Council File No: 16-1104-S3

Comments for Public Posting: This motion is a clear infringement on the First Amendment to the US Constitution. The portion of the motion that specifies that these epithets can be used for non offensive viewpoints and still subject to being banned, is evidence of this infringement on the US Constitution's First Amendment. Prior Restraint and infringement on We The People's speech and expression is illegal. This motion is setting the City up for failure when confronted by higher courts in cases regarding prior restraint and infringement on the US Constitution's First Amendment. Vote No on this illegal motion. Hold those who seconded this motion accountable for infringement on the US Constitution. The Council is Using Special Interest Groups to advocate for these infringements through coordinated comments on this file. Be reminded that just because the Council has these orgs in their pocket this doesnt change We The People's rights. No matter how many cookie cutter/ scripted comments are uploaded and back dated to before the motion even existed.
