**Comments for Public Posting:** I urge you to vote YES on Council File 23-0529 from CM Traci Park. As you know we have a dangerous epidemic of RVs lining our streets in Los Angeles - many in residential neighborhoods, such as ours in CD10. As you also are well aware of (or should be), many RVs are occupied by dangerous gangs that are refusing to give up the RVs or move them, so they can continue to operate their illegal activities under the protection of the city. My street has had two RVs that have apparently been rented out to gang members and have been taking up the same metered four parking spots for TWO YEARS. They've brought crime, human trafficking and even murder to our block during the pandemic. Clearly we can't go on like this and as property tax paying citizens, this simply is not safe nor fair to us.
