Comments for Public Posting: Hello I am a resident homeowner in Silverlake, writing to advocate for the green space on Maltman that the city is planning to give to a developer. We need more housing in the city, but not at the expense of the few, public green spaces that exist in our community. Please continue to maintain this green space as a small park that is open to the public. And, if you must give this beautiful strip of land to the developer, please require them to invest in existing green spaces or other resources for the neighborhood in return. Thank you.
