CITY CLERK'S OFFICE

Dear Councilwoman Hott,

I hope this letter finds you well. My name is Lex Castellanos, and I am a member of the Los Angeles Community. I am writing this letter to bring attention to the pressing issue of homelessness within our community.

As the years have progressed the rates of homelessness has increased drastically. This not only effects those put out on the streets but it also impacts the overall well being and safety of our neighborhoods. While this issue is caused by a lack of affordable housing, it can also be due to mental health, substance abuse, and lack of support.

I kindly request that you and any other councilmembers consider the severity of this issue and prioritize any initiatives that broaden affordable housing options and stresses mental health and addiction services. Implementing a House First strategy that'll provide stable housing, significantly improving the lives of those affected.

I have decided to write to you with my concerns because of your long history of public service and advocacy for vulnerable population. Your role in District 10 allows you to be a key advocate for solutions to this crisis.

Thank you for your commitment to improving the lives of the citizens in our community. I look forward to seeing effective solutions made to deal with this urgent problem.

Sincerely,
Lex Castellanos
