on social issues and much more then WHY are WE going to be spending \$\$\$\$\$ on prep for the World Cup and Olympics? I mean the drugged up homeless will “” temporarily”” need to be hidden out of sight / graffiti and trash cleaned up / extra police – security etc., the list goes on and on. Where is this money coming from to pay for all of these “” temporary”” endeavors I ask, only for the city, county, and state to be back to square one just a month or two after the fact? We MUST NOT host the Olympics, nor the World Cup is what I say, we can’t afford it. And please don’t say the Olympics and World Cup will bring in money – maybe so, but I’ll be damned if we will see any of it. It will go straight into the corrupt city, county, and state official pockets for the most part and yes YOU fraudsters here know who YOU are. THE OLYMPICS AND WORLD CUP MUST NOT BE HELD HERE IN LOS ANGELES UNDER THESE CIRCUMSTANCES. The city absolutely MUST withdraw being the host of both events right NOW!! Make it happen and withdraw while there is still time!! The White House has also just added approx. \$1.3 Trillion to the military war budget in recent months. Who is the enemy I ask other than those in the White House – Capitol Hill – Houses of Parliament - Mishkan HaNassi etc., who create wars for their very own personal gain? It’s certainly not for freedom and democracy or for the greater good and if you think it is – well then, YOU are dead wrong and you need to get your head out of your you know what!!! And where is this \$1.3 trillion coming from, who is going to pay for that??? Brenda Barnette / Eric Farcetti – because he IS a big FARCE / Larry Gross - and yes, he IS very gross / Travis Longcore – king of the 10-year (Trap Neuter Release) TNR injunction – are very much to blame for the sad state of affairs where the shelters and animals (cats in particular) that are homeless is concerned. These people absolutely belong in jail along with ALL the corrupt fraudsters that have worked or

continue to work for the city, county, and state for far too long. These people MUST be made accountable and to pay (jail and/or monetary) for their crimes, lack of compassion towards the welfare of animals, idiocy and where 100s of 1000s of animals have suffered or been killed during their tenure. Even Karen Bass is taking up the exact same reins as Farcetti. She too is a waste of space and way too busy ogling pretty boy Newson to care much about anything. The only way to get the cats, dogs and yes, the HUMAN population right down is to do a mass sterilization not only here in Los Angeles or USA but worldwide. I would die a very, very happy person knowing the human population were on the endangered list. Many animal rescue people spend from \$hundreds to \$thousands a year out of their own pockets helping animals, getting them fixed, feeding the homeless, finding homes and a lot more that YOU care to know. Do NOT take funds and resources away from this cause but you simply MUST take funds (demand it) from the Military Industrial Complex (MIC) instead and let's STOP with the Government lying whore wars. Not only is \$100s of \$trillions wasted via these Western Government lies and deceit, but so many millions to billions of human and animal lives are killed/murdered/maimed along the way. People need to be educated about getting animals fixed and vaccinated and they MUST be educated why they should NOT have so many children too. Where is the education on all of this I ask??? WE must continue to get the populations down across the board. WE need and must have more money and resources so do NOT take money away because so many more animals will continue to suffer but please and do take from the MIC instead, because the heinous Western Government lying whore wars MUST STOP and the war money used to better this planet. Thank you - please do call me. Dawn (323) 301-6585
