Comments for Public Posting: I am writing to urge you to stop the proposed sewer rate increase. We, and many residents, our quality of life would be significantly affected by a rate hike that would double our sewer charges. Moreover, the process to pass this measure has been unjust and unfair to residents. There has not been transparency for homeowners and due process has not occurred. The need has also not been adequately quantified by the City of Los Angeles, nor has there been an independent review. The Office of Public Accountability and Ratepayer Advocate should be permitted to review and opine on the sanitation rate increase. I appreciate your efforts in supporting us to stop the sewer rate increase. Thank you,
