#### Impact Information

Date: 03/17/2022

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 22-0151

Agenda Date:

Item Number:

Summary: The Hollywood United Neighborhood Council supports the motion to study decarbonization with additional requests to include the following study points: 1. Study impact that such a policy of zero carbon emissions would have on the carbon emissions of existing buildings and infrastructure including access and pricing; 2. Recommend regulatory language to ensure that the ordinance and/or regulatory framework does not place the economic burden of transitioning to decarbonize construction on all tenants as well as low-income tenants or contribute to housing destabilization or community displacement pressures.
