Dear Members of the LA City Council,

I would like to ask you to take action regarding the hate speech often spewed at City Council meetings. I have witnessed intimidation and have heard threats at the few meetings I have attended and want to urge you to do more to ensure people can express themselves with decorum. The worst of it has been the racism and transphobic remarks. There is no place for this hate in LA.

Sincerely

Jorge Briseno  
LA City Resident
