Comments for Public Posting: Fletcher drive is such a mess. It is a highway on-ramp extended into the public right of way. It is an embarrassment for all road users including cars coming on and off the freeway. Fix this mess by allowing all road users access to the right of way better connecting local neighborhoods like Atwater Village and Glendale to Silverlake. Make local road users a priority instead of catering to vehicle volumes the area as never designed for. The good part is the area is already awful for traffic so making space for other road users can't make it worse. Do something!
