**Comments for Public Posting:** Our city's history is vital and essential. Please don't let anyone take our history away from us. Marilyn Monroe is a huge part of the fabric of our community. She represents our heritage and the heritage of our film community. Her home, the place where she lived and died, is an essential part of our history. Protect it.

**Comments for Public Posting:** I am writing to express my strong support for designating the Marilyn Monroe Residence in Brentwood as a Historic-Cutrual Nomination Monument (HCM). This 1929 Spanish Hacienda-style house holds significant cultural and historical value and should be protected from developers as well as owners who seek to destroy yet another historic and iconic piece of the city's history. Los Angeles has lost countless architectural treasures over the years and it is imperative that what we have left is well protected.

**Comments for Public Posting:** I support the HCM designation of this Brentwood property. It is significant for its association with Marilyn Monroe, an international icon. The city is fortunate to retain a resource that conveys this association and it must be protected from demolition. Thank you.

**Comments for Public Posting:** Nothing represents Hollywood more than Marilyn Monroe. With the city landscape changing so quickly, those of us who love Los Angeles for all of its incredible history fear it will soon be forgotten. The new generation doesn't feel connected to the past, or at least feel the importance of keeping the roots of the city alive. We fear with technology being top priority in most people's lives, special houses and buildings that make Los Angeles unique will soon disappear. We know every important historic building can't be saved, but this is something very special. Allowing Marilyn's vintage house to be changed, or demolished, where she took her last breaths, feels like a death upon a death. It's so vital to keep her star alive and her last resting place. We beg you to reconsider and pay the ultimate tribute to the Queen of Hollywood. After all these years people still come from around the world to honor her, so let's honor her the way she deserves. Most sincerely, Lesley Goldberg

**Comments for Public Posting:** Preservation of culture is our last thread to our past. This is Los Angeles and this home is part of the city's culture and history. It's more than preserving a building, it's preserving memories.

**Comments for Public Posting:** It's absurd that this historic building isn't protected from demolition. The charm of this city is constantly being erased because wealthy people seemingly get to do whatever they want at the expense of everyone else. Save architecture. Preserve Los Angeles. Ensure this house isn't tragically lost to history. Thank you.

**Comments for Public Posting:** I support the classification of the Marilyn Monroe House as a HCM. We cannot allow developers to continue to erase our shared history and cultures. Marilyn is a cultural icon with impact the world over. It should be marked where she lived as a part of our city.

**Comments for Public Posting:** Dear City Council Members, I am writing in regard to the historic designation for Marilyn Monroe's former home. Los Angeles is a city built on many histories, and in recent years those histories, in the form of architecture, are rapidly vanishing. A city is both its future and its past, and to preserve its past is to make its future richer. It gives the city's citizens anchors for a sense of identity. I respectfully ask that you designate the Marilyn Monroe Residence a Historic-Cultural Monument (HCM). Thank you for your consideration, Kim Fay

**Comments for Public Posting:** I went to the same school as Marilyn Monroe, grew up in Sawtelle. Too many of our historic places have been erased in the name of progress. Please don't condone a terrible mistake.
