

ORDINANCE NO._____

An ordinance amending Section 12.04 of the Los Angeles Municipal Code by amending the zoning map.

THE PEOPLE OF THE CITY OF LOS ANGELES DO ORDAIN AS FOLLOWS:

SECTION 1. Section 12.04 of the Los Angeles Municipal Code is hereby amended by changing the zones and zone boundaries shown upon a portion of the Zoning Map attached thereto and made a part of Article 2, Chapter 1 of the Los Angeles Municipal Code so that such portion of the Zoning Map shall set forth the zones and height districts as shown on the attached Hollywood Community Plan Update Zone and Height District Ordinance Maps and the Table for Section 2 and the Table for Section 3 attached hereto and incorporated herein by this reference, consistent with the provisions in Sections 2 and 3. The attached maps set forth the changes of zone or height district effectuated by this Ordinance.

SECTION 2. The intent of this Ordinance is to change the zones and height districts of properties in the Hollywood Community Plan Area as part of the implementation of an update to the Hollywood Community Plan (Community Plan Update). Because of the numerous parcels affected by the Community Plan Update, the City Council has approved this form of ordinance which utilizes subarea designations, tables, and a map to establish the location of the affected properties and to make the necessary changes.

All zone and height district changes proposed by this Ordinance are identified in the Table, below, identified as “Table for Section 2 – Zone and Height District Changes,” (hereinafter, “Table for Section 2”). In the Table for Section 2 there are three columns. The first column titled, “Subarea No.,” identifies an area of land that is particularly delineated on the attached map by that subarea number. The second column, titled “Existing Zone and Height District,” identifies the existing zoning classification and height district classification for the corresponding subarea prior to adoption of the Ordinance and is provided for informational purposes. The third column, titled “New Zone and/or Height District,” identifies the zoning classification and height district classification for the corresponding subarea effectuated by the Ordinance.

SECTION 3. Pursuant to Section 12.32 G of the Los Angeles Municipal Code, and any amendment thereto, the following limitations are hereby imposed upon the use of that property described in Section 1, which is subject to a Permanent “Q” Qualified Classification or “D” Development Limitation.

All of the “Q” Qualified Classification or “D” Development Limitations proposed by this Ordinance are identified in the Table, below, titled, “Table for Section 3 - ‘Q’ Conditions and ‘D’ Limitations,” (hereinafter “Table for Section 3”). In the Table for Section 3 there are three columns. The first column titled, “Subarea No.,” identifies an area of land that is particularly delineated on the attached map by that subarea and identified in the Table for Section 2. The second column, titled, “New Zone and/or Height District,” identifies the zone and height district classifications effectuated by this Ordinance for the corresponding subarea. The third column, titled, “Conditions and Limitations,” identifies the conditions and limitations imposed by the “Q” Qualified Classification and/or “D” Development Limitation, as applicable.

SECTION. 4. This Ordinance shall supercede any existing ordinance imposing “Q” Qualified Conditions or “D” Development Limitations for any property subject to a change of zone, height district, “Q” Qualified Condition, or “D” Development Limitation for a subarea, or a portion thereof, by this Ordinance. Projects which have been conferred vested development rights may utilize said right until they expire or are otherwise lost. City staff will verify whether a project has maintained its vesting development rights.

		<p>b) Project. The demolition, grading, construction, addition to or alteration (structural or nonstructural) of any building or structure, a new use of land, or subdivision of land on a lot located in whole or in part within the CPIO, which requires the issuance of a building permit. A Project shall not include a change of use or construction that consists solely of interior remodeling, interior rehabilitation or interior repair work.</p> <p>c) Primary Lot Line is the property line of a lot that is contiguous with a public street. On lots fronting more than one public street, the Director of Planning shall determine the Primary Lot Line based upon neighborhood characteristics, including the designation of the abutting street and the dimensions of the subject lot.</p> <p>d) Primary Frontage shall be the exterior building walls facing the Primary Lot Line. For the purposes of this provision, all exterior walls that intersect a plane parallel to a lot line at 45 degrees or less shall be considered to be facing the Primary Frontage. When the Primary Lot Line is not straight, a line connecting the points where the secondary or side lot lines and the primary lot line intersect shall be used.</p> <p>3. Building Location.</p> <p>a) Each Project shall have a ground floor: the lowest story within the building that is accessible to the street, the floor</p>

Table for Section 3 — “Q” Conditions and “D” Limitations
Hollywood Community Plan Update

SUBAREA NO.	NEW ZONE AND/OR HEIGHT DISTRICT	CONDITIONS AND LIMITATIONS
		<p>a) Pedestrian Amenities. Pedestrian amenities include outdoor sidewalk cafes, public plazas, retail courtyards, water features, kiosks, paseos, arcades, patios, covered walkways, or spaces for outdoor dining or seating that are located at the ground level, and that are accessible to and available for use by the public.</p> <p>b) Project. The demolition, grading, construction, addition to or alteration (structural or nonstructural) of any building or structure, a new use of land, or subdivision of land on a lot located in whole or in part within the CPIO, which requires the issuance of a building permit. A Project shall not include a change of use or construction that consists solely of interior remodeling, interior rehabilitation or interior repair work.</p> <p>c) Primary Lot Line is the property line of a lot that is contiguous with a public street. On lots fronting more than one public street, the Director of Planning shall determine the Primary Lot Line based upon neighborhood characteristics, including the designation of the abutting street and the dimensions of the subject lot.</p> <p>d) Primary Frontage shall be the exterior building walls facing the Primary Lot Line. For the purposes of this provision, all exterior walls that intersect a plane parallel to a lot line at 45 degrees or less shall be considered to be facing the Primary Frontage. When the Primary Lot Line is not</p>

		<p>straight, a line connecting the points where the secondary or side lot lines and the primary lot line intersect shall be used.</p> <p>3. Building Location.</p> <p>a) Each Project shall have a ground floor: the lowest story within the building that is accessible to the street, the floor level of which is within three feet above or below curb level, which has frontage on a Primary Lot Line, and which is at least 25 feet in depth or the total depth of the building, whichever is less.</p> <p>b) Structures shall be designed and sited so that the Primary Frontage occupies 100 percent of the length of a Primary Lot Line abutting a public street, exclusive of required driveways and of walkways as outlined in this section. One walkway, not to exceed 10' in width each, shall be permitted for every 200 linear feet of frontage.</p> <p>c) The ground floor of any exterior building wall (façade), up to a height of not less than 12 feet, measured from adjacent sidewalk grade, must be located within 5 feet of the primary lot line for the entire length of the Primary Frontage. However, buildings may be set back from the primary lot line more than the maximum 5 feet when the setback area is used for Pedestrian Amenities, as defined in this condition.</p> <p>d) For corner or other lots with multiple street frontages, the above Building Location regulations shall only apply to</p>

		<p>a single street frontage of a Project that is designated the Primary Frontage, unless otherwise indicated.</p> <p>4. Transparency.</p> <p>a) A minimum of 50% of that portion of the exterior wall of the Primary Frontage building wall located between 2 feet and 8 feet above sidewalk grade shall be transparent. Glass as part of the external façade of buildings shall be no more reflective than necessary to comply with Green Code or other state or local UV requirements.</p> <p>b) The above Transparency regulations shall not apply to portions of projects with ground floor residential dwelling units.</p> <p>c) For corner or other lots with multiple street frontages, the above Transparency regulations shall only apply to a single street frontage of a Project that is designated the Primary Frontage, unless otherwise indicated.</p> <p>5. Pedestrian Access.</p> <p>a) A primary building entrance to each ground floor use shall be located within the Primary Frontage or pedestrian amenity space and shall provide direct access from the sidewalk without crossing a parking lot or driveway. Entrances shall be no more than 3 feet above or below the adjacent sidewalk grade.</p> <p>b) Required street-oriented entrance(s) along the Primary Frontage shall</p>

		<p>automatic irrigation system, in accordance with a landscape plan prepared by a licensed landscape architect, licensed architect, or landscape contractor to the satisfaction of the Planning Department.</p> <p>9. A minimum of 50 percent of common usable open space areas shall be planted in ground cover, shrubs or trees. Trees shall be planted in the required front and rear yard setback area at a ratio of one tree per every 300 square feet of front and rear yard provided. Trees may not be less than 24-inch box in size, and shall be planted within open space areas. An automatic irrigation system shall be provided for all required landscaped areas. Landscaped areas located on top of a parking garage or deck shall include permanent planters at least 30 inches in depth (12 inches for lawn/ground cover) and be properly drained.</p> <p>10. Required rear yard setback areas shall not be used for surface parking, and shall be landscaped as a greenbelt area with a maximum of 20 percent hardscape. Vegetative landscape screening shall be incorporated into the landscape plan to minimize views across rear property lines.</p> <p>11. Street Trees. Street trees 20 feet on center (24 inch box), with root collars to prevent uplifting of sidewalks, shall be provided. Street tree type shall match the prevailing street tree of the street to the satisfaction of the Bureau of Street Services.</p> <p>12. Parking Level Screening. Any portion of a parking level, which exceeds finished grade, shall be screened from the view of the public right-of-way by landscape</p>

		<p>features including trees, shrubbery, planter boxes or berms at least three (3) feet in height. Any planter box or berm shall not be used to calculate the height of a structure.</p> <p>13. All structures on the roof, including air conditioning units, mechanical equipment, vents, and parapets, shall be fully screened from view from any adjacent residential zoned properties through the use of materials and colors that match the exterior walls of the structure. Any roof projections shall be located a minimum of 5 linear feet from the roof edge. Any roof projections within 10 linear feet from the roof edge shall be limited to a height of 5 feet. Roof projections located greater than 10 linear feet from the roof shall be permitted per LAMC.</p> <p>14. Articulation. All exterior faces on new buildings and those involving the exterior alteration of existing buildings shall be designed to provide articulation that provides relief for every 30 feet in horizontal length and every 20 feet in vertical length, created by architectural detail or a change in material. In addition, for those buildings greater than 35 feet in height, the exterior faces of the upper floor shall be differentiated through the use of such design features as material or color and shall have differently articulated windows.</p> <p>15. Balconies. Cantilever balcony protrusions into required front and rear yard setbacks shall be limited to 24 inches in depth. The horizontal dimension of each protruding balcony shall be limited to 75 percent of the width of the residential unit it serves.</p>

		<p>16. Massing. For a building between 150-190 linear feet in width or depth, one of the following two options shall be met:</p> <p>Option 1: A front courtyard shall be provided adjacent to the front yard setback at ground level, with a minimum width and depth of 20 linear feet and a minimum total area of 700 square feet. The required front courtyard shall be open to the sky. The required front courtyard shall not be located within 40 linear feet of a side property line. Any front courtyard fencing shall be predominantly open or transparent in design, using wrought iron or similar material combining limited solid portions and open or transparent spaces. The required front courtyard shall be located no more than three (3) vertical feet from highest adjacent sidewalk grade. A minimum of 20 percent of a required front courtyard shall consist of planted ground cover, shrubs, trees, water features, or permanent planter boxes.</p> <p>Option 2: Terraces. Terraces shall be provided along the front face of a building to provide articulation and open space. Each residential unit located on the second floor or above, with exposure to the front face, shall provide a minimum of one terrace. Required terraces shall</p>

		<p>be located along the front face of the building and shall have a minimum area of 100 square feet each. Each terrace shall have a minimum width and depth of 8 linear feet. Required terraces need not be open to the sky but shall not be enclosed and remain open on the side facing the front yard. For those portions of a building above 35 feet, a building stepback of 8 linear feet or greater shall satisfy this requirement.</p> <p>17. Building Breaks. For a building greater than 190 linear feet in width or depth, no portion of a building above finished grade level shall exceed 190 linear feet in either width or depth excluding those portions of the building used for parking. If a building exceeds 190 linear feet in width or depth below finished grade level, then any two portions of the building above grade level that would together exceed 190 linear feet shall be considered separate buildings with an assumed common lot line between them, and each portion shall be set back from such assumed common lot line a minimum of 6 feet, excluding those portions of the building used for parking. Notwithstanding the provisions of LAMC Section 12.21 G regarding minimum common open space requirements, for projects that build two or more buildings in order to comply with the 190 foot limitation on the length of buildings, the required building break setback areas between two portions of the building shall count and be credited towards the amount of common open space required for the project. In this</p>

SECTION 5. URGENCY CLAUSE. The City Council finds and declares that this ordinance is required for the immediate protection of the public peace, health and safety because the project is necessary for urgently needed housing. As recognized in the Housing Element, the City has a need for the development of approximately 450,000 housing units by the year 2029, including an immediate need of tens of thousands of units to serve an existing shortfall. The City's existing shortfall has exacerbated the homelessness crisis. This ordinance implements the Hollywood Community Plan Update, which upon full implementation would facilitate the development of new housing, including affordable housing units in the Hollywood Community Plan Area. For these reasons, this ordinance shall become effective upon publication pursuant to Section 253 of the Los Angeles City Charter.

SECTION 6. The City Clerk shall certify to the passage of this ordinance and have it published in accordance with Council policy, either in a daily newspaper circulated in the City of Los Angeles or by positing for ten days in three public places in the City of Los Angeles: one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall; one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall East; and one copy on the bulletin board located at the Temple Street entrance to the Los Angeles County Hall of Records.

Pursuant to Section 558 of the City Charter, the City Planning Commission on **March 18, 2021** recommends this ordinance **BE ADOPTED** by the City Council.
