A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at [empowerla@lacity.org](mailto:empowerla@lacity.org).

Agenda Date:

Item Number:

Summary: NWWNC supports extending the ability to hold virtual/teleconference meetings, originally done during the COVID-19 pandemic emergency and then enacted into law in SB 411 (2023). We ask that bills that do so in the current legislative session (SB 707 and AB 467) be added to the City's state legislative program in support. We also ask the California legislature and our state legislators to approve them and ask the City to advocate for them. Unlike other government bodies, Neighborhood Councils like ours are all-volunteer and have no free, guaranteed meeting space. The SB 411 teleconferencing options allow us and other NCs across the city flexibility to meet in ways that include the most

people, most effectively use our budget for causes that matter, and best allow for adaptability in changing or unforeseen circumstances. Our stakeholders and our neighbors have found that meeting virtually made it easier to participate in local government, and we would like to be able to continue this practice. We hold our Board meetings with a hybrid set-up for maximal participation, and the SB 411 teleconferencing provisions allow us to do so even when a quorum cannot attend in person. We hold our committee meetings virtually, to allow smaller groups of interested stakeholders to more easily meet without arranging or paying for a room. Not only does meeting through teleconferencing allow for a wider participation from our members and neighbors (especially those with children, disabilities, or busy work schedules), but it also allows for NCs to have less of an environmental impact by reducing the amount of driving to attend meetings. In addition to extending their applicability, we support proposed improvements to the SB 411 teleconferencing provisions, including lowering the voting threshold for an NC to opt in to a majority and allowing for full hybrid meetings (no-excuse virtual participation regardless of whether a quorum is present in person).

Summary:

The North Westwood Neighborhood Council supports extending the ability to hold virtual/teleconference meetings, originally done during the COVID-19 pandemic emergency and then enacted into law in Senate Bill 411 (2023). We ask that bills that do so in the current legislative session (Senate Bill 707 and Assembly Bill 467) be added to the City's state legislative program in support. We also ask the California legislature and our state legislators to approve them and ask the City to advocate for them.

Unlike other government bodies, Neighborhood Councils like ours are all-volunteer and have no free, guaranteed meeting space. The SB 411 teleconferencing options allow us and other Neighborhood Councils across the city flexibility to meet in ways that include the most people, most effectively use our budget for causes that matter, and best allow for adaptability in changing or unforeseen circumstances.

Our stakeholders and our neighbors have found that meeting virtually made it easier to participate in local government, and we would like to be able to continue this practice. We hold our Board meetings with a hybrid set-up for maximal participation, and the SB 411 teleconferencing provisions allow us to do so even when a quorum cannot attend in person. We hold our committee meetings virtually, to allow smaller groups of interested stakeholders to more easily meet without arranging or paying for a room.

Not only does meeting through teleconferencing allow for a wider participation from our members and neighbors (especially those with children, disabilities, or busy work schedules), but it also allows for Neighborhood Councils to have less of an environmental impact by reducing the amount of driving to attend meetings.

In addition to extending their applicability, we support proposed improvements to the SB 411 teleconferencing provisions, including lowering the voting threshold for a Neighborhood Council to opt in to a majority and allowing for full hybrid meetings (no-excuse virtual participation regardless of whether a quorum is present in person or not).
