**Comments for Public Posting:** Sunset Blvd feels really dangerous and inaccessible for pedestrians, considering the amount of businesses and the potential for walkability. The intersection in Silver Lake where Sunset meets Hollywood Blvd, Virgil, Ave, Hillhurst, and Sunset Dr results in six (6) streets coming to a head. It takes forever to cross as a pedestrian, and is incredibly dangerous. It would be great if there could be a crosswalk similar to Hollywood and Vine where all the traffic stops and pedestrians can cross the entire intersection at once to get to the corner they need to.
