Re: Notification of Application and Award for Fiscal Year 2024 Securing the Cities Program Sustainment Funding and Budget Modifications and Reappropriations for Fiscal Year 2020-2023 Awards (Council File Nos. 13-1301-S3, 13-1301-S4, 13-1301-S7, 13-101-S8)

Dear Honorable Members:

The Securing the Cities (STC) Program is a radiological and nuclear detection program funded through a cooperative grant agreement administered by the U.S. Department of Homeland Security (DHS) Countering Weapons of Mass Destruction (CWMD) Office. Pursuant to Section 14.6 of the Los Angeles Administrative Code, my office is providing notification to the City Council of the submission of application for Fiscal Year 2024 Los Angeles-Long Beach (LA-LB) STC Sustainment funds and subsequent cooperative agreement award on August 27, 2024 in the amount of \$3,166,000.00. The program began in 2012 and is currently in its sustainment and expansion project phase with a period of performance from September 1, 2020 through August 31, 2030.

The program and grant funds are managed and administered by my office to provide regional partners with state-of-the-art radiological and nuclear detection equipment and training. As these investments are made, my office works to monitor spending rates and project costs to ensure complete and efficient use of funds.

As such, I am providing the attached report requesting award acceptance, budget modifications, and re-appropriation of funds for Fiscal Year 24-25.

Sincerely,

KAREN BASS
Mayor

NARRATIVE AND RECOMMENDATIONS

Fiscal Year 2024 STC Program Cooperative Agreement

Pursuant to Section 14.6 of the Los Angeles Administrative Code, the Mayor's Office of Public Safety (Mayor's Office) is providing notification to the City Council of the submission of a grant application for the Fiscal Year 2024 (FY 24) STC Sustainment Program cooperative agreement administered by the U.S. Department of Homeland Security (DHS) Countering Weapons of Mass Destruction (CWMD) and award on August 27, 2024 in the amount of \$3,166,000.00

Additionally transmitted herewith for City Council consideration are budget modifications for the continuation of Fiscal Year 2020 (FY 20), Fiscal Year 2021 (FY 21), Fiscal Year 2022 (FY 22), and Fiscal Year 2023 (FY 23) Securing the Cities Program Sustainment (STC Sustainment) awards (Council File Nos. 13-1301-S3, 13-1301-S4, 13-1301-S7, 13-1301-S8). There is no match requirement for this grant.

Fiscal Year 2024 Application and Award

As a continuing grant application, DHS CWMD released the STC Program Sustainment FY 24 letter to apply on July 12, 2024. The Mayor's Office submitted an application for funding on behalf of the LA-LB STC Program on August 22, 2024. The City of Los Angeles was awarded \$3,166,000.00 on August 27, 2024, for Budget Period 5 dating September 1, 2024 through August 31, 2025 (Attachment 2). The award also approves carryover funding from FY 20, FY 21, FY 22, and FY 23 awards in the amount of \$5,008,696.13 to be utilized in the same budget period.

The FY 24 STC budget of \$3,166,000.00 reflects the following grantor approved projects:

Equipment

The amount of \$2,115,303.00 is budgeted for lifecycle replacement of Preventive Radiological and Nuclear Detection (PRND) equipment within the region, procurement of situational awareness software, and equipment maintenance. Keeping up with advancing technology is critically important to increasing regional detection capabilities to enhance public safety.

Personal Radiation Detectors

To maintain current radiation detection capabilities, the STC program must replace personal radiation detectors (PRDs) at the end of their operational life cycles. CWMD supplied 2100 through a federal contract. The LA-LB STC Program plans to supplement this with 495 additional units with a budget of \$990,000.00.

Radioisotope Identifying Devices

Similarly, \$81,000.00 is budgeted to replace three radio-isotope identifying devices (RIIDs) that will be cycled out of operational use due to age. The new RIID equipment will

have more sensitive detection capabilities as technology has advanced in this field since the original RIID procurement approximately ten years ago.

Mobile Detection Systems

Keeping up with technological advances will aid radiation detection within the region, the amount of \$516,000.00 is budgeted for two mobile detection systems. The equipment will provide specialized detection capabilities that will be in line with current technological advances and expand the regional capability for radiological detection.

Preventive Radiological and Nuclear Detection Equipment Maintenance

The amount of \$22,644.00 is budgeted for PRND equipment maintenance expenditures anticipated for equipment repairs by qualified technicians for PRDs, RIIDs, radiation detection backpacks, and mobile detection systems to sustain operational readiness, as well as maintenance and service to the equipment calibration system to ensure accurate dose rates and operational efficiencies.

Situational Awareness Data Sharing Provider

In radiological incidents, real-time data sharing is crucial to ensuring public health and safety of responders. The LA-LB STC Program anticipates the procurement of software for a situational awareness data sharing platform provider to allow for secondary screening real-time situational awareness, command and control and resource mapping. Costs will include licensing for administrative and operator access among regional partners and for federal collaboration for 24 months. Contracting authority is requested herein with total contractual costs not to exceed \$505,659.00 for a term of up to 36 months.

Radiation Safety and Partner Training and Exercise

Partner Agency Training and Exercise Overtime

LA-LB STC Program partner agencies continue to utilize allocated funding for CWMD approved PRND primary and secondary screening training classes, drills and exercises reimbursed by the grant for personnel overtime funding to train personnel to perform primary screening duties, backfill on overtime for drills, workshops, tabletop exercises to maintain proficiencies for steady state and enhanced steady state deployments and search operations. To ensure operational readiness and proficiency, the costs for overtime and backfill on overtime for these drills will be for personnel who have been trained as primary and secondary screeners totaling \$261,000.00 for LA-LB STC partner agencies listed in Attachment 3. [The allocation to the Los Angeles Police Department (LAPD) includes \$8,496.00 budgeted for fringe benefits.]

Equipment Calibration Laboratory Overtime

The LA-LB STC Equipment Calibration Laboratory is used for conducting personal radiation detector (PRD) equipment calibration. In order to conduct equipment calibration, overtime funding is necessary to sustain this capability. Funding is allocated for the Radiation Safety Officers (RSO) and Authorized Users to perform scheduled equipment calibrations for the program on overtime. Additionally, training and exercise source

material used for primary screening classes and exercises require leak testing every six months. Overtime funding in the amount of \$90,000 is needed to remain in compliance with the regulatory requirement to maintain these sources. The allocations for LAPD and the Los Angeles Department of Public Health (LACDPH) partner agencies are included within the allocations listed in Attachment 3. [The allocation to the Los Angeles Police Department (LAPD) includes \$6,372.00 budgeted for fringe benefits.]

Training Centers and Radiation Safety – Grant Management and Administration

The LA-LB STC Program currently functions with two training sites, each with source materials for radiation detection training. Licensing for these sites and the equipment calibration laboratory is required by the State of California for all regulated source materials. Annual sustainment cost of this license is budgeted at \$8,000 dependent on the amount of source material in possession and number of training facilities.

To maintain radiation source materials at each training site, trained RSO and Authorized Users are required by the State of California to be listed on the program's radioactive materials license. RSO training and transportation certifications are necessary to ensure the safety of participants in STC-sponsored training classes and the training cadre. \$9,700.00 is budgeted for new RSO Authorized Users to be trained and attend United States Department of Transportation training for radiation transportation safety.

Supplies

LA-LB STC Calibration Laboratory Supplies - Grant Management and Administration

As detailed earlier, the LA-LB STC Equipment Calibration Laboratory is an operational unit to calibrate PRDs and conduct leak testing. Sustainment supply costs for the equipment calibration laboratory include consumable materials such as filters, leak testing supplies and maintenance supplies budgeted at \$5,000.00.

Additionally, continued dosimetry badging equipment and analysis are necessary for occupational and area radiation monitoring for RSO and Authorized Users who handle the training and exercise radiation source materials, conduct leak testing and equipment calibrations.

LA-LB STC Program Supplies - Grant Management and Administration

In order to sustain the LA-LB STC Program Office, \$2,000.00 is budgeted for office supplies to continue to manage and administer the STC program. In addition, in order to effectively support the LA-LB STC program for administrative and management purposes, monthly cellular phone subscription services are necessary at a cost of \$3,000.00 annually.

Travel

Travel - Grant Management and Administration

Budgeting for program-related travel in the amount of \$28,000.00 is requested for program planning. In-person participation is crucial to information sharing and learning

within the national STC Program and enables collaboration and cohesion of federal goals. The budget includes travel to bi-annual STC meetings, senior level discussions in Washington, D.C.; attendance at the annual National Homeland Security Conference; and travel related to providing support to other STC program exercises for controller/evaluator needs. Travel cost estimates include airfare, lodging, and meals and incidentals based on United States Department of General Services Administration rates.

STC Program Staffing

LA-LB STC Program Office Staffing

Personnel funding budgeted for the LA-LB STC Program office staff is budgeted for \$457,873.00. The LA-LB STC Program Office ensures the implementation and administration of procurements, grant management, fiscal and asset monitoring, contracts, and sub-awards. The team consists of one STC Program Director and one Deputy Program Director and partially funds a Contract Specialist, Grants Specialist, Accountant, Grants and Finance Director, and Executive Officer for administrative support and program direction. These individuals work to support all LA-LB STC Program objectives and goals with the program's partners.

Based on the federally approved cost allocation plan (CAP) 41 for the City of Los Angeles for LA-LB STC Program Office staffing, \$186,124.00 is budgeted for fringe benefits calculated at 40.65%.

FY 20 and FY 22 Budget Modifications

FY 20 Mobile Detection Systems and Radio-isotope Identifying Devices

With the previous STC Program award (C.F. 13-1301-S6), the funding facilitated the purchase of three mobile systems that were purchased without installation. Utilizing budgeted FY 20 funds, contracting authority is requested for a vendor to provide installation services on three LAPD vehicles.

From unrealized costs in PRND Training, Drills, Exercise (\$37,500.00 from Riverside Police and Fire) due to course postponements and cost savings from the program's radiological materials licensing (\$2,293.00) the LA-LB STC Program received grantor authorization on 08/21/2024 to modify these funds to the purchase of new mobile radiation detection systems.

FY 22 Keyboards

The LA-LB STC Program received 88 CF-334Z Toughbooks through CWMD. To complete the laptop equipment package for our regional responders, the same number of keyboards are needed to be purchased. The modification of \$65,000.00 from Contractual Services for a Workshop/Seminar Consultant was approved by the Grantor on 08/27/2024 to fund the completion of this response package and the purchase of new RIID technology for detection. The consultant cost is no longer needed as CWMD has provided exercise development services through their contracted vendor as part of the program's cooperative agreement.

COOPERATIVE AGREEMENT TERMS AND CONDITIONS
GRANTS AND FINANCIAL ASSISTANCE DIVISION (GFAD)

In addition to the DHS Standard Terms and Conditions as outlined here: [DHS standard terms and conditions](#), the following Terms and Conditions apply specifically to this award as administered by the Grants and Financial Assistance Division (GFAD):

ARTICLE I. FEDERAL ADMINISTRATIVE TERMS AND CONDITIONS

A. AWARD SPECIFIC TERMS AND CONDITIONS AND/OR RESTRICTIONS

-This award does not include any award specific Terms and Conditions.

B. PROGRAM SPECIFIC TERMS AND CONDITIONS

-The following program specific Terms and Conditions apply.

Transfer of Property Title

DHS is hereby transferring title to the recipient for all the property listed in the [Equipment List - Los Angeles] document that is included with this NOA and uploaded GrantSolutions. This inventory is incorporated by reference into the terms and conditions of this award and will be periodically updated as necessary. For property that DHS transfers title (i.e., ownership), recipients must use, manage, and dispose of this property in accordance with 2 C.F.R.§§ 200.313-200.314, as applicable depending on whether the property qualifies as equipment or supplies.

The recipient may request that DHS deliver property directly to a subrecipient or third party, but this request must be in writing. Where the recipient has requested DHS to deliver property directly to a subrecipient or other third party, the recipient still retains title to the property and must comply with all applicable requirements under 2C.F.R.§§ 200.313-200.314. If the recipient wants to transfer title to a subrecipient or other third party or otherwise dispose of the property, it must ask for disposition instructions from DHS.

For property DHS has purchased and transferred title, if there are any issues with the property, such as defective, missing, or incorrect property, whether upon delivery or during its use, the recipient must reach out to DHS who will then communicate with the vendor. Where property has been delivered directly to a subrecipient or other third parties, they must communicate issues through the recipient who will then communicate with DHS.

For property the recipient or subrecipient purchases directly, the purchasing entity is responsible for communicating directly with the applicable vendor regarding any property issues.

C. DHS SUBSTANTIAL PROGRAMMATIC INVOLVEMENT

Previous DHS programmatic involvement remains in effect.

ARTICLE II. GENERAL TERMS AND CONDITIONS

A. APPLICABILITY

1. General. The terms and conditions set forth in this document and elsewhere in the Federal Award package will apply to all budget periods for the Federal Award.
2. Post- Award Changes . DHS may revise terms and conditions in this document and other parts of the Federal Award package if it determines that there was an error in the package or otherwise determines that an administrative change must be made to the package. DHS will notify the Recipient in writing of the change and provide an updated Federal Award package document. Once notification occurs, any subsequent drawdown will indicate Recipient acceptance of the changes to the Federal Award.
3. Continuation Awards . If the Federal Award includes more than one budget period, DHS may revise the terms and conditions in this document or elsewhere in the award package when awarding continuation funding and approving an additional budget period. DHS will notify the Recipient of these changes and the Recipient, by applying for continuation award funding, agrees to comply with the revisions, should it receive a continuation award. These revisions would apply only to that budget period and future budget periods and would not apply retroactively to previous budget periods.
4. Applicability of DHS Standard Terms and Conditions to Tribes . The DHS Standard Terms and Conditions are a restatement of general requirements imposed upon recipients and flow down to subrecipients as a matter of law, regulation, or executive order. If the requirement does not apply to Indian tribes or there is a federal law or regulation exempting its application to Indian tribes, then the acceptance by Tribes of, or acquiescence to, DHS Standard Terms and Conditions does not change or alter its inapplicability to an Indian tribe. The execution of grant documents is not intended to change, alter, amend, or impose additional liability or responsibility upon the Tribe where it does not already exist.

B. AMENDMENTS AND REVISIONS

1. The Recipient is required to report deviations from the approved budget and request prior approvals from DHS for budget and program revisions for the Federal Award in accordance with 2 C.F.R. § 200.308. This Federal Award is a [construction/non-construction] award for the purposes of applying the prior approval requirements. Scope or objective changes are generally not permitted unless authorized by law; Recipients should contact DHS with questions about changes to scope or objectives.
2. DHS does not waive any prior approval requirements pursuant to 2 C.F.R. § 200.308(e).
3. For non-construction work under awards where the Federal share is greater than the simplified acquisition threshold (currently \$250,000), per 2 C.F.R. § 200.308(f), the Recipient must obtain prior written approval from DHS for transfers of funds among direct cost categories where the cumulative amount of such transfers exceeds or is expected to exceed 10 percent of the total approved budget.
4. The Recipient must obtain prior written approval from DHS for transfers of funds from direct costs to the indirect costs object class or vice versa.

The justification is a written explanation of the reason(s) for the delay; an outline of remaining resources/funds available to support the extended Period of Performance; and a description of performance measures necessary to complete the project. Extension requests shall not be processed without up- to-date performance and financial status reports and adequate justification.

General guidance for DHS's EHP process is available at [DHS Compliance with the National Environmental Policy Act | Homeland Security](#). Specific applicant guidance on how to submit information for EHP review depends on the individual grant program and applicants should contact their Grants Officer to be put into contact with EHP staff responsible for assisting their specific grant program. The EHP review process must be completed before funds are released to carry out the proposed project; otherwise, DHS may not be able to fund the project due to noncompliance with EHP laws, executive orders, regulations, and policies.

If ground disturbing activities occur during construction, applicant will monitor ground disturbance, and if any potential archaeological resources are discovered the applicant will immediately cease work in that area and notify the pass-through entity, if applicable, and DHS.

N. COMPLIANCE WITH U.S. EXPORT CONTROLS

Activities performed by the Recipient and any Recipient institution under this Award may or may not be subject to U.S. export control regulations. The Recipient and any Recipient institution shall conduct all such activities, to include any and all DHS-funded research and development, acquisitions, and collaborations in full compliance with all U.S. export controls—to include but not limited to the Export Administration Regulations (EAR), the International Traffic in Arms Regulations (ITAR), and the Office of Foreign Assets Control (OFAC) Regulations. The rights of DHS in any articles or documents are set forth in 2 C.F.R. § 200.315.
2. The Recipient must include the following marking on any article or similar document produced under or as a result of the Federal Award:

“This document is based upon work supported by the U.S. Department of Homeland Security under *[insert Grant/Cooperative Agreement number]*. The views and conclusions expressed in this document are those of the authors and do not necessarily represent the views of the U.S. Department of Homeland Security or the United States.”

S. TERMINATION PROVISIONS

1. General. The regulations at 2 C.F.R. §§ 200.340-343 set forth the administrative requirements concerning the termination of federal awards. Termination means the ending of a federal award, in whole or in part, at any time before the planned end of the period of performance. As required by 2 C.F.R. § 200.340(b), the purpose of this term and condition is to specify termination provisions applicable to the federal award in addition to those set forth in the regulations.
2. Termination by DHS. The regulation at 2 C.F.R. § 200.340(a) provides that DHS may unilaterally terminate the federal award in whole or part if the Recipient fails to comply with the terms and conditions of the federal award and when, to the greatest extent authorized by law, the federal award no longer effectuates the program goals or agency priorities. When terminating a federal award, the DHS will promptly notify the Recipient in writing via email of the termination that will set forth the reasons for the termination and the effective date of the termination. A Recipient may object and provide written information and documentation challenging the termination electronically via email to DHS within 30 days of receiving the termination notice.

The termination notice may provide additional procedures for submitting an objection to the termination.

3. Termination with Consent. The regulation at 2 C.F.R. § 200.340(a) provides that DHS may terminate the federal award in whole or in part with the consent of the Recipient. In that case, DHS will work with the Recipient to identify mutually agreed upon termination conditions including the effective date, and, in the case of partial termination, the portion to be terminated. DHS will provide to the Recipient for concurrence a draft termination notice setting forth the agreed upon termination conditions and, following the Recipient's written concurrence, DHS will issue the final termination notice.
4. Termination by Recipient. The regulation at 2 C.F.R. § 200.340(a) provides that the Recipient may unilaterally terminate the federal award in whole or in part by sending DHS written notification setting forth the reasons for such termination, the effective date, and, in the case of partial termination, the portion to be terminated. However, if DHS determines in the case of partial termination that the reduced or modified portion of the federal award will not accomplish the purposes for which DHS made the federal award, DHS will provide written notice to the Recipient of the possibility that DHS will terminate the entire federal award and provide the Recipient with the opportunity to withdraw its partial termination request. If the Recipient does not withdraw its request for partial termination within 30 days of receiving the written notice, DHS will initiate procedures to terminate the entire federal award for cause following the procedures in paragraph I.B.2.
5. Costs Incurred After Termination. The regulation at 2 C.F.R. § 200.343 provides that the cost to the Recipient resulting from financial obligations incurred by the Recipient after termination are not allowable unless the federal awarding agency expressly authorizes them in the notice of termination or subsequently authorizes them. This general prohibition does not apply where costs result from financial obligations properly incurred by the Recipient before the termination and are not in anticipation of termination and those costs would otherwise be allowable if the federal award has expired normally at the end of the period of performance. The regulation at 2 C.F.R. § 200.472 sets forth the potentially allowable costs following termination. The allowability of these costs is the same for all types of terminations and do not vary whether DHS unilaterally terminates a federal award, DHS terminates a federal award with consent, or the Recipient unilaterally terminates the federal award. The Recipient should contact DHS in cases where it seeks authorization of costs incurred following the termination of a federal award.

T. MONETARY DAMAGES

Monetary damages are not available to the Recipient in the event of a breach of the grant or cooperative agreement by DHS, such that the United States Court of Federal Claims does not have jurisdiction to render judgment upon any claim against the United States arising under the grant or cooperative agreement under 28 U.S.C. § 1491(a).

U. STANDARD OF REVIEW

The scope of any judicial review for a DHS actions, findings, and conclusions under this cooperative agreement is limited to the standard of review under the Administrative Procedures Act, 5 U.S.C. § 706.

Waivers

When necessary, recipients may apply for, and the agency may grant, a waiver from these requirements. The agency should notify the recipient for information on the process for requesting a waiver from these requirements.

The agency will provide instructions on the format, contents, and supporting materials required for any waiver request. Waiver requests are subject to public comment periods of no less than 15 days and must be reviewed by the Made in America Office.
