A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enable by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website.Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Councils rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Impact Information
Date: 08/22/2024
Update to a Previous Input: No
Directed To: City Council and Committees
Council File Number: 24-0602
City Planning Number:
Agenda Date:
Item Number:
Summary: The Venice Neighborhood Council Board votes to support the Los Angeles City Council File #24-0602 in transitioning away from the future use of synthetic turf or artificial grass and incentivize drought-friendly landscaping. The artificial turf surface sheds microplastics and the runoff it causes can become contaminated with PFAS and pollute our drinking water and oceans. Artificial turf cannot be recycled and will end up in the landfill, continuing to pollute the environment. In addition, it off-gasses ethylene and methane contributing to the climate crisis, unlike real grass and other

plants. Nothing lives in artificial turf. It also kills the soil and the living organisms in it, removing natural habitat. It is safer and more cost effective to use grass for playing fields rather than substituting artificial turf.
