Comments for Public Posting: This sewer increase rate is too much all at once. It has not been thoroughly researched and is a burden on homeowners in a time when all costs of living are skyrocketing. It is especially burdensome to seniors like myself. Please vote NO.

Comments for Public Posting: The proposed new sewer rates are outrageous. We need to stop this until an independent analysis is completed. There was never a public ballot measure and this is going to cost taxpayers hundreds of millions of dollars!
