Comments for Public Posting: It's imperative that we have more patrol a few days before and after 4th of July. Even though we live in an extreme fire zone with the hills behind us people don't seem to care about shooting fireworks, M80s or more powerful fireworks. PLEASE. We don't want to see what happened in Eaton and Palisade fires in our community. THANK YOU!

Comments for Public Posting: This area is a very high fire area and on July 4th individuals will attempt to set off fireworks. Police patrols last year prevented any fires. We need patrols this year as the hillsides are overgrown with weeds and vegetation is extremely dry.

Comments for Public Posting: A police presence at the Chandler fire road during July 4th is crucial. Last year we did have that presence, and the officers turned away 60 people trying to access that area. In the past, individuals brought fireworks to set off. Glencrest Hills is in a Severe Fire Hazard Area, and we have had multiple fires in the past from illegal fireworks. Thank you. Susan Lustig
