**Subject: PHASE II ECIVIS GRANTS MANAGEMENT PROGRAM – GRANT ACCEPTANCE PACKET FOR THE CALIFORNIA BOARD OF STATE AND COMMUNITY CORRECTIONS (BSCC) PROPOSITION 47 SAFE NEIGHBORHOODS AND SCHOOLS GRANT PROGRAM - LOS ANGELES DIVERSION OUTREACH AND OPPORTUNITIES FOR RECOVERY (LA DOOR) FOR FISCAL YEARS 2022-26**

Attached is the Grant Acceptance Packet (Packet) for a grant award in the amount of \$6,000,000 from the California Board of State and Community Corrections (BSCC), Proposition 47 Safe Neighborhoods and Schools Grant Program for the period from September 1, 2022 through June 1, 2026, for the Los Angeles Diversion Outreach and Opportunities for Recovery (LA DOOR) program.

LA DOOR is a health-focused, comprehensive drug intervention program that emphasizes field-based services, pre-booking diversion, and community engagement to address substance dependence within the Central Los Angeles community and to limit the number of misdemeanor drug cases processed through the traditional criminal justice system. The 2022-26 grant provides a total of \$6,000,000, which will partially finance one existing Deputy City Attorney II position, and fully fund resolution authority one City Attorney Administrative Coordinator II and one City Attorney Administrative Coordinator I (\$594,257), along with \$359,645 in employee benefits. The balance of funding will provide \$12,960 for supplies and services, \$3,976 for travel expenses, and \$5,029,162 for contractual services. Although there is no required match for this program, the BSCC grant does require demonstrated use of other leveraged federal, state, local funds or other social investment. LA DOOR will leverage \$2,226,524 in existing state and local funding and partnerships to provide wraparound services for participants.

As a participant in the Phase II eCivis Grants Management Program, the City Attorney's Office submitted the packet for review and analysis by the Office of the City Administrative Officer (CAO) Grants Oversight Unit and the assigned CAO Analyst. In accordance with the approved procedures for the Grants Management Program, this Office reviewed the Packet for completeness, conducted a concise analysis, and prepared a Fiscal Impact Statement. The Packet consists of the following:

- Review of Grant Award and Acceptance Determination
- Department Request for Acceptance of Grant Award
- Grant Agreement

Re: FY 2022-26 Proposition 47 Grant Funding (Cohort 3)  
CF # 17-0758-S1

Transmitted herewith for Mayor and City Council consideration is grant funding totaling \$6,000,000 awarded by California Board of State and Community Corrections (BSCC) under the Proposition 47 Grant Program ("Prop. 47") for the period September 1, 2022 through June 1, 2026. This award will maintain LA DOOR ("Diversion Outreach and Opportunities for Recovery"), a health-focused, comprehensive drug intervention approach that emphasizes field-based services, pre-booking diversion, and community engagement to address substance dependence and to limit the number of misdemeanor drug cases processed through the traditional criminal justice system.

LA DOOR is a health-focused, comprehensive drug intervention approach that emphasizes field-based services, pre-booking diversion, and community engagement to address substance dependence and to limit the number of misdemeanor drug cases processed through the traditional criminal justice system. Originally launched in South Los Angeles in 2017 following an intensive, community based planning effort, LA DOOR strives to ensure that those most impacted by substance use and mental health issues, especially individuals receive vitally heeded LA DOOR interventions.

Since 2017, LA DOOR has provided services to 1,425 individuals, of which approximately 87% were homeless. Over 350 participants received field-based substance use disorder (SUD) treatment services, including 100 participants linked to detox or residential SUD treatment. Over 300 participants received mental health treatment services, including over 70 clients enrolled in intensive outpatient treatment. Over 200 participants were placed into transitional housing, including grant-funded LA DOOR housing. Over 40 participants were placed into permanent housing. Only 8% of participants recidivated during the study period.

It is anticipated that grant funding will continue beyond FY 2026 as a result of available funds, grantee performance, and the ongoing need for resources in this area.

## **LA DOOR Proposition 47 Project Narrative**

The Los Angeles City Attorney's Office (LACA) seeks to enhance its LA DOOR (Diversion, Outreach, and Opportunities for Recovery) program through \$6 million in Cohort 3 funding. New resources will serve to maximize alternative criminal justice approaches for drug related crime by investing 72% of grant funds in preventative mental health and substance abuse treatment designed to reduce recidivism throughout the City of Los Angeles, with a specific focus on South and Central Los Angeles. LA DOOR will serve a minimum of 850 high needs participants based on current levels of drug activity, mental illness, and homelessness through a blended strategy that entails: 1) diversion of misdemeanor cases; 2) peer-led mobile social services; and 3) proactive removal of legal barriers.

### **A. Project Need (Percent of Total Value: 25%)**

#### **1.1 Need to be Addressed**

Cohort 3 funding will address racial, criminal justice, and social service inequities occurring in South and Central LA. These areas suffer from high levels of poverty, untreated mental illness, and substance abuse, legacies of the hollowing out of manufacturing jobs in the African-American community in South LA in the 1970s and 80s and the rise of the drug epidemic.

Within South LA 93% of residents are Latinx or African-American. The region's population is largely low-income and underserved by social services.<sup>1</sup> The major hospital in South LA reports that 25% of their hospitalizations are substance abuse patients, 12% are mental health patients, and 12% are homeless patients.<sup>2</sup> Central LA, which includes Skid Row, has the highest concentration of homelessness, addiction,

and overdose deaths in the County.<sup>3</sup> The Central LA population is 62% Latinx or African-American; 34% are food insecure (less than 300% of federal poverty level). A recent assessment by a major hospital servicing the area found homelessness, mental health, and substance abuse among the top health needs for the service area.<sup>4</sup> A disproportionately high percentage of mental health crisis calls arise from Central LA.<sup>5</sup>

Per Los Angeles Police Department (LAPD) data, from 2016-2021 arrestees for drug possession in South and Central LA totaled 43% African-American and 40% Latinx. South and Central LA have the highest concentration -- *a staggering 47%* -- of people experiencing homelessness (PEH) on any given night in Los Angeles County.<sup>6</sup> As compared to the rest of the County, these areas both have deeply entrenched, high levels of untreated mental illness and substance abuse.

As the sole misdemeanor prosecutorial agency for the City of Los Angeles, each year LACA reviews over 55,000 referrals for criminal case filings, of which a substantial population suffers from addiction or homelessness. While it is well established that traditional prosecutions of drug possession cases (i.e. incarceration) typically yield poor outcomes, a high percentage of those drug-addicted or mentally ill individuals offered diversion fail to return to court and/or do not engage meaningfully in court-based treatment alternatives.

To address these entrenched South and Central LA issues, LACA established LA DOOR in 2017 through Prop. 47 funds. LA DOOR is an evidence-based, health-focused preventative approach to addiction that proactively engages individuals at elevated risk of returning to court on a new misdemeanor offense related to substance use, mental illness, or homelessness. LA DOOR delivers peer-led multidisciplinary social services to

five “hotspots” in South and Central LA -- one for each day of the week -- to engage participants in substance use treatment, mental health support, physical healthcare, and case management. While recidivism rates and case outcomes have begun to improve through LA DOOR’s work, a tremendous need still persists.

## **1.2 Target Population**

During Cohort 3 LA DOOR’s Target Population will remain individuals charged with or convicted of an offense who have a history of mental health issues or substance use disorders (SUD). LA DOOR will: 1) deliver treatment services to five hotspots in South and Central LA; and 2) expand its eligibility for LA DOOR participants to include non-violent misdemeanors and referrals from LA County and City diversion programs. This approach will connect a broader pool of eligible participants to treatment in lieu of incarceration, with the goal of breaking entrenched cycles of poverty and addiction. LA DOOR services will be accessible to all adult members of the Target Population, regardless of race, ethnicity, gender, sexual orientation, or religion.

LA DOOR will serve a minimum of 850 individuals during the project period. The Target Population will correspond to the need to address the high levels of untreated substance abuse and mental illness in South and Central LA. During Cohort 1, which focused on South LA, 93% of LA DOOR participants were African-American or Latinx and lived below the federal poverty line. Cohort 2 expanded into Central LA, in which 79% of participants were African-American or Latinx and lived below the poverty line. LA DOOR expects to serve a similar population during Cohort 3, who have historically suffered the effects of untreated substance abuse and mental illness intrinsically linked to poverty and disproportionately higher rates of arrest and incarceration.

### **1.3 Steps Taken to Address the Needs of Underserved Populations**

During Cohort 3, LA DOOR will continue to build upon its programmatic successes and respond to the service gaps identified during Cohort 1 stakeholder planning efforts by Community Coalition (CoCo). CoCo is a nationally recognized, grassroots non-profit organization that transforms neighborhoods through community-generated solutions. From 2015 through 2016, CoCo conducted an intensive community assessment to identify the specific needs of SUD treatment consumers, justice-involved individuals, and service providers to assess factors that contribute to treatment dropout. CoCo identified six service gaps, which LA DOOR currently addresses: 1) untreated mental illness; 2) insufficient outreach and engagement resources; 3) poor access to medical care; 4) lack of peer support and poor client-provider match; 5) lack of diversion opportunities, and 6) service provider capacity building.<sup>7</sup> LA DOOR's field-based approach ensures that preventative services are physically brought to individuals least likely to enter services on their own.

During Cohort 3, LA DOOR will maintain five hotspots in South and Central LA, one for each day of the week. Using data and community engagement, these hotspots are selected to target those populations experiencing disproportionately high levels of homelessness, substance abuse, and mental illness. For instance, LA DOOR selected MacArthur Park as a hotspot in response to a local study identifying homelessness, substance use, and safety issues as prevalent concerns.<sup>8</sup> LA DOOR's engagement within hotspots is responsive and dynamic, adapting to populations in homeless encampments that move or are cleared out frequently.

LA DOOR will also expand its diversion pathways during Cohort 3, including accepting referrals from LA County's Alternatives to Incarceration's (ATI) Pre-Filing Diversion and Rapid Diversion programs. By creating more pathways for participants who are arrested for drug possession or non-violent misdemeanors to receive treatment instead of jail time, LA DOOR will address the needs of the Target Population.

#### **1.4 Alignment of Needs and Target Population with Proposition 47**

LA DOOR's Target Population's needs align closely with the intent of Prop. 47 to maximize alternatives for non-violent crime and invest the savings into mental health and drug treatment. As explained above, the population of South and Central LA has disproportionately high levels of substance use, mental illness, homelessness, and criminal involvement. For decades, these communities have suffered from overincarceration for non-violent offenses, including drug possession and homelessness. The intent of Prop. 47 is to prevent such non-violent offenders from crowding jails and prisons by delivering needed treatment services in community settings, including housing. LA DOOR will be passing through 72% of funding to help the Target Population transform their lives for the better.

### **B. Community Engagement (Percent of Total Value: 15%)**

#### **2.1 Advisory Committee**

During Cohort 3 LA DOOR will merge with two other Prop. 47-funded programs in Los Angeles (the LA City Mayor's Office of Reentry (MORE) and the LA County Office of Diversion and Reentry (ODR)), to form the new Joint Local Advisory Committee (JLAC). This enhanced partnership will strengthen further collaboration

between Prop 47 funded programs, eliminate redundancies, and leverage the respective relationships among local agencies and service providers.

The JLAC represents a culturally, ethnically, and geographically diverse group of stakeholders, including members from the Latinx and African-American communities, and members with lived experience. The JLAC also includes representatives from City and County agencies with expertise in recidivism, substance abuse, mental health, and homelessness, such as the Departments of Health Services, Public Health, and Probation. All members are experienced with program implementation and will ensure the grant funding reduces recidivism by using effective, evidence-based strategies.

## **2.2 Engagement Process & Soliciting Membership**

The JLAC consists of members selected from LACA, MORE, and ODR's previous Prop. 47 advisory committees. LACA formed its LA DOOR Advisory Committee in 2016 based on significant community stakeholder input from a local needs assessment and multiple focus groups conducted by CoCo. Additional members were solicited from other agencies, including LAPD, LA County Public Health, Mental Health, and Housing Services, and local service providers involved in workforce development, mobile treatment, and harm reduction services. Similarly, ODR and MORE formed their joint local advisory committee in 2016 after soliciting public feedback from multiple public convenings to assess community needs and a forum attended by 50 jail inmates who gave feedback about barriers to reentry. This advisory committee was designed to include affected County and City departments, as well as a culturally, ethnically, and geographically diverse group reflective of the makeup of LA County.

### **2.3 Process of Selection of Community Members**

The JLAC will be committed to continuing collaboration and decision-making by all members. Committee decisions will be made by a modified consensus process, which means the group will make decisions that are acceptable to all participants, even if not ideal to one or more. JLAC meeting notices will be circulated online and posted in public places to allow the opportunity for community and stakeholder input.

### **C. Project Description (Percent of Total Value: 30%)**

During Cohort 3, LA DOOR will maintain its mobile service delivery teams and create new diversion pathways for non-violent offenders to receive treatment instead of jail time. By allocating 72% of the project funding to community-based organizations, LA DOOR will provide a critically needed criminal justice intervention prioritizing substance use and mental health treatment in diverting criminal cases from traditional prosecution. LA DOOR will proactively engage participants in communities disproportionately impacted by policies that overcriminalize addiction and mental illness by delivering peer-led case management and mental health and SUD treatment.

### **3.1 Program Goals, Objectives, and Impacts**

During Cohort 3, LA DOOR will focus on the following three goals:

- *Goal 1: Reduce recidivism rates through diversion and preventative services.*
- *Goal 2: Increase participants' use of social services through Mobile Team, Wrap Team, and other linkages.*
- *Goal 3: Proactively remove participants' legal barriers.*

As detailed in the Work Plan (Attachment I), LA DOOR will meet program goals by providing: 1) expanded diversion options for non-violent misdemeanor arrests; 2)

peer-led mobile social services consistently delivered to five hotspots experiencing high numbers of homeless, substance dependent, and mentally ill persons; and 3) removal of legal barriers through LA DOOR's unique LACA/Public Defender partnership.

### **3.2 Services Types, Sources of Services & Method of Delivery**

**Diversion and Removal of Legal Barriers:** During Cohort 3, LA DOOR will expand diversion opportunities for non-violent offenders so that more participants can engage in LA DOOR treatment services in lieu of traditional prosecution. LA DOOR will leverage LACA's authority as the sole prosecutor of misdemeanors in Los Angeles to offer treatment services to defendants who might not otherwise seek treatment. LA DOOR will continue to operate its pre-booking diversion program, started in Cohort 1, which connects arrestees who are being booked on drug possession charges to LA DOOR. LA DOOR will also expand to accept referrals from other diversion programs, including ATI's Pre-Filing Diversion and Rapid Diversion programs. Additionally, LACA will evaluate if there are gaps in diverting the Target Population away from the criminal justice system and design additional diversion pathways at different intercept points to increase referrals to LA DOOR if necessary.

LA DOOR will continue its unique partnership with the Public Defender by funding a Public Defender clerical position to identify and remove legal barriers that bar clients from housing and other social services, including warrants and past convictions,. The Public Defender will leverage attorney time and office resources to review LA DOOR participant records and petition for relief when available. LACA will also continue to leverage its HEART program, which petitions the Los Angeles Superior Court for dismissal of outstanding citations, fines, and related warrants for homeless people. To

date LA DOOR has helped hundreds of clients remove legal barriers obstructing their progress and will continue in Cohort 3 to help restore them to society.

**First Point of Contact – Mobile Services:** LA DOOR will continue to partner with SSG Project 180 (P180), a leading provider of behavioral health treatment to justice-involved populations, as its main provider of mobile services. The Mobile Team will deliver culturally-competent services through a Field Supervisor, Mental Health Therapist, SUD Specialist, Emergency Medical Technician (EMT), and seven Peer Case Managers who have relevant lived experience in the criminal justice system or experience in recovery and currently live in the community.

Case plans will be developed for each participant based on a series of assessments and the participant's willingness to engage. Upon enrollment, a Risk-Needs-Responsivity assessment will be given to identify treatment services needed. Participants will then be assessed by the EMT, Therapist, and SUD Specialist to determine participants' appropriate levels of care for physical, mental health, or SUD issues. The EMT will provide basic mobile medical care including triage, wound care, health education, and linkage to medical care. The Therapist will assess for presence and acuity of mental illness, provide linkage to emergency psychiatric medications, and support placement into long-term mental health care. The SUD Specialist will use a harm reduction approach to meet participants "where they are at" and link participants to culturally-competent SUD supports that match their readiness for change.

**Wrap Team and Long Term Services:** Participants in need of a higher level of care will be transitioned to the LA DOOR Wrap Team. The Wrap Team, based out of P180's offices, will leverage existing contracts with the LA County Department of Mental

Health to provide intensive case management and consistent longer-term mental health, SUD, and co-occurring disorder treatment using evidence-based and trauma-informed treatment modalities. The Wrap Team includes a Psychiatrist, SUD Specialist, Therapist, and an additional Peer Navigator. The Wrap Team will provide on-site treatment groups, linkages to inpatient or outpatient SUD and mental health treatment, individual counseling, and medication support. The Peer Navigator will assist in service coordination, motivational interviewing, and housing and employment support.

**Housing Services:** LA DOOR will continue offering transitional beds operated by West Angeles Community Development Corporation (WACDC). WACDC, selected through a competitive RFP process during Cohort 1, is the outreach and neighborhood development arm of West Angeles Church, a historic hub of the African-American community in South LA. WACDC has provided housing, case management, and financial services to the Target Population in South LA for over 25 years. At the housing site, WACDC provides immediate access to safe and supportive housing for homeless LA DOOR participants. LA DOOR Housing clients will continue to be served by LA DOOR treatment and case management services.

LA DOOR will also place participants in other housing resources and enroll them in the Coordinated Entry System (CES), LA County's central access point for County homelessness resources. LA DOOR has placed dozens of participants in transitional and permanent housing through CES, including the City's A Bridge Home program.

### **3.3 Service Delivery Approach**

**Mobile Team:** During Cohort 3, LA DOOR will continue to operate its hotspot model in which the Mobile Team responds to the same hotspot on each day of the

week, ensuring the consistency needed to build rapport among a high need/high risk population. Due to past trauma and distrust of institutional supports, it often takes multiple contacts to convince potential homeless participants to accept LA DOOR support. The Mobile Team will continue to build trust by reflecting the community through ethnically diverse staff, including multiple native Spanish speakers, who possess trauma-informed care training. Using motivational interviewing, Mobile Team members will provide rapid response to participants in the field and build rapport by providing for immediate needs (food, water, and personal care items), obtaining vital documents (identification cards, birth certificates), and transporting participants to showers, appointments, hospitals, or other service providers.

### **3.4 Identifying the Target Population**

LA DOOR staff will continue to confirm in the field that a new enrollee has a SUD or mental health issue based on field observations or self-reporting. LA DOOR staff will then create a profile for the new participant in the LA DOOR database. LACA will next confirm if the individual has a verifiable criminal history and inform LA DOOR staff of the participant's eligibility. During the participant's intake appointment, a Risk-Needs-Responsivity assessment will be given to identify treatment services needed. A peer navigator will then develop a case plan and schedule appointments for specialized assessments from the SUD Specialist, therapist, and EMT.

### **3.5 Process Used to Determine Who Will Provide Services**

Following the risk needs assessment, LA DOOR peer navigators will work closely with participants to engage them in services that they are ready for and interested in. Many participants struggling with SUD or mental illness lack insight and motivation to

seek treatment. LA DOOR peer navigators will leverage their own lived experience of overcoming addiction, homelessness, and incarceration to motivate participants to engage in treatment and break the cycles of addiction and homelessness. To encourage participation in services, LA DOOR staff will continue to use evidence-based practices such as Motivational Interviewing and Cognitive Behavioral Therapy.

### **3.6 Plan to Minimize Start-Up Time**

Cohort 3 will carry forward the existing LA DOOR model and protocols using the same partners to minimize start-up time. No interruption in services is anticipated between Cohort 2 and Cohort 3.

### **3.7 Meeting the Spirit & Intent of Proposition 47 and Its Guiding Principles**

During Cohort 3 LA DOOR will continue to fulfill the spirit and intent of Proposition 47 to reduce recidivism by reducing incarceration and providing treatment alternatives for the Target Population. Through Prop. 47 resources, LA DOOR has a successful track record aiding the historically underserved populations in South and Central LA, which have been overrepresented in the criminal justice system. LACA provides diversion pathways for offenders to enroll in services in lieu of traditional prosecution and clears participants' criminal histories in partnership with the Public Defender to remove barriers to housing and employment. LA DOOR's guiding principles ensure that SUD, mental health, and physical treatment services are offered by culturally-competent providers. These include case management by peer navigators with lived experience who prioritize client-focused trauma-informed care. LA DOOR also provides housing, as well as placements in other transitional housing settings, to help sustain participants' progress.

### **3.8 Impact on Local Government Agencies**

During Cohort 3 LA DOOR will continue to maintain the support of impacted City and County agencies, such as the Departments of Public Health and Mental Health (see Attachment F). Rather than duplicating services or competing for clients, LA DOOR will remain an asset in reaching individuals who may not have otherwise been served and connecting them to available public resources. For Cohort 3, LA DOOR will service a minimum of 850 participants; partner agencies are aware of the anticipated increases in referrals that will impact them. This includes the number of participants using County-funded mental health and SUD services that will result from the expanded pool of eligible participants (i.e. non-violent offenders and the new referral pathways from ATI's Pre-Filing Diversion and Rapid Diversion programs).

### **3.9 Integrating the Prioritized Leveraged Funds or Partnerships**

During Cohort 3, LA DOOR will leverage \$2,226,524 in existing state and local funding and partnerships to provide wraparound services for participants. LA DOOR leverages Drug Medi-Cal funds by enrolling participants in outpatient and residential drug treatment. LA DOOR also leverages County mental health resources to fund treatment of Wrap Team participants. LA DOOR will continue leveraging other state and local resources in placing participants in transitional housing, enrolling participants in outpatient mental health care, and accessing medical care for participants.

## **D. Data Collection and Evaluation (Percent of Total Value: 15%)**

### **4.1 Plan for Project Evaluation & Monitoring Activities**

LACA will continue to partner with RAND Corporation (RAND) in evaluating LA DOOR Cohort 3. RAND was selected through a competitive RFP process during Cohort

1 and has evaluated LA DOOR through Cohort 2 during its start-up, implementation, and programmatic phases. RAND's experienced researchers have evaluated criminal justice and community-based provider programs that are relevant to LA DOOR. At the inception of Cohort 3, RAND will work with LACA to develop a logic model and local evaluation plan, and ensure that a system is in place to monitor program activities. During the service delivery period, RAND will meet regularly with LA DOOR to monitor reporting of program activities so that LA DOOR remains on track to meet its goals.

#### **4.2 Quantifiable Process & Outcome Measures**

RAND will conduct process and outcome evaluations specific to Cohort 3 to assess the operational status of LA DOOR program activities and determine whether program goals and objectives are achieved. As stated in the Work Plan, LA DOOR's three goals and objectives to be evaluated will entail: 1) reducing recidivism through preventative services and diversion; 2) increasing use of social services; and 3) removing legal barriers. The process evaluation will examine the services provided, training provided to staff, and diversion participation. The outcome evaluation will examine performance metrics, including reduced recidivism, improved access to services, improved housing situations, reduced substance use, and reduced symptoms of mental illness. RAND will track short-term outcomes (6-12 months after program participation), intermediate outcomes (1-2 years), and project-end outcomes. RAND will leverage multiple quantitative and qualitative data sources including administrative and programmatic data sources from LA DOOR, LACA diversion data and recidivism data for all participants, Program Partner interviews, and participant focus groups.

Program activities will be tracked in a case management and services database on the ServiceNow platform built specifically for LA DOOR since the start of Cohort 2. The LA DOOR database is highly customizable and regularly updated by City personnel based on program changes and gaps identified by RAND or program partners. LA DOOR program staff regularly enter services and case notes into the database to help ensure data reporting integrity. Assessments are also entered into the database, so that participants' progress in treatment can be compared with a baseline.

#### **4.3 Preliminary Research Plan**

Baseline data will be collected for LA DOOR participants through Risk-Needs-Responsivity assessments given at enrollment. Since this data is already collected for Cohort 2 participants, LA DOOR is ready to collect this baseline data when Cohort 3 begins. Participants who complete two months of services with LA DOOR will be given the same assessment so that outcomes can be compared with baseline data. RAND will use this comparison data, along with other outcome data such as recidivism rates and qualitative data, to measure how participants have benefited from LA DOOR. Qualitative data will be collected through surveys, focus groups, and interviews with participants and staff.

Participant service data will be stored on the LA DOOR database. LA DOOR partners have previously signed data sharing and will amend these agreements to incorporate Cohort 3. LACA also has existing agreements with the Department of Justice to access criminal history databases and will check on participants' recidivism. All participant data is anonymized before sharing with RAND for analysis.

Re: Impact Letter between the County of Los Angeles Alternate Public  
Defender and the Office of the Los Angeles City Attorney

To Whom It May Concern:

The LA DOOR (Diversion, Outreach, and Opportunities for Recovery) program administered by the Los Angeles City Attorney's Office is a health-focused addiction and mental illness intervention model that prioritizes mobile outreach, diversion, and community engagement over the traditional criminal justice approach. LA DOOR assists individuals and communities vitally in need of Proposition 47 resources by providing field-based multidisciplinary social services uniquely tailored to five hotspot locations identified as having high concentrations of individuals struggling with substance dependence, mental illness, and past criminal justice involvement. In addition to field-based services, the LA DOOR program offers diversion for some non-violent misdemeanor arrests, offering treatment to avoid a revolving door criminal justice system approach.

As LA DOOR Advisory Committee Members and Program Partners since 2017, the Alternate Public Defender's Office is informed as to how LA DOOR impacts its operations. The Alternate Public Defender's Office will continue to work closely with the City Attorney's Office to establish protocols for assisting program participants with accessing legal support in matters where the Alternate Public Defender's Office provides counsel.

During the new grant period, LA DOOR will expand its diversion of criminal cases to different intercept points, such as at arrest and during filing consideration. We support LA DOOR's efforts to offer more alternatives to prosecution by connecting people to treatment services. The Alternate Public Defender recognizes the potential impacts identified above and looks forward to continuing to work together with the Los Angeles City Attorney's Office to support the LA DOOR program and its participants.

In addition to field-based services, the LA DOOR program offers diversion on some non-violent misdemeanor arrests, meaning that individuals arrested on a qualifying offense are directed into treatment to avoid a revolving door criminal justice system approach.

Recognizing that a cornerstone of the LA DOOR model is providing a holistic approach to services by linking appropriate health care, mental health care and Substance Use Disorder (SUD) treatment, during the new grant period it is anticipated that program participants may seek to address outstanding criminal justice barriers as they work toward achieving their social services goals. These barriers include warrants, obligations on existing cases, or petitions for expungement or charge reduction. The City Attorney's Office will link program participants to the Public Defender's Office who will work with program participants to return to court on outstanding criminal justice issues. As a direct result, the Los Angeles District Attorney's Office may experience an increase in individuals seeking to address these issues at different courthouses throughout the County.

To address these potential local impacts during the new grant period, the Los Angeles City Attorney's Office will be available to provide training on the LA DOOR program as needed to County personnel. In addition, the City Attorney's Office will work with LA

DOOR case managers to ensure that any LA DOOR participants returning to court will present up to date progress report letters detailing their efforts in LA DOOR services. These progress reports are not intended to direct the outcome of any case within the jurisdiction of the District Attorney's Office and are intended only to advise courtroom prosecutors of participants' progress in LA DOOR services.

The District Attorney's Office recognizes the impacts described above and is supportive of the continued work of the LA DOOR program.

In addition to field-based services, the LA DOOR program offers diversion on some non-violent misdemeanor arrests, meaning that individuals arrested on a qualifying offense are directed into treatment to avoid a revolving door criminal justice system approach.

Recognizing that a cornerstone of the LA DOOR model is providing mental health services according to medically appropriate Level of Care guidelines, it is anticipated that SSG Project 180 will make referrals to the Los Angeles County Department of Mental Health (DMH) for services under existing agreements between DMH and SSG Project 180. These referrals may come from new field-based participants or from participants referred through diversion programs in an effort to avoid a criminal case filling. It is not anticipated that these referrals will go beyond currently available funds.

To address these potential local impacts, the City Attorney's Office will assist and support its field-based social services team managed by the non-profit SSG Project 180 in tracking participants referred by LA DOOR to DMH services so that any undue impacts can be assessed and addressed.

LA DOOR represents a fresh and promising approach by addressing substance use and mental illness in a field based or community setting, rather than seeking to address these issues through traditional prosecution approaches. The Los Angeles County Department of Mental Health looks forward to continue working together with the Los Angeles City Attorney's Office on the LA DOOR program.

During the new grant period, the Public Defender's Office is committed to continuing to work with the City Attorney's Office to establish protocols for assisting program participants with accessing legal support. This support includes filing motions and petitions for post-conviction relief, warrant issues or assistance with other legal barriers for which the Public Defender's Office provides counsel.

During the current grant period (Cohort 2), the Public Defender's Office and the City Attorney's Office partnered to establish a clerical position through Prop. 47 grant funds to facilitate the increased numbers of clients referred to the Public Defender from LA DOOR. The Public Defender's Office leveraged attorney support to review clients' criminal records to identify warrants, unresolved criminal cases or court obligations, participant eligibility for specialty courts, and past convictions eligible for expungement or charge reduction. The City Attorney's Office and the Public Defender's Office will continue to partner in providing legal support to as many LA DOOR clients as possible.

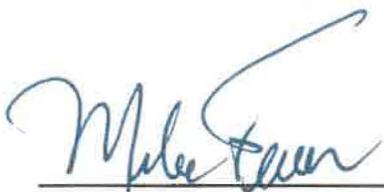

LA DOOR represents a fresh and promising approach by addressing substance use and mental illness in a field-based or community setting, rather than seeking to address these issues in through traditional prosecution approaches. The Los Angeles County Public Defender's Office acknowledges the local impacts listed above and looks forward to continuing to work with the Los Angeles City Attorney's Office on the LA DOOR program.

During the new grant period the Los Angeles Police Department is committed to continuing to work with the City Attorney's Office on its diversion program in the Rampart Area. This will require a new series of officer trainings from leadership to patrol to successfully implement the expanded LA DOOR model. Furthermore, protocols for tracking diversion arrest paperwork will need to be developed. To this end, the Los Angeles Police Department is committed to working closely with the City Attorney's Office to coordinate officer training, develop new protocols, and track leveraged funds.

**Impact Letter between the City of Los Angeles Fire Department  
and the Office of the Los Angeles City Attorney**

To Whom It May Concern:

The LA DOOR (Diversion, Outreach, and Opportunities for Recovery) program administered by the Los Angeles City Attorney's Office is a health-focused addiction and mental illness intervention model that prioritizes mobile outreach, diversion, and community engagement over the traditional criminal justice approach. LA DOOR assists individuals and communities vitally in need of Proposition 47 resources by providing field-based multidisciplinary social services uniquely tailored to five hotspot locations identified as having high concentrations of individuals struggling with substance dependence, mental illness, and past criminal justice involvement. In addition to field-based services, the LA DOOR program offers diversion on some non-violent misdemeanor arrests, meaning that individuals arrested on a qualifying offense are directed into treatment to avoid a revolving door criminal justice system approach.

Recognizing that the LA DOOR intervention model seeks to address participants' overall health, including the provision of basic medical care through a field-based licensed vocational nurse (LVN), it is anticipated that this expansion will yield some participants who may be in immediate need of acute or sub-acute medical care. As a result, LA DOOR staff may initiate 911 calls that would result in ambulance transport to a hospital by the Los Angeles Fire Department. These calls for service might not otherwise have been generated in the absence of contact by the LVN, and may slightly increase calls to 911.

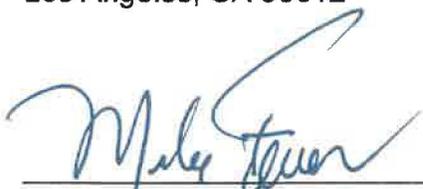

To address this potential local impact, the Los Angeles City Attorney's Office will work with SSG Project 180 and LAFD to track any substantial increase in 911 calls for service to evaluate what, if any, impacts arise under the LA DOOR model that can be addressed in a mutually agreeable manner.

LA DOOR represents a fresh and promising approach by addressing substance use and mental illness in a field based or community setting, rather than seeking to address these issues in through traditional prosecution approaches. The Los Angeles Fire Department recognizes the potential impacts described above and looks forward to working with the Los Angeles City Attorney's Office to resolve or address any significant impacts related to implementing the LA DOOR program.

The Proposition 47 Request for Proposals (RFP) includes requirements that apply to non-governmental, community-based organizations providing services with grant funds<sup>1</sup>. Grantees are responsible for ensuring that all contracted third parties continually meet these requirements as a condition of receiving any Proposition 47 funds. The RFP describes these requirements as follows:

Any non-governmental organization that receives Proposition 47 grant funds (as either a direct grantee, subgrantee, or subcontractor) must:

- Have been duly organized, in existence, and in good standing for at least three (3) years prior to the effective date of its fiscal agreement with the BSCC or with the Proposition 47 grantee;
  - Non-governmental entities that have recently reorganized or have merged with other qualified non-governmental entities that were in existence prior to the three (3) year date are also eligible, provided all necessary agreements have been executed and filed with the California Secretary of State prior to the start date of the grant agreement with the BSCC or the start date of the grantee subcontractor fiscal agreement;
- Be registered with the California Secretary of State's Office, if applicable;
- Have a valid Employer Identification Number (EIN) or Taxpayer ID (if sole proprietorship);
- Have a valid business license, if applicable;

- Have a physical address within California. (An agent for service of process with a California address is insufficient.)

In addition to the administrative criteria listed above, any non-governmental, community-based organization that receives Proposition 47 grant funds must have a proven track record working with the target population and the capacity to support data collection and evaluation efforts.

In the table below, provide the name of the Lead Public Agency (the Grantee) and list all contracted parties (if known).

**Appendix C: Certification of Compliance with BSCC Policies Regarding Debarment, Fraud, Theft, and Embezzlement**

It is the policy of the BSCC to protect grant funds from unreasonable risks of fraudulent, criminal, or other improper use. As such, the Board will not enter into contracts or provide reimbursement to applicants that have been:

1. debarred by any federal, state, or local government entities during the period of debarment; or
2. convicted of fraud, theft, or embezzlement of federal, state, or local government grant funds for a period of three years following conviction.

Furthermore, the BSCC requires grant recipients to provide an assurance that there has been no applicable debarment, disqualification, suspension, or removal from a federal, state or local grant program on the part of the grantee at the time of application and that the grantee will immediately notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

BSCC also requires that all grant recipients include, as a condition of award to a subgrantee or subcontractor, a requirement that the subgrantee or subcontractor will provide the same assurances to the grant recipient. If a grant recipient wishes to consider a subgrantee or subcontractor that has been debarred or convicted, the grant recipient must submit a written request for exception to the BSCC along with supporting documentation.

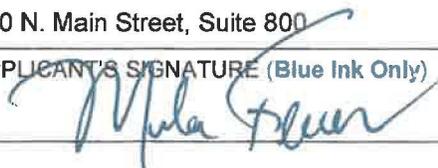

By checking the following boxes and signing below, applicant affirms that:

I/We are not currently debarred by any federal, state, or local entity from applying for or receiving federal, state, or local grant funds.

I/We have not been convicted of any crime involving theft, fraud, or embezzlement of federal, state, or local grant funds within the last three years. We will notify the BSCC should such debarment or conviction occur during the term of the Grant contract.

I/We will hold subgrantees and subcontractors to these same requirements.

A grantee may make a request in writing to the Executive Director of the BSCC for an exception to the debarment policy. Any determination made by the Executive Director shall be made in writing.

- |                                      |               |
|--------------------------------------|---------------|
| 44. April 1, 2026 to April 30, 2026* | June 15, 2026 |
| 45. May 1, 2026 to June 1, 2026*     | July 15, 2026 |

*\*Note: Only expenditures associated with completion of the Final Local Evaluation Report and the financial audit may be included on the final invoice.*

- B. All project expenditures (excluding costs associated with the completion of the Final Local Evaluation Report and the financial audit) and all obligated leverage contributions must be incurred by the end of the grant project period, March 1, 2026, and included on the invoice due April 15, 2026. Project expenditures incurred after March 1, 2026 will not be reimbursed.
- C. The Final Local Evaluation Report is due to BSCC by June 1, 2026. Expenditures incurred solely for the completion of the Final Local Evaluation Report during the period of March 2, 2026 to June 1, 2026 must be submitted during the Final Invoicing Period(s), with the final invoice due on July 15, 2026. Supporting fiscal documentation will be required for all expenditures claimed during the Final Invoicing Period(s) and must be submitted with the final invoice.
- D. The financial audit is due to BSCC by June 1, 2026. Expenditures incurred solely for the completion of the financial audit during the period of March 2, 2026 to June 1, 2026 must be submitted during the Final Invoicing Period(s), with the final invoice due on July 15, 2026. Supporting fiscal documentation will be required for all expenditures claimed during the Final Invoicing Period(s) and must be submitted with the final invoice.
- E. Grantee shall submit an invoice to the BSCC each invoicing period, even if grant funds are not expended or requested during the invoicing period.
- F. Upon the BSCC's request, supporting documentation must be submitted for project expenditures. Grantees are required to maintain supporting documentation for all expenditures on the project site for the life of the grant and make it readily available for review during BSCC site visits. See Exhibit A. Scope of Work, Item 6. Project Records.

### 2. GRANT AMOUNT AND LIMITATION

- A. In no event shall the BSCC be obligated to pay any amount in excess of the grant award. Grantee waives any and all claims against the BSCC, and the State of California on account of project costs that may exceed the sum of the grant award.
- B. Under no circumstance will a budget item change be authorized that would cause the project to exceed the amount of the grant award identified in this Grant Agreement.

### 3. BUDGET CONTINGENCY CLAUSE

- A. This grant agreement is valid and enforceable only if sufficient funds are made available through the annual transfer of savings generated by Proposition 47 from the General Fund to the Safe Neighborhoods and Schools Fund and subsequent transfer from the Safe Neighborhoods and Schools Fund to the Second Chance Fund. (Gov. Code, § 7599.1 & Pen. Code, § 6046.2.) On or before July 31<sup>st</sup> of each fiscal year the Department of Finance will calculate the state savings associated with Proposition 47 and certify the calculation to the State Controller who shall transfer those funds to the Safe Neighborhoods and Schools Fund. (Gov. Code, § 7599.1.) The grantee agrees that the BSCC's obligation to pay any sum to the grantee under any provision of this agreement is contingent upon the availability of sufficient funding transferred to the Safe Neighborhoods and Schools Fund and subsequent transfer to the Second Chance Fund.
- B. If Proposition 47 funding is reduced or falls below estimates contained within the Proposition 47 Request for Proposals, the BSCC shall have the option to either cancel this Grant Agreement

## **EXHIBIT B: BUDGET DETAIL AND PAYMENT PROVISIONS**

with no liability occurring to the BSCC or offer an amendment to this agreement to the Grantee to reflect a reduced amount.

- C. If BSCC cancels the agreement pursuant to Paragraph 3(B) or Grantee does not agree to an amendment in accordance with the option provided by Paragraph 3(B), it is mutually agreed that the Grant Agreement shall have no further force and effect. In this event, the BSCC shall have no liability to pay any funds whatsoever to Grantee or to furnish any other considerations under this Agreement and Grantee shall not be obligated to perform any provisions of this Grant Agreement except that Grantee shall be required to maintain all project records required by Paragraph 6 of Exhibit A for a period of three (3) years following the termination of this agreement.

### **4. PROJECT COSTS**

- A. Grantee is responsible for ensuring that actual expenditures are for eligible project costs. "Eligible" and "ineligible" project costs are set forth in the July 2020 BSCC Grant Administration Guide, which can be found under Quick Links here:

[https://www.bscc.ca.gov/s\\_correctionsplanningandprograms/](https://www.bscc.ca.gov/s_correctionsplanningandprograms/)

- B. The provisions of the BSCC Grant Administration Guide are incorporated by reference into this agreement and Grantee shall be responsible for adhering to the requirements set forth therein. To the extent any of the provisions of the BSCC Grant Administration Guide and this agreement conflict, the language in this agreement shall prevail.
- C. Grantee is responsible for ensuring that invoices submitted to the BSCC claim actual expenditures for eligible project costs.
- D. Grantee shall, upon demand, remit to the BSCC any grant funds not expended for eligible project costs or an amount equal to any grant funds expended by the Grantee in violation of the terms, provisions, conditions or commitments of this Grant Agreement.
- E. Grant funds must be used to support new program activities or to augment existing funds that expand current program activities. Grant funds shall not replace (supplant) any federal, state and/or local funds that have been appropriated for the same purpose. Violations can result in recoupment of monies provided under this grantor suspension of future program funding through BSCC grants.

### **5. PROMPT PAYMENT CLAUSE**

Payment will be made in accordance with, and within the time specified in, Government Code Chapter 4.5, commencing with Section 927.

### **6. WITHHOLDING OF GRANT DISBURSEMENTS**

- A. The BSCC may withhold all or any portion of the grant funds provided by this Grant Agreement in the event the Grantee has materially and substantially breached the terms and conditions of this Grant Agreement.
- B. At such time as the balance of state funds allocated to the Grantee reaches five percent (5%), the BSCC may withhold that amount as security, to be released to the Grantee upon compliance with all grant provisions, including:
  - 1) submittal and approval of the final invoice;
  - 2) submittal and approval of the final progress report; and
  - 3) submittal and approval of any additional required reports, including but not limited to the Final Local Evaluation Report and the financial audit.

**EXHIBIT B: BUDGET DETAIL AND PAYMENT PROVISIONS**

- C. The BSCC will not reimburse Grantee for costs identified as ineligible for grant funding. If grant funds have been provided for costs subsequently deemed ineligible, the BSCC may either withhold an equal amount from future payments to the Grantee or require repayment of an equal amount to the State by the Grantee.
- D. In the event that grant funds are withheld from the Grantee, the BSCC's Executive Director or designee shall notify the Grantee of the reasons for withholding and advise the Grantee of the time within which the Grantee may remedy the failure or violation leading to the withholding.

**7. EXECUTIVE ORDER N-6-22 – RUSSIA SANCTIONS**

The EO directs state agencies to terminate contracts with, and to refrain from entering any new contracts with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State determine Contractor is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this agreement. The State shall provide Contractor advance written notice of such termination, allowing Contractor at least 30 calendar days to provide a written response. The Grantee may appeal the termination decision in accordance with the instructions listed in Exhibit D: Special Terms and Conditions, Number 8. Settlement of Disputes.

### **9. SETTLEMENT OF DISPUTES**

- A. The parties shall deal in good faith and attempt to resolve potential disputes informally. If the dispute persists, the Grantee shall submit to the BSCC Corrections Planning and Grant Programs Division Deputy Director a written demand for a final decision regarding the disposition of any dispute between the parties arising under, related to, or involving this Grant Agreement. decision. If a written decision is not rendered within 30 days after receipt of the Grantee's demand, it shall be deemed a decision adverse to the Grantee's contention. If the Grantee is not satisfied with the decision of the BSCC Corrections Planning and Grant Programs Division Deputy Director, the Grantee may appeal the decision, in writing, within 15 days of its issuance (or the expiration of the 30-day period in the event no decision is rendered), to the BSCC Executive Director, who shall have 45 days to render a final decision. If the Grantee does not appeal the decision of the BSCC Corrections Planning and Grant Programs Division Deputy Director, the decision shall be conclusive and binding regarding the dispute and the Contractor shall be barred from commencing an action in court, or with the Victims Compensation Government Claims Board, for failure to exhaust Grantee's administrative remedies.

- B. Pending the final resolution of any dispute arising under, related to or involving this Grant Agreement, Grantee agrees to diligently proceed with the performance of this Grant Agreement, including the providing of services in accordance with the Grant Agreement. Grantee's failure to diligently proceed in accordance with the State's instructions regarding this Grant Agreement shall be considered a material breach of this Grant Agreement.
- C. Any final decision of the State shall be expressly identified as such, shall be in writing, and shall be signed by the Executive Director, if an appeal was made. If the Executive Director fails to render a final decision within 45 days after receipt of the Grantee's appeal for a final decision, it shall be deemed a final decision adverse to the Grantee's contentions. The State's final decision shall be conclusive and binding regarding the dispute unless the Grantee commences an action in a court of competent jurisdiction to contest such decision within 90 days following the date of the final decision or one (1) year following the accrual of the cause of action, whichever is later.
- D. The dates of decision and appeal in this section may be modified by mutual consent, as applicable, excepting the time to commence an action in a court of competent jurisdiction.

### **10. UNION ACTIVITIES**

For all agreements, except fixed price contracts of \$50,000 or less, the Grantee acknowledges that applicability of Government Code §§16654 through 16649 to this Grant Agreement and agrees to the following:

- A. No State funds received under the Grant Agreement will be used to assist, promote or deter union organizing.
- B. Grantee will not, for any business conducted under the Grant Agreement, use any State property to hold meetings with employees or supervisors, if the purpose of such meetings is to assist, promote or deter union organizing, unless the State property is equally available to the general public for holding meetings.
- C. If Grantee incurs costs or makes expenditures to assist, promote or deter union organizing, Grantee will maintain records sufficient to show that no reimbursement from State funds has been sought for these costs, and that Grantee shall provide those records to the Attorney General upon request.

### **11. WAIVER**
