Comments for Public Posting: I am writing in opposition to item #2 on the PUBLIC WORKS COMMITTEE agenda for WEDNESDAY, SEPTEMBER 25, 2024. I support street widening and oppose changes put forward by activists groups attempting to limit parking, general lanes of travel, and other anti-automobile initiatives meant to inconvenience people into using public transportation, biking, or walking. As a bicyclist, I support bike lanes but do not support the cannibalization of our roads so that traffic is worsened and other restrictions/lack of planning are implemented in a move to force people to bus, bike, or walk, which is the ultimate goal of the movements behind this proposal. Please reject this item.
