Comments for Public Posting: Safety in the Metro system has to be addressed not only by having safety personnel ride buses and the subway, but also by taking other steps such as having to tap to get into the bus or subway and tapping to also get out. Erect barriers on all subway lines especially the Enline to prevent people from riding without paying. In regards to the unhoused, help people, especially families who are in danger of losing housing first. Keep them from ending on the streets. Continue finding permanent housing for others.
