Hello,

My name is Mandy Olsen and I am appealing the boards decision on hearing file # 240002.
[3701 Glenridge Dr. Sherman Oaks.](#)

My family has lived at the top of Glenridge Drive for over 5 years, and we have problems every day with road blockage due to garbage trucks, mail deliveries, and other day to day oversized vehicles.

The proposed project will be absolutely detrimental to the quality of life of the families who live on this street. The entire length of Glenridge Drive is winding and unpredictable; there are blind turns at every corner. The street might as well be a one-way road with the amount of drivable space available at any given time. Half of the street is taken up by street parking, and there is VERY little room for vehicles to maneuver. Even normal compact cars have to do a three point turn to navigate the street. Additionally, considering the street ends in a dead end, it is quite possible that people will be trapped in their homes indefinitely throughout the intended duration of this proposed project.

I vehemently oppose this project.

Thank you,

Mandy Olsen
