**Comments for Public Posting:** Democratic Socialists of America – Los Angeles (DSA-LA) is writing in strong support of the LA City Council motion to amend the Los Angeles Living Wage Ordinance and the Los Angeles Hotel Worker Minimum Wage Ordinance requiring \$25/hr now & \$30/hr by 2028, quality health care, and worker protections, as a matter of economic justice, housing justice, and public safety. DSA-LA is in full support of this ordinance. As the largest socialist organization in Los Angeles with over 4,000 members organizing to build a world where everyone can live a life of dignity, free from injustice and capitalist exploitation, we believe Los Angeles must stand in solidarity with tourism workers by passing this ordinance. This motion was introduced in April of 2023, almost a year ago. Meanwhile, tourism workers, despite being the backbone of our economy in Los Angeles, are struggling to keep a roof over their heads as housing costs continue to skyrocket in Los Angeles. LA City Council has the power to ensure these members of our community are healthy and housed, and we urge you to do everything you can to move this policy forward without delay. The tourism industry's recovery from the pandemic was supported with billions of dollars of public investment and it is now assured a future of growth with major events like the 2028 Olympics attracting visitors from around the world to our beautiful city. It's time for the workers at LAX and hotels to get their fair share of the profitable tourism industry that wouldn't be possible without them. If our community members are not making enough money to afford rent, they will continue to be displaced or risk losing their homes. LA already has the highest number of unhoused people in the nation, and it's unacceptable that the workers who are the backbone of a major economic engine are already disproportionately rent-burdened. With the current state of the housing crisis and rising cost of rent, employers in such a profitable and growing industry must pay their workers enough so they can afford to live where they work. Tourism workers were among many frontline workers and communities of color who bore the brunt of the pandemic, yet many still lack quality health care. We're calling for the council's support to ensure our tourism workers receive family-sustaining wages, quality health care, and workplace protections. Our tourism workers are heads of

households, many of them are single parents, and they're our neighbors, friends, and family members. Los Angeles should be a place where everyone can thrive. DSA-LA calls on the City Council to rise to the occasion and move this policy forward as soon as possible to ensure that tourism workers are healthy and housed.

DSA-LA is in full support of this ordinance and as the largest socialist organization in Los Angeles with over 4,000 members organizing to build a world where everyone can live a life of dignity, free from injustice and capitalist exploitation. We believe Los Angeles must stand in solidarity with tourism workers by passing this ordinance.

**Hollywood NOW** is in full support of this ordinance. We have worked for years to ensure that women in Hollywood and beyond are being treated well, get quality healthcare and are in full support of this policy. Raising the wage and ensuring quality healthcare is a step in the right direction for the city of Los Angeles.

This motion was introduced in April of 2023, over a year ago.
