A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Summary: The North Hollywood Northeast Neighborhood Council strongly supports the proposed action in Council File 24-0925 to direct "the Department of Transportation to begin enforcement of all Oversize Vehicle Restricted Areas in the City in 30 days." Our points are as follows: Although our Neighborhood Council recognizes the COVID-19 pandemic required many emergency actions, they were intended to be temporary. Unfortunately, although the emergency orders have been lifted, many of the parking restrictions are not being enforced. We remind the Council to consider the impact on

all stakeholders in its decisions regarding Oversize Vehicle Restricted Areas (OVRA). These areas were chosen to assist in the safety of all Angelenos. Consistent enforcement of ordinances and laws as supported by the following statement in the motion: "Having posted signs restricting parking without enforcement leads to frustration in communities and further erodes trust in the City." We believe that CF-24-0925 will support our stakeholders and their want for clear and consistent parking enforcement from the City, and commend Councilperson Rodriguez for proposing the council file.
