Subject: You would be an idiot if you raised the minimum wage.

Honorable Los Angeles City Council President Harris-Dawson,

CA needs to match the federal minimum wage at \$7.25/hr. Anything more increases inflation, prices on goods and services, destroys jobs, increases layoffs. Stop embracing retard liberal ideas. Please use common sense. Overall CA is a retard state that does not use logic or rational thinking to increase the quality of life an economic opportunity. CA government is a Kleptocracy its designed and built to steal from taxpayers and keep them broke, funding the bureaucracy so they don't have to work. Thx, PM

Councilmember Bob Blumenfield,

Thank you for voting YES on the Olympic Wage for hospitality workers. This would update our current living wage laws to require that airport and hotel workers are paid \$30/hr by the

Olympics, and have increased access to family health care and worker protections.

Councilmember Bob Blumenfeld,

Thank you for voting No on the Olympic Wage for hospitality workers. If only 4 the olympics, maybe, but only for the Olympics.. As permanently \$30 an crazy. McDonald's is wanting to leave California \$20 an hour. A \$7 combo is now 20 bucks.

And you are making it impossible for business to stay in business in California this is ludicrous. The Prices go higher when employers have 2 pay ridiculous wages like \$30 an hour they either over charge the community 4 goods or are forced out of business. Whether it be a hotel and airport, a restaurant. Or even stores grocery stores. Especially where do you think the extra \$10 to \$15 is coming from? It's coming from the consumer who already has everything so high?

It's hard to afford groceries. I went to store the other day and I bought a handful of items not even enough to fill a bag and it was \$40. You cannot pass that bill. You cannot put California in the ground and Berry, not only the consumer, but also the vendors. This is a form of death to California and all the glory. When you put the vendors out of business, where are your constituents going to find a job? Then \$30 an hour is not such a great wage and they'll wish they were making 15 to 20 an hour. This bill will kill California. DO

NOT !!! pass it. California was once known to be the best state to live in. Now we've become a joke this bill will mane California More of a joke than we already are, this is a crazy bill & should a NOT be passed. We do need.

Health care, but it has to be reasonable requirements. Because when you overload an employer, they start laying people off. I don't know if this is s nation wide. Or if this is just California, but California has a lot to learn because you were destroying your constituents. This is a great way 4 you to be voted out as you are destroying business that employ your constituents, and you will be causing you are constituents. To lose employment then thanks 2 you there will be even more homeless as thanks 2 yoy business either leave California or go out of business!!! Restaurants, motels, hotels will go out of business because of this bill. Then where will your constituents be without a job because you pass a bill that causes business 2 leave CA or go out of business? Thanks to you and this crazy bill.

You're supposed to be protecting us and you're not doing a very good job. Higher wages makes it impossible for elderly people to get help when they need it and they have to pay out-of-pocket again. This is ludicrous because this will make California prices skyrocket and then you're gonna blame it on Trump when it's your fault, because you're raising wages to degrees that are totally unafordable. The cost of business by raising up wages anywhere from \$10 to \$15 more an hr it's a l it is a Great way to sink california into nothing. When enough business leave a state the dies & becomes a ghost town. Is that what you are trying 2 do 2 CA?!?!?

Subject: Tourism Workers Deserve to Rise! (File # 14-1371-S1)

Councilmember Hugo Soto-Martinez,

Thank you for voting YES on the Olympic Wage for hospitality workers. This would update our current living wage laws to require that airport and hotel workers are paid \$30/hr by the Olympics, and have increased access to family health care and worker protections. Living in this

city gets more expensive every year and it's getting harder and harder to keep up. Better living wages mean better service. Do us all a favor and help out the little guys so that everything can run smoother.

Councilmember Katy Yaroslavsky,

Thank you for your support for the Olympic Wage. While the tourism industry is poised to continue to grow as Los Angeles gears up to host the 2026 World Cup, 2028 Olympic and Paralympic Games, and other mega-events, wages remain insufficient for tourism workers to continue to live in Los Angeles and surrounding cities as the region grapples with an unprecedented housing and healthcare affordability crisis.

Thank you for voting for higher wages and benefits for tourism workers!

Councilmember Hugo Soto-Martinez,

Thank you for your support for the Olympic Wage. While the tourism industry is poised to continue to grow as Los Angeles gears up to host the 2026 World Cup, 2028 Olympic and Paralympic Games, and other mega-events, wages remain insufficient for tourism workers to continue to live in Los Angeles and surrounding cities as the region grapples with an unprecedented housing and healthcare affordability crisis.

Thank you for voting for higher wages and benefits for tourism workers!

I urge you to vote for higher wages and benefits for tourism workers. And I am not alone: the Tourism Workers Rising coalition of over 150 community organizations and 360 small businesses across Los Angeles is urging city leaders to vote yes on this strong policy that will improve the lives of thousands of tourism workers.

Heed their call and vote for the Olympic Wage for hospitality workers this time.

Honorable Los Angeles City Council President Harris-Dawson,

Thank you for your support for the Olympic Wage, Council President. The whole country is struggling with a high cost of living and wages that are not matching what it takes to simply live. We all are rooting for Los Angeles right now, which is leading the way.

Thank you for standing with workers.
