**Comments for Public Posting:** I was recently told that the City Of Los Angeles has acquisition of 10 parcels that contain either hotels or travel lodges for the purpose of sheltering homeless & others. The one in question is the Travel Lodge @ 18606 Normandies Ave, located on the south east corner of 186th Street It was noted that they're NO PRECONDITIONS for admittance, other words there is a long list of thing that a residential neighborhood would have to be concerned with. For instance NO drug or alcohol restrictions, pedifiles, looters, or mental capacity. Looks like to me its all FREE for the first come first served! There are two schools in close proximity to this Travelodge, the Gardena High School & the 186th school! I see parents & their young children walking past this Travel-lodge headed towards 186th Street school! Also I seen teenagers walking by that travel lodge on their way to Gardena High School, thats just a couple blocks from that Travel lodge. I've lived at this address for 47 years & my children went to those schools & there was no concern about being attacked or worse by homeless people that could be on drugs or alcohol or by some pervert who wanted to harm them What I really don't understand is WHY our neighborhood wasn't notified & given the opportunity to express our concerns for your NO PRECONDITIONS FREE to do what we want Hotels/Travel Lodges? I got something today left on doorstep advising that there would be a zoom meeting on Friday 12/04/2020. I will be on that zoom meeting to express my concerns. Of note: I'm concerned about a situation that hasn't even accrued yet, but it will. A lot of homeless people live in beat up motor homes, vans & cars. Have you even considered if only half of the 40 residents have one of these where will they park them? Thank you for your time
