Re: 2024 Urban Areas Security Initiative (UASI) Grant Award (Council File No. 24-0975)

Dear Honorable Members:

Transmitted herewith is a request to:

- Accept \$49,119,978 in U.S. Department of Homeland Security (DHS) Fiscal Year 2024 Urban Areas Security Initiative (FY24 UASI) grant funds on behalf of the Los Angeles/Long Beach Urban Area (LA/LB UA), for a performance period of September 1, 2024 to May 31, 2027;
- Authorize the City of Los Angeles Police Department (LAPD), Fire Department (LAFD), and Emergency Management Department (EMD) to execute approved projects using these funds;
- Authorize the Mayor's Office of Public Safety to execute subrecipient contracts, subject to the approval of the City Attorney as to form, for the distribution of the FY24 UASI grant funds, for a term of up to 33 months, with our partner jurisdictions, including, but not limited to, the County of Los Angeles and the City of Long Beach; and
- Authorize the Mayor's Office of Public Safety to use grant funding to support the management and administration of grant projects within the City of Los Angeles (City) and across the Urban Area.

This request is in accordance with Council File No. 24-0975, which authorized the Mayor's Office to apply for FY24 UASI funding on behalf of the LA/LB UA, and instructed the City Administrative Officer (CAO) to report back on the necessary actions to accept the final award and implement the grant program.

Background

The primary purpose of the UASI program is to provide financial assistance to dense urban areas with high concentrations of people, high-visibility targets, and critical infrastructure to help those areas improve their ability to prevent, protect against, respond to, and recover from threats or acts of terrorism. This financial assistance can be used to support the purchase of homeland security equipment, as well as the costs of planning, training, exercises, limited operational costs, and grant administration. DHS awards UASI funds by using a discretionary risk-based formula and assessing the effectiveness of each applicant's proposed solutions to address these risks.

The UASI grant program is overseen by the State Administrative Agency (SAA), which is the California Governor's Office of Emergency Services (Cal OES). The grant is then administered by the Mayor's Office of Public Safety, as designated by Cal OES, on behalf of the participating local area jurisdictions that comprise the LA/LB UA.

On April 16, 2024, DHS announced a FY24 UASI allocation of \$59,395,378 to the LA/LB UASI. In accordance with federal grant guidelines, the State Administrative Agency (SAA) is allowed to retain up to 20% of the grant award to support the designated Urban Area in the state directly. In FY24, Cal OES retained 17.3% of this award, totaling \$10,275,400. On October 29, 2024, the LA/LB UA received the formal award letter for its final allocation of \$49,119,978 (Attachment 1). There is no general fund match requirement for this grant.

Regional Funding Allocation Process

The LA/LB UA funding allocation plan was developed with the participation of nearly 150 public safety stakeholders from 22 local jurisdictions including the City of Los Angeles, the County of Los Angeles, and the City of Long Beach. The development of the FY24 UASI application and focused strategic planning was further described in the FY24 UASI application transmittal (Council File No. 24-0975).

Final review and approval of projects, priorities and funding were made by an 18-member Urban Area Working Group and an 11-member Urban Area Approval Authority (Attachment 2). Both bodies are comprised of public safety, emergency management, critical infrastructure, and public health experts and leaders from across the region. The City of Los Angeles is represented on these groups with eight members on the Working Group and four members on the Approval Authority.

Regional Homeland Security Funding Priorities

At the end of the FY24 UASI funding allocation process, numerous jurisdictions, including the City of Los Angeles, received funding to implement the following four major homeland security focus areas, known as Investment Justifications (IJ):

1. Strengthen interoperable and communications capabilities

Outcomes

- Continued development of regional interoperable communications systems and the maintenance of the administrative and physical means to communicate among responders.
- Expanding the functionality of existing communications systems which will support additional emergency response and administrative users.

2. Strengthen information sharing, collaboration capabilities, and law enforcement investigations

Outcomes

- Continuing to link and enhance Urban Area criminal and intelligence systems together
- Increasing analytical capability to detect and disrupt terrorist activity across linked databases and intelligence systems
- Expand Common Operational Platform Program capabilities to enhance information gathering, sharing, and incident management
- The procurement of equipment and training designed to enhance technological capabilities to support intelligence and criminal cases for the pursuit of terror networks and individuals

2A. Fusion Center/Joint Regional Intelligence Center

Outcomes

- Training for the intelligence community and Terrorism Liaison Officers (TLOs) across Urban Area jurisdictions
- Funding for analysts at the Joint Regional Intelligence Center (JRIC).

3. Protection of critical infrastructure and key resources (limited to commercial airports and seaports)

Outcomes

- Enhance transportation systems and maritime security
- Procure equipment, technologies, training and exercises designed to improve security at critical infrastructure and to combat threats of high consequences including CBRNE
- Resiliency (continuity of operations)
 - Integrate critical sub-systems (e.g. power, key roads, water, communications) into overall critical infrastructure security plans and operations

- Operations and maintenance of Homeland Security Grant Program acquired systems

4. Catastrophic incident planning response and recovery

Outcomes

- Procure equipment to enhance catastrophic incident response
- Catastrophic disaster response training & exercises
- Regional and interdisciplinary planning, training, and exercises to recover from catastrophic incidents
- Regional medical care capabilities
- Regional volunteer planning and training
- Regional community outreach program

The final allocations resulted in the following: IJ1 (totaling \$9,400,000), IJ2 (totaling \$9,283,292), IJ3 (totaling \$4,725,735), IJ4 (totaling \$25,710,951). Five percent of the UASI award is allocated toward the management and administration of the grant, totaling \$2,455,998.00.

Each focus area will be addressed through a package of discrete projects designed to further its goal. Although several jurisdictions were allotted funding to implement specific projects, all projects are designed to have a primarily regional, rather than local, impact.

National Priority Areas

Starting in FY 2024, each UASI recipient is required to submit an IJ for each of the six national priorities areas identified below:

- Enhancing cybersecurity
- Enhancing the protection of soft targets/crowded places
- Enhancing information and intelligence sharing and analysis, and cooperation with federal agencies, including DHS
- Combating domestic violent extremism
- Enhancing community preparedness and resilience
- Enhancing election security

City of Los Angeles Projects

The City of Los Angeles received \$13,751,268 for FY24 UASI projects, not including the Mayor's Office allocation for grant administration. In total, four City departments received funds for FY24 UASI projects:

- Emergency Management Department: \$1,141,294
- Fire Department: \$3,698,982
- Police Department: \$5,844,326
- Cybersecurity: \$400,000

The \$13,751,268 will fund some of the following City projects:

EMERGENCY MANAGEMENT DEPARTMENT

FNSS Cache Inventory Management

The selected vendor will need to provide services for inventorying, transportation, packaging, tagging, labeling, recording and reporting and instituting an inventorying management system. This will help EMD have an accurate account of the equipment at each cache site on an ongoing basis. As the FNSS Cache program was established in 2014, it is necessary to review current contents of the caches, inventory, relabel items and storage containers or add additional equipment at each site. Containers deemed to have additional storage space may be used to add new items. Working with a vendor to setup an inventory management system will help EMD have an up-to-date awareness of the inventory at each site.

Revisions to EOC Operations Manual

Hire a consultant to analyze and audit processes in order to update the EOC Operations Manual. While regional responders operate well, a thorough analysis will help to update any needed processes and allow for increased efficiencies. A thorough review of policies and practices will help to expose any gaps that may exist and then allow for increased Regional EOC Coordination. Authorities and responsibilities will be more clearly identified after the Operations Manual has been revised. The identification of gaps will help to fill and strengthen the gaps and increase skills and knowledge of responders to be able to act quicker in times of hazardous conditions.

LOS ANGELES FIRE DEPARTMENT

Hazardous Materials (Hazmat) Equipment

Hazmat equipment supports the continuation of regional efforts that have received funding in prior UASI grant cycles. The UASI funding will sustain the existing regional Hazmat teams' equipment capability to respond and conduct recovery efforts in the event of catastrophic and all-hazard incidents.

Critical Infrastructure Key Resource (CIKR)

LAFD personnel assigned to the JRIC conduct assessments, site visits, or follow-up visits of facilities in conjunction with generally accepted standards and guidelines outlined within or utilized by the National Infrastructure Protection Plan (NIPP), Department of Defense (DOD), and DHS standards for similar structures/taxonomy. Standards for categorization, prioritization, and protection of facilities and information are driven by Homeland Security Presidential Directive 7 (HSPD 7), Protected Critical Infrastructure Information Act of 2002 (PCII), and define the nature of the assessments conducted at the OPS facilities. The CIKR goals and objectives are to provide CIKR facilities with information from an all-risk and all-hazards perspective and to enhance public safety.

Los Angeles Fire Department Grant-Funded Positions

Authority is being requested to continue Position Authority Resolution for one grant-funded Los Angeles Fire Department Battalion Chief for the Regional Training Group and one grant-funded Captain-II for the Joint Regional Intelligence Center. All are funded through the FY24 UASI grant allocation.

LOS ANGELES POLICE DEPARTMENT

LAPD Project 25 TDMA Radio Upgrade

In previous UASI grant awards, the City of Los Angeles worked with regional partners to enhance the Land Mobile Radio (LMR) infrastructure to provide interoperability between agencies. This collaboration effort needs to continue, and the system deployed will need to be maintained. This application for service and maintenance support is necessary for the continued use of the regional system. Providing service and maintenance for the LMR system will cover the fiscal gaps encountered via the budgeting process. Having UASI continue to support its fiduciary investment ensures the connectivity of mission-critical operations. The funding of service and maintenance for the system will continue to sustain interoperable capabilities and maintain a robust system prepared for emerging technology.

Regional Explosive Detection, Imaging, Mitigation and Maintenance Project

The Los Angeles Police Department Bomb Squad currently deploys a vast number of older systems and tools for the identification and interrogation of suspect devices. In addition to the older systems, The Bomb Squad has acquired, newer more modern technology, which has been proven to expedite procedures and provide an additional level of safety for Bomb Techs at calls for service. The goal of this project is to improve and enhance the response capabilities of the Bomb Squad by replacing aging equipment that has reached or is about to reach the end of its service life. In addition, this project will provide funding for additional units of more modern systems and tools that will enhance officer safety and provide for a more comprehensive and rapid threat assessment and identification. Currently, the tools and systems that are deployed by the Bomb Squad have reached the end or are nearing the end of their service life. The current City budgets are inadequate to replace this aging cache of equipment. By providing funding, the Bomb Squad will obtain an enhanced level of response to calls for service. The addition of newer, more modern equipment will allow the Bomb Squad to more rapidly, and safely, interrogate suspect devices at calls for service throughout the Operational Area

Los Angeles Police Department Grant-Funded Positions

Authority is being requested to continue Position Authority Resolution for one DVE Intelligence Analyst. This position will be funded through the FY24 UASI grant allocation.

LOS ANGELES CYBERSECURITY

Regional Cyber Services Coordinator

In FY24 UASI, the Los Angeles City Cybersecurity Regional Cyber Service Coordinator project received an allocation of \$200,000. The escalation of cyber-attacks on local

government agencies, along with limited resources, requires regional cybersecurity collaboration. Currently, most cities lack the resources to have a dedicated technical Service Coordinator. The Cyber Services Coordinator would provide the region's cybersecurity staff with recommendations and support. The City's need for a Service Coordinator is vital to improving the City's security.

Fiscal Year 2024 UASI Jurisdictional Resource Allocations

The following outline provides a summary of the distribution of the FY24 UASI grant funds by jurisdiction. As with previous UASI grants, the City will execute contracts with each of these recipients to formally distribute the grant funds and memorialize approved expenditure plans.

For nearly every project and program funded under this grant, the ultimate success and viability of the overall effort depends upon several jurisdictions, including the City of Los Angeles, receiving funds and applying them toward the four common goals described as IJs. The CalOES approved FY24 Budget (Attachment 3) details the specific projects, funding amounts, and recipient partner jurisdictions associated with implementing these four focus areas. Attachment 4 is a subset of the CalOES approved FY24 Budget showing only City of Los Angeles line items.

UASI Management and Administration

DHS guidelines allow up to 5% of the total award – \$2,455,998 in FY24 UASI – to be used in support of the management and administration (M&A) of grant-funded programs. The Mayor's Office is the designated administrator and fiscal agent for UASI grant administration on behalf of the Urban Area and is responsible for fiscal and program management for all of the UASI grant-funded projects allocated to these entities.

Management and administration costs fall into three categories:

Salaries and Benefits: \$2,080,998

The majority of staff costs are for salary and fringe benefits for the Mayor's Office UASI grant, contract, and fiscal management teams (Attachment 5). Grant specialist duties and responsibilities include all grant monitoring and reporting, grant guideline compliance, coordination and communication with DHS, Cal OES, and grant sub-recipients, and general project and program management. Fiscal specialists ensure the timely, accurate, and appropriate execution of all grant expenditures, reimbursements, and fund draw-downs, as well as preparing and maintaining all necessary documentation to ensure compliance with accepted auditing standards. The majority of staff costs will be incurred in the next and subsequent fiscal years.

To improve our ability to promptly implement projects and expend funds, the Mayor's Office will use M&A funds to support the salary of a City Attorney, whose responsibilities include working with the contract team in drafting, approving, and executing all contracts associated with this grant. For FY24-25 the City Attorney's salary will be supported by FY24 and FY25 UASI; therefore, the Mayor's Office is not seeking appropriations to support the City Attorney's salary during FY24-25 using FY24 UASI funding.

Additionally, the City of Long Beach, as a core city partner of the Los Angeles/Long Beach UASI, is receiving a portion of the M&A allocation (\$120,000) to support its personnel costs managing UASI grant-funded projects.

Administrative Expenses: \$165,000

The projected amount for administrative expenses to be used within the grant performance period includes purchasing office supplies for approximately \$80,000, and travel for approximately \$85,000. These travel expenses will support both Mayor's staff and various Urban Area representatives traveling to Cal OES and DHS-sponsored conferences and planning workshops. Examples include the annual National Homeland Security Conference, CalOES-sponsored meetings and workshops, and other applicable trainings.

Contract Services: \$90,000

Temporary Employment Agency and other vendors (\$90,000)

Authority is requested to contract with a temporary employment agency or other vendors to assist the Mayor's Office with grant administrative duties. This may include: assisting grant, contract or fiscal specialists in ensuring the timely, accurate, and appropriate

execution of all grant expenditures, reimbursements, and fund draw-downs, as well as preparing and maintaining all necessary documentation to ensure compliance with accepted grant and city standards.

Program Management

The preceding information is provided largely for context, illustrating the complexity of managing this large program, rather than for council action. As the majority of management and administrative salary costs will occur in FY24-25, FY25-26 and subsequent fiscal years, future transmittals will detail the necessary salary account transfers related to these activities.

Fiscal Year 2024 UASI Grant Cash Flow

The California Governor's Office of Emergency Services allows the City, as fiscal agent for the Urban Area, to request funds up to 120 days prior to an eligible expenditure.

Fiscal Year 2024 UASI Performance Period

The FY24 UASI grant has an overall performance period of September 1, 2024 to May 31, 2027. Therefore, the acceptance of the grant, the recommendation to adopt the FY24 UASI budget and the authorization to enter into certain contracts, is accompanied with the request to include retroactive approval of grant-funded activities that occurred with the grant performance period but prior to the Council adoption of the recommendations set forth in this report.

In addition, in consideration of the large number of programs to be managed and the length and complexity of the City's stringent procurement policies, the Mayor's Office, working with impacted General Managers and the City Attorney's Office, requests authority to:

- Prepare and release Requests for Proposals (RFPs), or perform other procurement processes as required, for FY24 UASI grant projects;
- Evaluate responses from contractors, as determined by the relevant procurement process; and
- Negotiate and execute contracts subject to the approval of the City Attorney.

Attachment 6 lists those budgeted projects for which service contracts are anticipated. In the absence of the specific procurement authorities listed above, the City would place itself at substantial risk of failing to execute all FY24 UASI grant-funded homeland security projects in a timely manner.

It is therefore requested that the City Council:

1. **Authorize** the Mayor, or her designee, to:

- a. **Accept** on behalf of the City and the Los Angeles/Long Beach Urban Area, the Fiscal Year 2024 Urban Areas Security Initiative Grant in the amount of \$49,119,978.00 from the California Governor's Office of Emergency Services, for a performance period of September 1, 2024 to May 31, 2027;
- b. **Submit** to the grantor on behalf of the City and the Los Angeles/Long Beach Urban Area, requests for the drawdown of funds for payment or reimbursements of City and partner jurisdiction funds expended for approved grant purposes;
- c. **Execute** subrecipient contracts, subject to the approval of the City Attorney as to form, for the distribution of the FY24 UASI grant funds, for a term of up to 33 months within the applicable performance period with the Los Angeles/Long Beach Urban Area partner jurisdictions including: Alhambra, Beverly Hills, Burbank, Culver City, El Segundo, Glendale, Hawthorne, Inglewood, Long Beach, Monterey Park, Pasadena, San Fernando, Santa Monica, South Pasadena, Torrance, and County of Los Angeles consistent with the approved grant budgets and in accordance with the Performance Agreement attached to this transmittal (Attachment 7);
- d. **Execute** a Memoranda of Agreement, subject to the approval of the City Attorney as to form, for the distribution of the FY24 UASI grant funds, for a term of 33 months with the Los Angeles World Airport (LAWA) and City of Los Angeles Harbor Department (Port of LA) consistent with the approved grant budgets;
- e. With the assistance of General Managers of affected City Departments, to release Requests for Proposals, evaluate proposals, and negotiate contracts for the purchase of approved equipment, training, exercise, and planning items, including consulting services, as detailed in the attached FY24 UASI budget;
- f. **Execute** on behalf of the City, the contracts referenced in Attachment 6 for a term of up to 33 months within the applicable performance period, subject to the approval of the City Attorney as to form;
- g. **Negotiate** and execute a contract with a vendor to assist the Mayor's Office grant, contract and/or fiscal teams, for a term up to 24 months, within the grant performance period, in an amount not to exceed \$100,000, subject to the approval of the City Attorney as to form; and
- h. **Receive**, deposit into, and disburse from a new FY24 UASI Homeland Security Grant Fund, the grant funds from the FY24 UASI grant award.

2. **Authorize** Position Authority Resolution for two grant-funded sworn positions for the Los Angeles Fire Department for Fiscal Year 24-25 and subsequent fiscal years, one for the Joint Regional Intelligence Center and one for the Regional Training Group:

<u>Quantity</u>	<u>Class Code</u>	<u>Class Title</u>
1	2142-2	Captain-II

3. **Authorize** Position Authority Resolution for one Los Angeles Police Department, one Domestic Violence Extremism Intelligence Analyst for Fiscal Year 24-25 and subsequent fiscal years;
4. **Authorize** the Controller to establish a new interest-bearing fund entitled "FY24 UASI Homeland Security Grant Fund" and create a receivable in the Fund in the amount of \$ 49,119,978.00 for the FY24 UASI grant;
5. **Authorize** the Controller to expend and receive funds upon presentation of documentation and proper demand by the Mayor's Office of Public Safety to reimburse City departments and the Los Angeles/Long Beach Urban Area participants for approved FY24 UASI Homeland Security grant purchases;
6. **Authorize** the Controller to transfer funds between appropriation accounts upon request by the Mayor, pursuant to modifications of the grant approved by the grantor;
7. **Adopt** the attached FY24 UASI Grant Budget (Attachment 3) and authorize the Mayor to create new appropriation accounts within the new FY24 UASI Homeland Security Grant Fund No. XXX for the FY24 UASI Grant, as follows:

Anticipated Contract Service Requirements, FY 24 UASI

City Department	Project Description	Maximum Cost	Contract Term
EMD	<p>2025 DSCA Exercise Series - Seminar, Tabletop, Drill</p> <p>The City of Los Angeles Emergency Management Department (EMD) will work through the City procurement process to hire a contractor who will design, produce, coordinate and execute a Senior Leaders Seminar based around Defense Support to Civil Authority (DSCA) that will review the lessons learned and best practices captured from previous exercises.</p> <p>Defense Support of Civil Authorities (DSCA) is a process by which military assets may be requested to perform missions normally carried out by civilian authorities. DSCA seminars are held in conjunction with Fleet Week that gathers emergency responders, military partners, and federal emergency management leaders for hands-on workshops and exercises designed to prepare and enhance the City's coordination and collaboration with the U.S. Department of Defense (DOD) during a disaster, crisis, or special condition that exceeds the capacity of local government to respond to.</p> <p>The DSCA seminar will provide an opportunity for emergency managers, federal military partners, civilian DOD personnel, and DOD component assets, including National Guard forces, to discuss lessons learned from national hazards which effect the Los Angeles region and to garner practices and policies that can be applied to all future responses regardless of hazard.</p>	\$163,589.00	12 months
EMD	<p>Business Operations Center Coordinator (1 Staff Person)</p> <p>The City of Los Angeles Emergency Management Department (EMD) will work with the Mayor's Office of Public Safety (MOPS) and the Personnel Department to determine the quickest way to onboard a Project Coordinator (Civil Service Code 1537) into the position while still keeping in line with the City's policies and procedures. Once onboard, the BOC Coordinator will oversee tasks such as, administer the Emergency Operations Center (EOC) Business Operations Center (BOC) Program, coordinate the Local Business Continuity of Operations Plan Program, coordinate the Mega Contracts Program, coordinate the Mayor's Fund Emergency Management Advisory Board, and coordinate the City's Donations Management Program in concert with the Community Outreach Promoting Emergency Preparedness (COPE) The BOC Coordinator will be able to review, revise and complete a range of public-private partnership programs, projects and initiatives that are at a conceptual level but have yet to be operationalized.</p>	\$ 150,000.00	12 Months
EMD	<p>Special Events Coordinator (1 Staff Person)</p> <p>The City of Los Angeles Emergency Management Department (EMD) will work with the Mayor's Office of Public Safety (MOPS) and the Personnel Department to determine the quickest way to onboard a Project Coordinator (Civil Service Code 1537) into the position while still keeping in line with the City's policies and procedures. Currently EMD has a limited staff that does not allow for as much interaction between EMD and other entities. There are several events that take place or need to take place that someone familiar with planning events can assist in executing such as emergency planning for the Olympics. This request will provide City of Los Angeles EMD with a qualified staff person to complete a range of public-private events that are at a conceptual level but have not been operationalized, in addition to being able to have an EMD liaison respond to high level incidents in the City such as the Sayer Fire or the 27th Street Explosion. The Special Events Coordinator will be able to review, revise and complete a range of public-private partnership programs, projects and initiatives that are at a conceptual level but have yet to be operationalized and will be able to develop specific recommendations that will help to maximize EMDs goals of community and city family preparedness.</p>	\$ 150,000.00	12 Months
LAPD	<p>Tactical Simulation Training Device</p> <p>The LAPD Special Weapons and Tactics (SWAT) Team continually train to maintain and develop perishable skills, this includes simulation exercises. Currently, the SWAT does not have a dedicated location for all of its simulation activity and constantly search for abandoned or unoccupied buildings. Apart from the difficulty of securing these locations and the lack of budget to rent/lease any commercial space to create realistic training opportunities, a vast majority of these spaces do not allow any type of simulated shooting which greatly diminishes the training value of the exercise. This project will fill this capability gap of having a dedicated space for tactical simulation exercised for LAPD and its regional partners. The interior configuration of the proposed mobile container device can be constantly modified making it optimal to simulate different scenarios e.g. school simulations, church simulations or workplace environments. The facility would serve as a regional tactical training site for local, state, and federal tactical law enforcement teams. This facility will not be "fixed" to the ground but can be disassembled and moved to another location.</p>	\$ 259,243.00	6 months
LAPD	<p>LAPD Project 25 TDMA Radio Upgrade</p> <p>In previous UASI grant awards, the City of Los Angeles worked with regional partners to enhance the Land Mobile Radio (LMR) infrastructure to provide interoperability between agencies. This collaboration effort needs to continue, and the system deployed will need to be maintained. This project for service and maintenance support is necessary for the continued use of the regional system. Providing service and maintenance for the LMR system will cover the fiscal gaps encountered via the budgeting process. Having UASI continue to support its fiduciary investment ensures connectivity of mission critical operations. The funding of service and maintenance for the system will continue to sustain interoperable capabilities and maintain a robust system prepared for emerging technology.</p>	\$ 1,000,000.00	Year 6 of 6 6/1/26-5/31/27

MOPS	Grant administration services: The Mayor's Office requests authority to enter into contract with a temporary employment agency or other vendors to assist with grant administrative duties. This project includes support for Grants, Fiscal, Monitoring, or Contracts Units.	\$ 100,000.00	24 months

§2.2 City Administrative Requirements

- A. Subrecipient acknowledges and agrees that the City is acting as a “pass-through entity” (as such term is defined in 2 CFR §200.74 and used in this Agreement) for this Subaward and that the City shall have the rights and obligations relating to this Subaward and its administration as set forth in this Agreement and in 2 CFR Part 200.
- B. Subrecipient and the City have previously completed a mutually approved Budget/Expenditure Plan as incorporated in the Financial Management Forms Workbook (the “Workbook”), which is pending approval by CalOES (the “Budget”) and is attached hereto as **Exhibit C**. Upon approval by CalOES, such Budget shall be the effective Budget for this Agreement. The Workbook contains detailed listings of items and projects and the amount of Subaward funds allocated for such items and projects. The City shall provide Subrecipient with an electronic Workbook of Subrecipient’s projects. Subrecipient shall use the Subaward funds strictly in accordance with the Workbook, and any expenditures not so made shall be deemed disallowed under this Subaward.

Any request by Subrecipient to modify the Workbook must be made in writing and accompanied by a completed Modification Request

Form (attached hereto as **Exhibit D**), all required supporting documentation and a revised Workbook showing such modification. Workbook modification requests must be submitted prior to deadlines set by the City. Inaccurate or incomplete requests shall be returned to the Subrecipient for revision. Subrecipient shall not expend any funds on modified Workbook items until such modification is approved by the City and CalOES.

Such forms, which are collectively attached hereto as **Exhibit E**, include: (1) an aviation equipment request form, (2) a watercraft equipment request form, (3) an Environmental and Historical Preservation (“EHP”) request form, and (4) a sole source procurement request form. Approval of such requests and forms shall be made by the City and CalOES in their respective sole discretion. Subrecipient acknowledges that all such forms must be approved by the City and CalOES **prior** to expending Subaward funds. Failure to gain advance approval of such completed requests and forms by the City and CalOES may result in the disallowance of such costs incurred by Subrecipient.
- E. Subrecipient agrees that any equipment, product, service or activity funded with this Subaward shall comply with any and all technological and/or interoperability specifications and standards as may be approved by the LA/LBUA region, and any such equipment, product, service or activity not so compliant shall be not eligible for funding by this Subaward. If Subrecipient requests advance payment of Subaward funds, Subrecipient shall comply with, and provide evidence to the City of compliance with, the criteria and obligations related to the use of advance payments as set forth in 2 CFR §200.305 as well as satisfying any other City and CalOES requirements for advance payments.

Such documentation shall be prepared at the sole expense and responsibility of Subrecipient, and the City and the Subaward will not reimburse the Subrecipient for any costs incurred for such preparation. The City reserves the right to request additional supporting documentation to substantiate costs incurred at any time. Inaccurate and/or incomplete Reimbursement Requests shall be returned to Subrecipient for revision.

Final Reimbursement Requests for this Subaward must be received by the City no later than One Hundred Twenty (120) days prior to the end of the Term to allow the City sufficient time to complete close-out activities for this Subaward (the "Reimbursement Deadline"). Any Reimbursement Request submitted after the Reimbursement Deadline shall be rejected unless approved by the Mayor's Office in advance of the Reimbursement Deadline. After the Reimbursement Deadline, any unexpended Subaward funds may be re-directed to other needs across the LA/LBUA region. The City will notify Subrecipient, in writing, when unexpended Subaward funds may be re-directed.

- H. Subrecipient acknowledges that the City makes no commitment to disburse Subaward funds beyond the terms set forth herein and that funding for all periods during the Subaward Term is subject to the continuing availability to the City of federal funds for this Subaward from CalOES and the Federal awarding agency. This Agreement may be terminated immediately upon written notice to Subrecipient of any loss or reduction of Subaward funds.

Subrecipient shall not represent or otherwise hold out itself or any of its directors, officers, partners, employees, or agents to be an agent or employee of the City by virtue of this Agreement.

§3.2 Construction of Provisions and Titles Herein

All titles, subtitles, or headings in this Agreement have been inserted for convenience and shall not be deemed to affect the meaning or construction of any of the terms or provisions hereof. The language of this Agreement shall be construed according to its fair meaning and not strictly for or against either party. The word "Subrecipient" herein and in any amendments hereto includes the party or parties identified in this Agreement. The singular shall include the plural. If there is more than one Subrecipient as identified herein, unless expressly stated otherwise, their obligations and liabilities hereunder shall be joint and several. Use of the feminine, masculine, or neuter genders shall be deemed to include the genders not used.

§3.3 Applicable Law, Interpretation and Enforcement

2 Each party's performance hereunder shall comply with all applicable laws of the United States of America, the State of California, the County and City of Los Angeles, including but not limited to, laws regarding health and safety, labor and employment, wage and hours and licensing laws which affect employees. This Agreement shall be enforced and interpreted under the laws of the State of California without regard to conflict of law principles. Subrecipient shall comply with new, amended, or revised laws, regulations, and/or procedures that apply to the performance of this Agreement.

3 In any action arising out of this Agreement, Subrecipient consents to personal jurisdiction, and agrees to bring all such actions, exclusively in state and federal courts located in Los Angeles County, California.

4 If any part, term or provision of this Agreement shall be held void, illegal, unenforceable, or in conflict with any law of a federal, state or local government having jurisdiction over this Agreement, the validity of the remaining parts, terms or provisions of this Agreement shall not be affected thereby.

§3.4 Integrated Agreement

This Agreement sets forth all of the rights and duties of the parties with respect to the subject matter hereof, and replaces any and all previous agreements or understandings, whether written or oral, relating thereto. This Agreement may be amended only as provided for herein.

§3.5 Excusable Delays

5 In the event that performance on the part of any party hereto shall be delayed or suspended as a result of circumstances beyond the reasonable control and without the fault and negligence of said party, none of the parties shall incur any liability to the other parties as a result of such delay or suspension. Circumstances deemed to be beyond the control of the parties hereunder shall include, but not be limited to, acts of God or of the public enemy; insurrection; acts of the Federal Government or any unit of State or Local Government in either sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes, freight embargoes or delays in transportation; to the extent that they are not caused by the party's willful or negligent acts or omissions and to the extent that they are beyond the party's reasonable control.

§3.6 Breach

6 Except for excusable delays as described in §3.5 herein, if any party fails to perform, in whole or in part, any promise, covenant, or agreement set forth herein, or should any representation made by it be untrue, any aggrieved party may avail itself of all rights and remedies, at law or equity, in the courts of law. Said rights and remedies are cumulative of those provided for herein except that in no event shall any party recover more than once, suffer a penalty or forfeiture, or be unjustly compensated.

§3.7 Prohibition Against Assignment or Delegation

7 Subrecipient may not, unless it has first obtained the written permission of the City:

- A. Assign or otherwise alienate any of its rights hereunder, including the right to payment; or
- B. Delegate, subcontract, or otherwise transfer any of its duties hereunder.

§3.8 Indemnification

8 Each of the parties to this Agreement is a public entity. In contemplation of the provisions of Section 895.2 of the Government Code of the State of California imposing certain tort liability jointly upon public entities, solely by reason of such entities being parties to an Agreement as defined by Section 895 of said Code, the parties hereto, as between themselves, pursuant to the authorization contained in Sections 895.4 and 895.6 of said Code, will each assume the full liability imposed upon it or upon any of its officers, agents, or employees by law, for injury caused by a negligent or wrongful act or omission occurring in the performance of this Agreement, to the same extent that such liability would be imposed in the absence of Section 895.2 of said Code. To achieve the above-stated purpose, each party indemnifies and holds harmless the other party solely by virtue of said Section 895.2. The provision of Section 2778 of the California Civil Code is made a part hereto as if fully set forth herein. Subrecipient certifies that it has adequate self-insured retention of funds to meet any obligation arising from this Agreement.

- A. Pursuant to Government Code Sections 895.4 and 895.6, the parties shall each assume the full liability imposed upon it, or any of its officers, agents or employees, by law for injury caused by any negligent or wrongful act or omission occurring in the performance of this Agreement.
- B. Each party indemnifies and holds harmless the other party for any loss, costs, or expenses that may be imposed upon such other party by virtue of Government Code section 895.2, which imposes joint civil liability upon public entities solely by reason of such entities being parties to an agreement, as defined by Government Code section 895.
- C. In the event of third-party loss caused by negligence, wrongful act or omission by both Parties, each party shall bear financial responsibility in proportion to its percentage of fault as may be mutually agreed or judicially determined. The provisions of Civil Code Section 2778 regarding interpretation of indemnity agreements are hereby incorporated.

§3.9 Subcontractor Assurances

Subrecipient shall contractually obligate all of its contractors, subcontractors and vendors funded by Subaward funds as may be required to ensure that Subrecipient can comply with all of the Requirements and other provisions of this Agreement.

§3.10 Remedies for Noncompliance

9 Subrecipient acknowledges and agrees that, in the event Subrecipient fails to comply with the terms and conditions of this Agreement or with any Requirements referenced in Section 2.1 above, the Federal awarding agency, CalOES or the City shall have the right to take one or more of the actions set forth in 2 CFR §200.338. Such actions may include, without limitation, the withholding of cash payments, suspension and/or termination of the Subaward, and the disallowing of certain costs incurred under the Subaward. Any costs incurred by Subrecipient during a suspension or after termination of the Subaward shall not be considered allowable under the Subaward unless allowed under 2 CFR §200.342. Subrecipient shall be liable to the Federal awarding agency, CalOES and the City for any Subaward funds the Federal awarding agency or CalOES determines that Subrecipient used in violation of any Requirements reference in Section 2.1 above, and Subrecipient shall indemnify and hold harmless the City for any sums the Federal awarding agency or CalOES determines Subrecipient used in violation of such Requirements.

§3.12 Amendments

10 Any change in the terms of this Agreement, including the performance period of the Subaward and any increase or decrease in the amount of the Subaward, which are agreed to by the City and Subrecipient shall be incorporated into this Agreement by a written amendment properly executed and signed by the person authorized to bind the parties thereto.

§3.13 Complete Agreement

This Agreement sets forth all of the rights and duties of the parties with respect to the subject matter hereof, and replaces any and all previous agreements or understandings, whether written or oral, relating thereto. This Agreement may be amended only as provided for herein and neither verbal agreement nor conversation with any officer or employee of either party shall affect or modify any of the terms and conditions of this Agreement.

This Agreement may be executed in one or more counterparts, and by the parties in separate counterparts, each of which when executed shall be deemed to be an original but all of which taken together shall constitute one and the same agreement.
