Comments for Public Posting: I sorry these motions More mandatory driver and POLICE education on cyclist rights on the road. So many drivers and police don't know the laws and this emboldens dangerous behavior that kills and injures cyclists. Information campaigns and ticket campaigns to inform and enforce new laws that protect cyclists like the wonderful new move over law that went into effect I think ppl should have to complete an online module to update your license each year and it will have questions regards to new laws that have passed

Comments for Public Posting: Please support this motion to improve cyclist safety. I commute to work by bicycle and am deeply afraid of the risk of death or injury it currently entails.
